REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2017

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 December 2017. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015).

OBJECTIVES AND ACTIVITIES

Principle Objectives

The charity's principal objective as set out in its Memorandum of Association is the advancement of public education in the fields of surgery and clinical practice and their attendant sciences, by the conduct of research into such subjects and the publication of such research.

The following have been adopted in order to further the charity's principal objective:-

- a) To provide for the interchange of information about research related to surgery and surgical disease.
- b) To foster interchange between surgical science and clinical practice.
- c) To promote humanity and high ethical standards in clinical and experimental research.
- d) To comment on the standard, place and educational value of surgical research in the training of surgeons.
- e) To maintain high standards of scientific evaluation of surgical research by ensuring that the format, quality of slides and illustrations, clarity of presentation and ability to respond to questioning of presentations to the society are of the highest quality.
- f) To promote surgical research by providing travelling scholarships and/or research grants.
- g) To promote the interchange of information internationally through collaboration with other national surgical societies.
- h) To maintain low subscriptions and registration fees to encourage young research workers in surgery to participate in the activity of the society.

Development activities and achievements

The remit of the Society is to foster research that encompasses all surgical specialities.

The 2017 SARS Annual Meeting was held at The Royal College of Surgeons of Ireland, in Dublin, and it was a very successful meeting with good attendance. The Society continues to foster links with other surgical societies and this year continued the parallel meetings with the NIAA and British Burn Association. The Society continued to promote surgical research through supporting trainees and the meeting included a surgical training session, organised with RCSI.

The Society has continued to promote the interchange of information internationally through presentations at our sister societies in Europe, South Africa and America.

The financial pressures on the Society continue but it remains committed to its members and so has maintained very low membership fees, which is then reflected in the Society's income. SARS Council will be reviewing the provision of administrative services in 2018 to find a more cost effective solution. However, there is still a healthy reserve of funds which can be accessed if needed in the near future.

Public benefit

All our charitable activities explained above are undertaken to further the advancement of public education in the fields of surgery by the conduct of research, for the public benefit.

Basis of preparing the financial statements

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention with the exception of investments which are included at market value, as modified by the revaluation of certain assets.

The trustees consider that there are no material uncertainties about the Charity's ability to continue as a going concern.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Grants offered subject to conditions which have not been met at the year end date are noted as a commitment but not accrued as expenditure.

Taxation

The charity is exempt from corporation tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.
