ANASTASIA LIGHTING LIMITED

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 30 APRIL 2020

1. General information

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is 35 Westgate, Huddersfield, HD1 1PA.

2. Statement of compliance

These financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis. The financial statements are prepared in sterling, which is the functional currency of the entity.

Revenue recognition

Turnover is measured at the fair value of the consideration received or receivable for goods supplied and services rendered, net of discounts and Value Added Tax. Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have transferred to the buyer (usually on despatch of the goods); the amount of revenue can be measured reliably; it is probable that the associated economic benefits will flow to the entity; and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

Taxation

The taxation expense represents the aggregate amount of current and deferred tax recognised in the reporting period. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, tax is recognised in other comprehensive income or directly in equity, respectively. Current tax is recognised on taxable profit for the current and past periods. Current tax is measured at the amounts of tax expected to pay or recover using the tax rates and laws that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognised in respect of all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

Foreign currencies

Transactions in foreign currencies are translated at the exchange rate ruling at the date of the transaction. Monetary assets and liabilities in foreign currencies are translated at the rates of exchange ruling at the balance sheet date. Any exchange differences are dealt with through the profit and loss account.

Operating leases

Lease payments are recognised as an expense over the lease term on a straight-line basis. The aggregate benefit of lease incentives is recognised as a reduction to expense over the lease term, on a straight-line basis.

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its residual value, over the useful economic life of that asset as follows:

Fixtures, fittings and equipment	-	20% straight line
Motor vehicle	-	25% reducing balance

Stocks

Stocks are stated at the lower of cost and net realisable value.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

4. Employee numbers

The average number of persons employed by the company during the year amounted to 2 (2019: 2).

5. Tangible assets

	Fixtures, fittings and equipment £	Motor vehicle £	Total £
Cost			
At 1 May 2019	20,029	16,995	37,024
Additions	898	—	898
	-----	-----	-----
At 30 April 2020	20,927	16,995	37,922
	-----	-----	-----

11. Operating leases

The total future minimum lease payments under non-cancellable operating leases are as follows:

	2020	2019
	£	£
Not later than 1 year	—	3,200

12. Related party transactions

During 2010 the company sold its freehold property to a pension scheme, of which one of the directors is a beneficiary, at market value. The company now leases the property from this pension scheme at an annual rent of £7,906 (2019: £8,000). The company ceased to rent the premises on 31 March 2020. Transactions with directors The directors' loan account of £9,166 (2019: £52,642) included in creditors is unsecured, interest free and repayable on demand. Control The company is controlled by the directors.

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
