The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007)

1.2 Turnover

Turnover comprises revenue recognised by the company in respect of goods and services supplied, exclusive of Value Added Tax and trade discounts

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is not charged on freehold land. Depreciation on other tangible fixed assets is provided at rates calculated to write off the cost of those assets, less their estimated residual value, over their expected useful lives on the following bases

Short- term leasehold land and buildings	-	Nil%
--	---	------

1.4 Investments

Investments held as fixed assets are shown at cost less provisions for their impairment

1.5 Operating leases

Rentals under operating leases are charged on a straight line basis over the lease term

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the period until the date the rent is expected to be adjusted to the prevailing market rate

1.6 Investment properties

The short term leasehold investment properties are included at open market value for existing use basis. Under the terms of S S A P 19, the company is precluded from providing depreciation in respect of these properties. This is a departure from the provisions of the Companies Act 1985, which requires that all properties be depreciated. However, as these properties are not held for consumption but for investment, the directors consider that to depreciate them would not give a true and fair view.
