STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE ACCOUNTS

Company law requires the directors to prepare accounts for each financial year which give a true and fair view of the state of affairs of the company and of the profit of the company for that period. In preparing those accounts, the directors are required to:-

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the accounts;
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the accounts of the company and to enable them to ensure that the accounts comply with the Companies Act. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

ELERNST & YOUNG

REPORT OF THE AUDITORS to the members of Farm Place Limited

We have audited the accounts on pages 6 to 11 which have been prepared under the historical cost convention and on the basis of the accounting policies set out on page 8.

Respective responsibilities of directors and auditors

As described on page 4 the company's directors are responsible for the preparation of the accounts. It is our responsibility to form an independent opinion, based on our audit, on these accounts and to report our opinion to you.

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the accounts. It also includes an assessment of significant estimates and judgements made by the directors in the preparation of the accounts, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the accounts are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the accounts.

Opinion

In our opinion the accounts give a true and fair view of the state of affairs of the company as at 30 June 1994 and of the profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

NOTES TO THE ACCOUNTS

at 30 June 1994

1. ACCOUNTING POLICIES

Accounting convention

The accounts are prepared under the historical cost convention.

Depreciation

Depreciation is provided on all tangible fixed assets, other than freehold property, at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life, as follows:

Leasehold property

- over the lease term

Motor vehicles

- over 4 years

Furniture and fittings

- over 7 years

It is the directors' opinion that it is unnecessary to provide for depreciation on freehold property where the estimated remaining life exceeds 50 years, as it is the company's policy to maintain its property in good condition so as to prolong its useful life and to preserve trading levels. Accordingly the residual value of freehold property will not be less than its respective book amount. Costs of repair and maintenance are charged against revenue in the year in which they are incurred.

Stocks

Stocks are stated at the lower of cost and net realisable value.

Deferred taxation

Provision is made for deferred taxation, using the liability method, in respect of timing differences except where the tax is unlikely to become payable in the foreseeable future.

Turnover

Turnover represents amounts invoiced to third parties, not of value added tax.

Turnover is attributable to one activity, the provision of rehabilitation service to alcoholics and drug users, and all arises in the United Kingdom.
