NOTES TO THE ABBREVIATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 APRIL 2003

1. ACCOUNTING POLICIES

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements:

(a) Basis of preparation of financial statements

The financial statements have been prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002) and on a going concern basis as in the opinion of the directors, this is an appropriate basis to show a true and fair view of the state of affairs of the company at the balance sheet date. No material adjustment, including additional liabilities, would arise if an alternative basis were to be adopted.

(b) Foreign currencies

Transactions denominated in foreign currencies are translated into sterling and recorded at the rate of exchange ruling at the date of the transaction. Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Exchange differences are taken into account in arriving at the operating result.

(c) Deferred taxation

Deferred tax arises as a result of including items of income and expenditure in taxation computation in periods different from those in which they are included in the company's accounts. Deferred tax is provided in full on timing differences which result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.

Deferred tax is not provided on timing differences arising from the revaluation of fixed assets where there is no commitment to sell the asset.

(d) Consolidated accounts

No consolidated accounts have been prepared for Precis (1080) Limited since it is a wholly-owned subsidiary of another company incorporated in the United Kingdom.
