1. Accounting policies

Basis of preparation

These financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") and International Financial Reporting Interpretations Committee ("IFRIC") interpretations, as adopted for use in the EU. In addition the financial statements have been prepared in accordance with those parts of the Companies Act 2006 applicable to companies reporting under IFRS. The financial statements have been prepared using historical cost principles except that, as disclosed in the accounting policies below, certain items are measured at fair value.

The Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Consolidated financial statements

In accordance with s400 of the Companies Act 2006, consolidated financial statements have not been prepared as the Company and its subsidiaries are included in the group financial statements of mmO2 Group

Investments

Investments are stated at cost less provision for impairment. An impairment loss is recognised for the amount by which the investments carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an investment's fair value less costs to sell and value in use.

Trade and other receivables

Trade and other receivables are carried at original invoice amount less provision for doubtful debts. A provision for doubtful debts is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of the receivables. Provisions are made based on an analysis of balances by age, previous losses experienced, disputes and ability to pay. The amount of the provision is the difference between the carrying amount and the present value of estimated future cash flows. Changes in the provision against receivables are recognised in the income statement within cost of goods sold.

Borrowings

Borrowings are recognised initially at fair value. Subsequent to initial recognition, borrowings are stated at amortised cost with any difference between the cost and the redemption value being recognised in the income statement over the period of the borrowings on an effective interest basis. Accrued interest on borrowings is included within the carrying value.

Functional currency

The financial statements are presented in sterling, which is also the company's functional currency.

2. Directors emoluments and employees

None of the Directors received any emoluments in respect of their services to the Company for the year ended 31 December 2014 (31 December 2013: £nil). The Company had no employees in the current or prior year.

3. Share capital

	31 December 2014	31 December 2013
	£	£
<i>Issued</i>		
7,500 Ordinary shares of £1 each	<u>7,500</u>	<u>7,500</u>

The Company has one class of issued share capital, comprising ordinary shares of £1 each. Subject to the Company's articles of association, and applicable law, the Company's ordinary shares confer on the holder the right to receive notice of and vote at general meetings of the Company, the right to receive any surplus assets on a winding up of the Company and an entitlement to receive any dividend declared on ordinary shares but no right to redemption of shares.

Capital management

The Company's capital comprises share capital and retained earnings.

The Company's objectives when managing capital are to safeguard the Company's ability to continue to operate as a going concern, to maintain optimal capital structure commensurate with risk and return and to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may pay dividends to its shareholder, return capital to its shareholder, issue new shares or sell assets to reduce debt or draw down more debt.

4. Financial risk factors and management

The principal financial risks of the Company and how the Company managed these risks are discussed below.

Liquidity risk

Management of the Company's liquidity risk is achieved mostly through being a part of the larger Telefónica group, which operates group wide policies in this area.

Fair value of financial instruments

The carrying value and fair value of the Company's financial assets and financial liabilities are not deemed to be materially different at 31 December 2014 and 31 December 2013.

5. Parent company and controlling party

At the end of the year, the immediate parent company was Cellphones Direct Limited. The ultimate parent company and controlling party was Telefónica, S.A., a company incorporated in Spain. Copies of the financial statements of Telefónica, S.A. may be obtained from its registered office at Gran Vía 28, Madrid, Spain.
