Statement of directors' responsibilities

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company and of the profit or loss for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue in business.

In so far as the Directors are aware;

- there is no relevant audit information of which the company's auditors are unaware; and
- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Group and to prevent and detect fraud and other irregularities.

REPORT OF THE INDEPENDENT AUDITOR TO THE MEMBERS OF THE FEATURE FILM COMPANY LIMITED

We have audited the financial statements of The Feature Film Company Limited for the year ended 31 March 2006 which comprise the principal accounting policies, the profit and loss account, the balance sheet and notes 1 to 15. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with Section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

The directors' responsibilities for preparing the Annual Report and the financial statements in accordance with United Kingdom law and Accounting Standards (United Kingdom Generally Accepted Accounting Practice) are set out in the Statement of Directors' Responsibilities. Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view, whether they are properly prepared in accordance with the Companies Act 1985 and whether the information given in the Directors' Report is consistent with the financial statements. We also report to you if, in our opinion, the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and other transactions is not disclosed.

We read other information contained in the Annual Report, and consider whether it is consistent with the audited financial statements. This other information comprises the directors' report. We consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements. Our responsibilities do not extend to any other information.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion:

- the financial statements give a true and fair view, in accordance with United Kingdom Generally Accepted Accounting Practice, of the state of the company's affairs as at 31 March 2006 and of the loss for the year then ended;
- the financial statements have been properly prepared in accordance with the Companies Act 1985; and
- the information given in the Directors' Report is consistent with the financial statements for the year ended 31 March 2006

Notes

(forming part of the financial statements)

1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements.

Basis of preparation

The financial statements have been prepared in accordance with applicable accounting standards, under the historical cost convention and on the going concern basis which the directors believe to be appropriate for the following reasons. The company is dependent for its working capital on funds provided to it by ContentFilm plc, the company's ultimate holding undertaking. ContentFilm plc has indicated that for at least 12 months from the date of approval of these financial statements, it will continue to make available such funds as are needed by the company and in particular will not seek repayment of the amounts currently made available. This should enable the company to continue in operational existence for the foreseeable future by meeting its liabilities as they fall due for payment. As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so.

Stocks

Stocks are stated at the lower of costs and net realisable value. In determining the cost of film and television project inventory, cost is taken as direct costs incurred for the production of or the acquisition of sales rights for film and television projects less any foreseeable losses. Where the Company acts fundamentally in the management of an individual film production, attributable overhead is also included in the cost of film inventory. Interest on any loans taken out to fund specific production costs is capitalised until the date of completion. Film and television project inventory is appraised at each balance sheet date on a project by project basis and is amortised over a maximum amortisation period of ten years. In respect of the maximum amortisation period of ten years and the resultant carrying value at each balance sheet date due regard is given to the requirement for current assets to be held at the lower cost and net realisable value. Net realisable value is calculated on a project by project basis having regard to the present value of estimated sales less further costs of completion and unrecoupable sales expenses.

Film and Video promotion and distribution expenditure

Promotion and distribution expenditure is carried forward as work in progress to the extent that the expenditure is fully recoverable against future revenue from that release.

Income recognition

Non-refundable licensing agreement advances, guarantees and subsequent royalties are accounted for on a receivable basis. Income from the sale of a share in intellectual property rights is recognised on a receivable basis when the sale becomes unconditional.

Taxation

The charge for taxation is based on the loss for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes.

Deferred tax is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date, except as otherwise required by FRS 19.

Cash flow statement

A cash flow statement has not been prepared because the company is a wholly owned subsidiary of ContentFilm plc and the financial statements of that company contain a consolidated cash flow statement dealing with the cash flows of its group.

1 Accounting policies (continued)

Related party disclosures

Under Financial Reporting Standard 8, the company is exempt from the disclosure of transactions with other group undertakings on the grounds that it is a wholly owned subsidiary of ContentFilm plc and its results are included in the consolidated financial statements of that company.

2 Turnover

Turnover, which excludes value added tax, represents fees generated for distribution and promotional services carned and is principally derived in the UK.

3 Loss on ordinary activities before taxation

	2006 £	2005 £
Foreign exchange (loss)/gain	166	(24)

Audit fees are borne by a fellow group company.

4 Staff numbers and costs

The average number of persons (including directors) employed by the company during the year was 1 (2005: 3). Staff costs have been borne by a fellow subsidiary undertaking.

5 Directors' Emoluments

None of the directors received any remuneration from the company during the year (2005: nil).
