Notes to the Financial Statements

Year ended 31 December 2019

1. General information

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is 173 Cleveland Street, London, W1T 6QR.

2. Statement of compliance

These financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Deferred tax

A deferred tax asset or liability is recognised for tax recoverable or payable in future periods in respect of transactions and events recognised in the financial statements of current and previous periods.

Deferred tax arises from timing differences that are differences between taxable profits and total comprehensive income as stated in the financial statements. Timing differences result from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements.

Deferred tax is recognised on all timing differences at the reporting date apart from certain exceptions. Unrelieved tax losses and other deferred tax assets are only recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date and that are expected to apply to the reversal of the timing differences. Deferred tax relating to land and investment properties that is measured at fair value is measured using the tax rates and allowances that apply to the sale of the asset.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Turnover

Turnover represents profit share, interest and management fees receivable during the year, exclusive of value added tax where applicable.

4. Employee numbers
