Directors' report for the 18 months ended 31 December 1997

The directors present their report and the audited financial statements for the 18 months ended 31 December 1997.

Principal activities

The Company's principal activity during the period was the sale and distribution of pharmaceutical and other products.

Review of business and future prospects

During the period the Daniels element of the wholesale business was discontinued. This discontinuation arose as a result of the disposal of the third party wholesale turnover to different parties and the transfer of the residual intra group businesses to AAH Pharmaceuticals, a company wholly owned by the UK group. Disposal of the third party wholesale turnover was a condition imposed by the Monopolies and Mergers Commission when GEHE Invest acquired Lloyds Chemists plc.

The performance of the retained businesses during the period is considered to be satisfactory. It is anticipated that the company will, in the future, work more closely with other group businesses which will have a positive impact on the Company's future prospects.

Results and dividends

The results for the period are set out on page 5. The directors do not recommend the payment of a dividend (1996 : £47,500,000).

Directors and directors' interests

The directors who held office during the period were as follows:

A J Lloyd	resigned 21 January 1997
M A Ward	resigned 21 January 1997 and reappointed 24 April 1997
R G Turner	resigned 21 January 1997

Employees

The Company has developed and maintained arrangements whereby employees are consulted and provided with information about current activities and progress within the Company and with training to improve the operational efficiency of the Company.

The Company supports the employment of disabled people wherever possible, through recruitment, by retention of those who become disabled during their employment and generally through training, career development and promotion, having regard to their particular aptitudes and abilities.

It is Company policy to provide equal employment opportunities without regard to race, religion, sex, national origin or age.

Payment of suppliers

It is the Company's policy that appropriate terms and conditions for its transactions are agreed with suppliers, that payments are made in accordance with these terms, provided that the supplier has also complied with all terms and conditions and that no alterations are made to payment terms without prior agreement. At 31 December 1997 the Company had 57 days purchases outstanding.

Statement of directors' responsibilities

The directors are required by UK Company Law to prepare financial statements for each financial period that give a true and fair view of the state of affairs of the company as at the end of the financial period and of the profit or loss of the company for that period.

The directors confirm that suitable accounting policies have been used and applied consistently and reasonable and prudent judgements and estimates have been made in the preparation of the financial statements for the 18 months ended 31 December 1997. The directors also confirm that applicable accounting standards have been followed and that the financial statements have been prepared on the going concern basis.

The directors are responsible for keeping proper accounting records, for taking reasonable steps to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Auditors

A resolution to reappoint the auditors, Coopers & Lybrand, will be proposed at the Annual General Meeting.

By order of the Board

Secretary
8 June 1998

**Report of the auditors
to the members of Barclay Pharmaceuticals Limited**

We have audited the financial statements on pages 5 to 18.

Respective responsibilities of directors and auditors

As described on page 3, the company's directors are responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion, the financial statements give a true and fair view of the state of the company's affairs at 31 December 1997 and of its profit for the period then ended and have been properly prepared in accordance with the Companies Act 1985.

Notes to the financial statements for the 18 months ended 31 December 1997

1 Principal accounting policies

The financial statements have been prepared in accordance with applicable Accounting Standards in the United Kingdom. A summary of the more important accounting policies, which have been applied consistently, is set out below:

Basis of accounting

The financial statements have been prepared under the historical cost convention, modified by the revaluation of certain leasehold properties, and in accordance with applicable Accounting Standards.

The Company is exempt from the requirement to produce group accounts by virtue of Section 228 of the Companies Act 1985.

Cash flow statement

The Company is a subsidiary of Franz Haniel & Cie GmbH which is established under the law of a member state of the European Community. Franz Haniel & Cie GmbH publishes consolidated financial statements which includes the results of Barclay Pharmaceuticals Ltd, from the date of acquisition, and consequently, in accordance with Financial Reporting Standard Number 1 (revised), no cash flow statement is included in these financial statements.

Tangible fixed assets

Depreciation is calculated so as to write off the cost of tangible fixed assets over their estimated useful lives. The principal rates used are as follows:

Freehold property	- nil
Short leasehold property	- period of the lease
Motor vehicles	- 25% on a reducing balance basis
Fixtures, fittings and equipment	- 10%-20% on a straight line basis

Where there is a permanent diminution in the value of a property a charge is made to the profit and loss account.

Finance and operating leases

Assets used by the Company which have been funded through finance leases are recorded as tangible fixed assets and are depreciated over their estimated useful lives. Future lease obligations, net of finance charges are included in creditors. Rentals payable are apportioned between the finance element which is charged to the profit and loss account and the capital element which reduces outstanding lease obligations.

All other leases are operating leases and the rental charges are taken to the profit and loss account over the life of the lease.

Goodwill

Goodwill relating to the acquisition of businesses is written off immediately against reserves.

Stocks and work in progress

Stocks are valued at the lower of cost and net realisable value.

Taxation

The charge for taxation is based on the profit for the period and takes into account taxation deferred because of timing differences between the treatment of certain items for accounting and taxation purposes. Accelerated or deferred taxation using the liability method is recognised only to the extent that it is probable that an actual asset or liability will crystallise.

Pension scheme arrangements

The Company is part of the defined contribution pension scheme operated by the Lloyds Chemists Group. The assets of the scheme are held separately from those of the group in an independently administered fund. The pension cost charge represents contributions payable by the company to the scheme.

2 Turnover

Turnover represents cash and credit sales made in the United Kingdom excluding value added tax.
