1 Introduction

Further to the Joint Administrators report and proposals dated 11 December 2008, the Joint Administrators set out below their six month progress report. This report provides an update on the progress of the Administration since the appointment of Joint Administrators and covers the period 21 October 2008 to 21 April 2009.

Richard Dixon Fleming and Mark Granville Firmin were appointed Joint Administrators of the Company on 21 October 2008 by the Directors of the Company, pursuant to paragraph 22 of Schedule B1 to the Act.

Richard Dixon Fleming is authorised to act as an insolvency practitioner by the Insolvency Practitioners Association and Mark Granville Firmin is authorised to act as an insolvency practitioner by the Institute of Chartered Accountants in England and Wales.

In accordance with Paragraph 100(2) of Schedule B1 of the Insolvency Act 1986 the functions of the Joint Administrators may be exercised by either or both of them.

The EC Regulation on Insolvency Proceedings 2000 will apply in this matter and these proceedings will be the main proceedings as defined in Article 3 of the EC Regulation. The Company's registered office and centre of main interests are in the United Kingdom.

This report includes certain information required to be provided to creditors in accordance with Rule 2.47 of the Insolvency Rules 1986.

The Joint Administrators draw creditors' attention to the appropriate statutory information which is set out at Appendix 1.

2 Background

EF Realisations Plc ("the Company") was incorporated on 5 January 1993, and before the appointment of the Joint Administrators operated from various offices in the UK and Europe including four leasehold premises in the UK and also Strasbourg and Paris. Its primary activity was recruitment and human resourcing with its head office located in Horsforth, West Yorkshire.

3 Events leading to the Joint Administrators' appointment

As noted in our previous report, the Company had been experiencing significant difficulties in the 12 months prior to the Joint Administrators' appointment.

These difficulties stemmed from a downturn in the prevailing market conditions and culminated in the need for the Joint Administrators to be appointed following a focused marketing campaign.

Immediately following the Joint Administrators' appointment the business and assets of the Company were sold to the IHR Group Limited for a total consideration of £198,000.

It was likely that the Companies' business of recruitment consultancy would have been seriously prejudiced if it had not been sold immediately following insolvency due to a loss of customer confidence, goodwill and key employees. Furthermore, the risks and costs of continued trading during administration were considered to outweigh the benefits.

In our view, this was the only viable option and, the sale secured the repayment of a significant related party debtor balance as well as assistance with book debt collections.

4 Progress of the Administration to 21 April 2009

Abstracts of the Joint Administrators receipts and payments account for the period 21 October 2008 to 21 April 2009 are attached at Appendix 2 and 3 for EF.

All amounts are shown net of VAT.

4.1 Realisation of Company assets

4.1.1 Sale of business and assets

The total consideration for the sale of business and assets was £198,000 of which £135,000 is deferred and payable on 21 April 2010. The Company and the Joint Administrators have been granted debentures over the assets of the purchasing companies within the IHR Groups to secure the deferred consideration.

At the 21 April 2009, £63,000 of initial consideration received at the time of the sale was held by the Administrators' Solicitors, DLA Piper UK LLP. However, this has since been utilised to settle some of their outstanding fee invoices (see section 4.2.2).

4.1.2 Book Debts

The Company's book debts were excluded from the sale and totalled approximately £1.5 million at the date of appointment. A detailed review has been undertaken of the UK and European ledgers by our specialist Receivables Realisations Group.

After taking into account specific and general provisions for bad and doubtful debts, it is considered that these ledgers are estimated to realise between £559,941 as a worst case scenario and £811,443 as a best case scenario.

As part of the sale agreement, IHR Group initially assisted with the collection of the book debts on a commission basis and were granted exclusivity to collect the UK debts for 60 days and the European debts for 80 days for a fee of 25% and 30% of collections (exclusive of VAT where relevant) respectively.

This has led to realisations totalling £455,059 to January 2009 at which point KPMG Receivables Realisation Group took over collections. Further recoveries of £71,931 have since been achieved.

European book debt realisations of €191,302 have been paid by the debtors concerned into the Company's pre-appointment bank account with Société Générale in France. These funds are currently being held by Société Générale pending resolution of a claim against the Company by the French tax authorities.

The administrators are currently negotiating a settlement of a further European book debt which is anticipated to realise over €175,000 once agreed.

4.1.3 Intercompany balances

Inter company debts of £381,573.45 are due to the Company from affiliated companies to the IHR Group and payable over six equal monthly instalments.

The first instalment totalling £63,595.58 was due and received on 17 April 2009. The next instalment was due on 17 May 2009, of which approximately 50% has been received with the balance expected by 6 June 2009.

4.1.4 Bank interest

Gross Bank interest of £2,700.91 has been received to 21 April 2009.

4.1.5 Employees

Under the terms of the sale contract and Transfer of Undertaking (Protection of Employment) Regulations 2006, all existing employees were transferred to the IHR Group.

4.1.6 Investigations

As part of the Joint Administrators' statutory duties, investigations have been made into the conduct of the directors in the three years prior to the appointment. The findings of this investigation are confidential and have been reported to the Department for Business Enterprise and Regulatory Reform in accordance with the Company Directors Disqualification Act 1986.

4.2 Cost of realisations

4.2.1 Joint Administrators' time costs

The Joint Administrators' time costs to 21 April 2009 in respect of EF are £252,629.75 representing 1,162 hours at an average rate of £217 per hour.

A full analysis of these costs, prepared in accordance with the provisions of Association of Business Recovery Professionals' SIP 9, is attached at Appendix 4 along with details of KPMG LLP charge out rates and category 1 expenses.

The Joint Administrators have instructed KPMG LLP Pension, Tax, VAT, HSE (Health, Safety and Environment) and Forensic IT specialists to carry out assessments of the Group's position and their time is included in the above mentioned costs. In addition, please note that all staff who have worked on this assignment, including cashiers and secretarial staff have charged time directly to the assignment and are included in the analysis of time spent. However, the cost of staff employed in central administration functions is not charged directly to this assignment but is reflected in the general level of charge out rates.

The Joint Administrators' proposals include a resolution to draw fees from time to time on the basis of time properly spent at KPMG charge out rates.

A creditors' guide to fees can be found at

[http://www.r3.org.uk/uploads/sip/SIP9_v5_April_2007\(1\).pdf](http://www.r3.org.uk/uploads/sip/SIP9_v5_April_2007(1).pdf), however, if you are unable to access this guide and would like a copy please contact Tom Hutchinson in our Leeds office.

As no creditors' committee has been formed, our remuneration will be fixed following consideration with the secured creditor, the Bank of Scotland. At the date of this report, no fees have been drawn by the Joint Administrators.

4.2.2 Legal advisors' costs

As at 21 April 2009 legal costs totalling £208,494.65 have been incurred as a result of significant issues arising in relation to the French division of the Company. These matters are ongoing although no further significant costs are expected to be incurred.

Subsequent to the 21 April 2009, £103,130.53 of fees have been paid to date in respect of the above mentioned legal costs.

As part of this, funds amounting to £63,000 held by the Administrators' solicitors DLA Piper UK LLP have been utilised to settle their invoices. However, DLA Piper UK LLP's outstanding fee invoices to date were less than this amount, and a balancing repayment has been received.

4.2.3 Book debt realisation fees

As referred to in section 4.1.2 above, fees totalling £98,717.50 (exc. VAT) in relation to the UK debtors ledger collections have been paid to IHR Group.

No fees have been paid to date in relation to European debtor ledger collections until the dispute with Société Générale is resolved as referred to in section 4.1.2 above.

4.2.4 Other costs

Up to 21 April 2009, £217,121 of funds received in error from clients of the IHR Group have been returned to the IHR Group. £1,000 has been paid to insure the assets of the business. £408 has been spent on statutory advertising and £6,000 has been incurred in relation to Statement of Affairs preparation charges.

Agents costs of £1,750 have been incurred in respect of the valuation of the Company's assets.

A payment of £19,901.60 has been made out of the administration in respect of a license fee to allow the IHR Group to occupy the premises at Horsforth, Leeds. This has since been reclaimed from the IHR Group.

5 Estimated Outcome for creditors

5.1 Secured creditors

The Bank of Scotland holds a debenture dated 20 July 2001 secured over the assets of the Company and the Bank has confirmed that at the date of appointment it was owed £9.8 million across the Group. Therefore the Administrators anticipate that all surplus realisations after amounts owed to preferential creditors will be paid to the secured creditor, with no funds available for unsecured creditors.

5.2 Preferential creditors

The Joint Administrators anticipate that there will be sufficient funds to enable a distribution to the preferential creditors of the Company. Amounts owed to employees made redundant before the appointment of the Administrators in respect of wages and holiday pay for employees total approximately £31,222.

5.3 Unsecured creditors

According to the directors' statement of affairs unsecured non-preferential creditors total £3,764,543. Due to the level of the secured creditors' claim, the Joint Administrators anticipate that there will be no funds available to enable a distribution to the unsecured non-preferential creditors of the Company.

Furthermore, the Prescribed Part set out in Section 176A of the Insolvency Act 1986 will not apply in this case because the debenture held by the Bank of Scotland is dated 20 July 2001 which is before 15 September 2003 (the date the Enterprise Act 2002 was introduced).

6 Future conduct of the Administration

6.1 Administrators' actions

It is proposed that the Joint Administrators will continue to manage the affairs, business and property of the Company in order to achieve the purpose of the administration.

This will include:

- realising the remaining assets of the Company, including book debts, the intercompany balances and deferred consideration;
- dealing with statutory reporting and compliance obligations; and
- finalising the administration, including payment of all administration liabilities.

Upon completion of these remaining issues, we will take the necessary steps to end the administration.

6.2 End of the Administration

Pursuant to paragraph 76(1) of schedule B1, the administration will automatically end on 21 October 2009, although it can be extended by application to the Court or creditors. In the event that the purpose of the administration cannot be completed by 21 October 2009, the Joint Administrators will either seek an extension of time to complete the administration or place the Company into other insolvency proceedings to enable any remaining issues to be resolved.

If and where appropriate, the Joint Administrators cease to act, they will seek to organise the voluntary or compulsory winding up of the Company or the approval of a voluntary arrangement under Part I of the Insolvency Act 1986 or the striking off of the Company from the Register of Companies, whichever is deemed appropriate.

The deferred consideration is not due to be paid until 21 April 2010 and so it is likely that the Joint Administrators may seek to extend the end of the administration until after this date to enable realisation of this asset for the benefit of the secured creditor.

7 Statement concerning the EC regulations

The EC Council Regulations on Insolvency Proceedings apply to this administration and the proceedings are main proceedings. This means that this administration is conducted according to UK insolvency legislation and is not governed by the insolvency law of any other European Union Member State.

Joint Administrator

Notes

All staff who have worked on this assignment, including cashiers and secretarial staff, have charged time directly to the assignment and are included in the analysis of time spent. The cost of staff employed in central administration functions is not charged directly to the assignment but is reflected in the general level of charge out rates.
