CHARTERED ACCOUNTANTS REPORT TO THE DIRECTOR ON THE PREPARATION OF THE UNAUDITED STATUTORY ACCOUNTS OF CENTRE POINT SOFTWARE LIMITED

YEAR ENDED 31 MARCH 2014

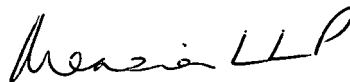

In order to assist you to fulfil your duties under the Companies Act 2006, we have prepared for your approval the abbreviated accounts of Centre Point Software Limited for the year ended 31 March 2014 as set out on pages 2 to 4 from the company's accounting records and from information and explanations you have given us.

As a practising member firm of the Institute of Chartered Accountants in England and Wales (ICAEW), we are subject to its ethical and other professional requirements which are detailed at icaew.com/regulations.

This report is made solely to the director of Centre Point Software Limited in accordance with the terms of our engagement letter. Our work has been undertaken solely to prepare for your approval the abbreviated accounts of Centre Point Software Limited and state those matters that we have agreed to state to him in this report in accordance with AAF 02/10 as detailed at icaew.com/compilation. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than Centre Point Software Limited and its director for our work or for this report.

It is your duty to ensure that Centre Point Software Limited has kept adequate accounting records and to prepare statutory abbreviated accounts that give a true and fair view of the assets, liabilities, financial position and profit of Centre Point Software Limited. You consider that Centre Point Software Limited is exempt from the statutory audit requirement for the year.

We have not been instructed to carry out an audit or a review of the abbreviated accounts of Centre Point Software Limited. For this reason, we have not verified the accuracy or completeness of the accounting records or information and explanations you have given to us and we do not, therefore, express any opinion on the statutory abbreviated accounts.

NOTES TO THE ABBREVIATED ACCOUNTS

YEAR ENDED 31 MARCH 2014

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

The turnover shown in the profit and loss account represents amounts receivable for goods and services provided during the year in the normal course of business, net of trade discounts, VAT and other sales and related taxes.

Amortisation

Amortisation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Goodwill - 25% straight line

Fixed assets

All fixed assets are initially recorded at cost.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Fixtures & Fittings - 25% reducing balance
Equipment - 25% reducing balance

Stocks

Stock is stated at the lower of cost and estimated net realisable value. Cost is determined on a first-in first-out basis.

Pension costs

The company has entered into pension fund arrangements for the benefit of its director and certain employees. Contributions made by the company and its employees are administered by trustees in a fund independent from the company's assets.

Contributions, which are expected to cover the cost of benefits arising from the current services of employees are charged to the profit and loss account as incurred.

Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Where the contractual obligations of financial instruments (including share capital) are equivalent to a similar debt instrument, those financial instruments are classed as financial liabilities. Financial liabilities are presented as such in the balance sheet. Finance costs and gains or losses relating to financial liabilities are included in the profit and loss account. Finance costs are calculated so as to produce a constant rate of return on the outstanding liability.

Where the contractual terms of share capital do not have any terms meeting the definition of a financial liability then this is classed as an equity instrument. Dividends and distributions relating to equity instruments are debited direct to equity.
