C. FUTURE DEVELOPMENTS

The company did not trade actively during this financial year, however the directors have continued to seek to new opportunities and markets in which it operates profitable in future

The company will continue to pay due attention to and give full consideration to measure necessary to ensure, that the company is in a good position to exploit any of the new opportunities that have emerged from its ongoing operations in the recent years, and equally take advantage of new opportunities that hold viable prospects

D. FINANCIAL CONSIDERATIONS

The company's trading account for the year shows no profit or losses due to inactivity caused by the temporary absence of the directors

The company will continue to seek investments from institutional investor and development agencies to the opportunities already identified in the early years of its life

In view of the above considerations, the directors have decided not to recommend payment of any dividend or make any provisions or transfers to reserve for the year, but to be deferred until it is deemed prudent to do so

Over the previous years, there were no significant changes in the level of fixed assets held by the company

During the year, no shares or debentures were issued, and there is no arrangement for any directors to acquire shares or debentures

The issues of debenture and any other form of equity ownership or participation will be considered at the auspicious time, when the fortunes of the company have changed to improve its prospects and profitability

Further, no major contracts exist between directors and the company, apart from normal service contracts

E. OTHER ISSUES

The company is aware of the other legislative issues such as the Employment Disability and Health & Safety and Data Protection Acts, the directors will ensure that the requirements of these are complied with
