OUTCOME FOR CREDITORS

Secured creditors

As previously reported, Barclays Bank plc ("the Bank" and "Barclays") was owed £7,118,357 (before interest and charges) at the date of appointment. The debt related to facilities provided across a group of companies and is subject to various debentures and charges registered across the group. In addition to the principal indebtedness there is a further debt of £2,100,000 that the group has guaranteed.

Barclays have received £10,000 in respect of its fixed and floating charge from the Company. The overall outcome for the Bank will be determined by the total level of realisations across the group.

Preferential creditors

As previously reported, the Redundancy Payments Office ("RPO") has made a claim against this Company. The claim has been rejected and we are continuing to liaise with the RPO in respect of this matter. The issue will be resolved in the Liquidation.

Prescribed Part for unsecured creditors pursuant to Section 176A of the Act

To the best of our knowledge and belief, there are no unsatisfied floating charges created or registered on or after 15 September 2003 and, consequently, there is no net property as defined in Section 176A(6) of the Act and, therefore, no prescribed part of net property is available for distribution to the unsecured creditors

Unsecured creditors

Any return to the unsecured creditors is wholly dependent upon the realisation of the remaining land, buildings and profit share agreements held in other members of the group, which will all impact on the potential recovery from intercompany debtors

Exit from administration

As creditors are already aware from previous correspondence dated 17 August 2015, we have filed the Notice of move from administration to creditors' voluntary liquidation (Form 2 34B) with the Registrar of Companies. The Notice was registered by the Registrar on 24 August 2015 and consequently the Company is in creditors' voluntary liquidation with effect from the date of registration in accordance with paragraph 83(6) of Schedule B1 to the Act with the former administrators acting in the capacity as joint liquidators of the Company

SUMMARY OF ADMINISTRATORS' PROPOSALS, INCLUDING MAJOR AMENDMENTS TO AND DEVIATIONS FROM THEM

Proposals deemed approved under Rule 2.33(5) of the Insolvency Rules 1986

Purpose of the Administration

We are required to set out our proposals for achieving the purpose of the administration which in this context means one of the objectives specified in paragraph 3 of Schedule B1 to the Act as set out at Section 3 of this report above

For the reasons set out in this report, it is not reasonably practicable to achieve either of the objectives specified in sub-paragraph 3(1)(a) and 3(1)(b), because the Company ceased trading upon appointment and therefore, would be unable to enter into a Company Voluntary Arrangement and, at this stage, there is unlikely to be a return to any class of creditor other than the secured creditor

Consequently, the most appropriate objective to pursue in this case is that specified in subparagraph 3(1)(c), namely realising property in order to make a distribution to one or more secured or preferential creditors. Furthermore, we consider that pursuing this objective should not unnecessarily harm the interests of the creditors of the Company as a whole

The purpose of the Administration will be achieved by maximising the value of contractual debts and retentions, together with the recovery of other floating charge assets and then distributing the net proceeds to the secured creditor pursuant to its floating charge. The estimated return available through any of the intercompany debtors remains very uncertain due to the level of secured creditor debt that would first need to be repaid across the group

In order that the purpose of the administration may be fully achieved, we propose to remain in office as administrators in order to conclude the realisation of the Company's property and conclude the statutory duties

Following these events we propose to finalise distributions to the secured creditor

Exit from Administration

(1) Contingency plan - extending the administration

It is anticipated that due to the nature of the Company's assets, it may not be possible to finalise the administration as envisaged within one year of the date of our appointment. In particular, this situation will arise if we are not able to conclude the sale of the various shares and investments. Paragraph 76 of Schedule B1 to the Act provides that the appointment of an administrator shall cease to have effect at the end of the period of one year beginning with the date on which it takes effect. However, our term of office may be extended either by court order for a specified period or by consent of the creditors for a specified period not exceeding six months. It may therefore become necessary at some future time for us to seek creditor consent to extending the period of the administration for up to a further six months following the anniversary of our appointment in order to ensure that the objective of the administration can be fully achieved.

(2) Dissolution

On present information we consider that the Company will have insufficient property to enable a distribution to be made to unsecured creditors. Consequently, as soon as we are satisfied that we have fully discharged our duties as administrators and that the purpose of the administration has been fully achieved, we propose to implement the provisions of Paragraph 84 of Schedule B1 to the Act. Under these provisions, on the registration of a notice sent by us to the Registrar of Companies, our appointment as administrators ceases to have effect, and at the end of three months the Company will automatically be dissolved.

Where an administrator sends such a notice of dissolution to the Registrar of Companies, he must also file a copy of the notice with the court and send a copy to each creditor of the Company, and on application by any interested party the court may suspend or disapply the automatic dissolution of the Company

(3) Creditors' voluntary liquidation

Notwithstanding the above, in the unlikely event that there becomes, or is likely to become, sufficient funds to enable a distribution to the unsecured creditors then the Administrators do not have a general power to make a distribution to unsecured creditors and may only do so if the court gives permission. It is considered that the court will only grant such permission in exceptional circumstances where the normal course for making distributions to unsecured creditors in a voluntary liquidation is inappropriate. Additionally, there may be matters for enquiry concerning a company's affairs which are not within the scope of an administrator's powers and which can only be properly dealt with by a liquidator.

Consequently, as soon as we are satisfied that we have fully discharged our duties as administrators and that the purpose of the administration has been fully achieved, we propose to implement the provisions of Paragraph 83 of Schedule B1 to the Act whereby on the registration of a notice sent to the Registrar of Companies, our appointment as administrators shall cease to have effect and the Company will automatically be placed into creditors' voluntary liquidation Paragraph 83(7) provides

The liquidators for the purpose of the winding up shall be-

- (a) a person nominated by the creditors of the company in the prescribed manner and within the prescribed period, or
- (b) If no person is nominated under paragraph (a), the administrator

We confirm that as part of our proposals we propose that we act as joint liquidators in the subsequent winding up of the Company. Creditors may nominate a different person as the proposed liquidator provided that the nomination is made after the receipt of the proposals and before the proposals are approved. The appointment of a person nominated as liquidator takes effect by the creditors approval, with or without modification, of our proposals.

It is proposed that for the purpose of the winding up, any act required or authorised under any enactment to be done by the joint liquidators is to be done by all or any one or more of the persons for the time being holding office

(4) Contingency plan - unforeseen surplus funds

If (whether or not an extension to the period of administration actually becomes necessary) it ultimately transpires that there are indeed surplus funds enabling a distribution to the unsecured creditors, then unless the court makes an order permitting such a distribution on our application, we will issue revised proposals for consideration by creditors dealing with the most appropriate exit strategy from the administration in those circumstances

Pre-administration costs

In the period before Southern entered administration, we carried out work consisting of meetings with directors and funders to review options available to MPHL (and the wider group) and implementing a strategy to deal with the Group's financial position ("the Work") The Work was carried out pursuant to an agreement made between us and the directors and the secured creditors entered into on 21 February 2014 ("the Agreement")

In relation to this case, the Pre-administration costs are as follows

Our fees are in the total sum of £151 50 (plus VAT) There are no disbursements

The Pre-administration costs detailed above are unpaid. We are not seeking approval to recover these unpaid costs

Remuneration

We propose that the basis of our remuneration be fixed under Rule 2 106 of the Rules by reference to the time properly given by us (as administrators) and the various grades of our staff calculated at the prevailing hourly rates of Begbies Traynor (Central) LLP in attending to matters arising in the administration

These proposals contain a statement by us, in accordance with paragraph 52(1)(c) of Schedule B1 to the Act, that neither of the objectives specified in paragraph 3(1)(a) and (b) can be achieved in these circumstances, if there is no creditors' committee, or the committee does not make a determination, it is for each secured creditor and the preferential creditors of the Company to determine the basis of our remuneration under Rule 2 106 of the Rules. In the absence of an initial meeting of creditors (see section 11 Conclusion, below) and the establishment of a creditors' committee, our remuneration is fixed by the approval of the secured and preferential creditors in accordance with Rule 2 106 (5A)

Appendix 3 sets out our firm's hourly charge out rates and the time that we and our staff have spent in attending to matters arising in the administration since 4 March 2014

Disbursements

We propose that disbursements, including disbursements for services provided by our firm (defined as Category 2 disbursements in Statement of Insolvency Practice 9) be charged in accordance with our firms policy, details of which are set out at Appendix 3. These disbursements will be identified by us and subject to the approval of those responsible for determining the basis of our remuneration.

BEGBIES TRAYNOR CHARGING POLICY

INTRODUCTION

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance¹ requires that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm It also applies where payments are to be made to parties other than the firm, but in relation to which the office holder, the firm or any associate has an interest. Best practice guidance² indicates that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below.

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories

- Category 1 disbursements (approval not required) specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- Category 2 disbursements (approval required) items of expenditure that are directly related to the case which include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party
 - (A) The following items of expenditure are charged to the case (subject to approval)
 - Internal meeting room usage for the purpose of statutory meetings of creditors is charged at the rate of £100 (London £150) per meeting,
 - Car mileage is charged at the rate of 45 pence per mile,
 - Storage of books and records (when not chargeable as a Category 1
 disbursement) is charged on the basis that the number of standard archive boxes

¹ Statement of Insolvency Practice 9 (SIP 9) - Remuneration of insolvency office holders in England & Wales

² lbid 1

held in storage for a particular case bears to the total of all archive boxes for all cases in respect of the period for which the storage charge relates

- (B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a Category 1 disbursement:
 - Telephone and facsimile
 - · Printing and photocopying
 - Stationery
