Directors' report

For the year ended 31 December 1999

The directors present their report and financial statements for the year ended 31 December 1999.

Principal activities and review of the business

The principal activity of the company continued to be that of merchandisers of licensed products.

The company experienced difficult trading conditions in its core market. As a result, the company incurred a loss for the year and will incur a further loss in the following year. The directors have restructured and reorganised the business and are confident that it will return to profitablity during the year to 31 December 2001.

Results and dividends

The results for the year are set out on page 4.

The directors' recommend that no dividend be paid for the year (1998 - £nil).

Post balance sheet events

On 1 January 2001, the authorised share capital was increased from £100,000 to £1,000,000 by the creation of an additional 800,000 new ordinary shares of £1 each and 100,000 new ordinary B shares of £1 each. The new shares rank pari passu in all respects with the existing shares of the company. On the same date, Bravado Group Limited purchased 75,000 ordinary shares from the existing shareholders and subscribed for 100,000 ordinary B shares for cash at par, thus making the company an 87.5% subsidiary. Mr A E Crux has a material shareholding in Bravado Group Limited.

Directors

The following directors have held office since 1 January 1999:

D A Crux

A E Crux

P J King

Charitable contributions

During the year the company made charitable donations of £942 (1998 - £861).

Auditors

In accordance with section 385 of the Companies Act 1985, a resolution proposing that Martin Greene Ravden be reappointed as auditors of the company will be put to the Annual General Meeting.

Directors' report

For the year ended 31 December 1999

Directors' responsibilities

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

By order of the board

D A Crax Director

Auditors' report

to the shareholders of Distribution Network Company Limited

We have audited the financial statements on pages 4 to 14 which have been prepared under the historical cost convention and the accounting policies set out on page 8.

Respective responsibilities of directors and auditors

As described on page 2 the company's directors are responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of the company's affairs as at 31 December 1999 and of its loss for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

Notes to the financial statements

For the year ended 31 December 1999

1 ACCOUNTING POLICIES

1.1 Accounting convention

The financial statements are prepared under the historical cost convention.

1.2 Compliance with accounting standards

The accounts have been prepared in accordance with applicable accounting standards.

1.3 Turnover

Turnover represents the invoiced value of goods supplied by the company stated net of value added tax.

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Fixtures, fittings & office equipment

15% and 20% straight line

Motor vehicles

25% straight line

1.5 Leasing and hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

Rentals payable under operating leases are charged to the profit and loss account as incurred.

1.6 Stock

Stock is valued at the lower of cost and net realisable value.

1.7 Pensions

The company operates a money purchase pension scheme and contributions are charged to the profit and loss account in the year in which they are payable.

1.8 Deferred taxation

Deferred taxation is provided at appropriate rates on all timing differences using the liability method only to the extent that, in the opinion of the directors, there is a reasonable probability that a liability or asset will crystallise in the foreseeable future.

1.9 Foreign currency translation

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to profit and loss account.

1.10 Royalties payable

Royalties payable are charged to the profit and loss account on an accruals basis. Advances to artists and licensors are assessed and the value of the unrecouped proportion to be included in debtors is determined by the prospects of future recoupment, based on past performance, current popularity and projected sales. Provisions are made for unrecouped royalty advances in the accounting period in which they are regarded as irrecoverable.

2 TURNOVER

The whole of the turnover is attributable to the company's principal activities as stated in the Directors' Report. An analysis of turnover has not been disclosed, as in the opinion of the directors, such disclosure would be prejudicial to the company's business.
