These financial statements have been delivered in accordance with the provisions applicable to companies subject to the small companies regime and the option not to file the Directors' Report and the Profit and Loss Account has been taken.

Audit report

The Independent Auditors' Report was unqualified. The name of the Senior Statutory Auditor who signed the audit report was Craig Burton, who signed for and on behalf of Hawsons Limited.

These financial statements, which have been prepared in accordance with the special provisions relating to companies subject to the small companies regime within Part 15 of the Companies Act 2006 and in accordance with the provisions of FRS 102 Section 1A Small Entities, were approved and authorised for issue by the Board on 7.2 uly 2022 and signed on its behalf by:

W Kobusch

Director

Notes to the Financial Statements for the Year Ended 31 December 2021

1 Accounting policies

Statutory information

Menshen Packaging UK Ltd is a private company, limited by shares, domiciled in England and Wales, company number 02783436. The registered office is at Unit 92, Portmanmoor Road Industrial Estate, Cardiff, CF24 5HB.

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

These financial statements have been prepared in accordance with Financial Reporting Standard 102 Section 1A - 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. There has been no material departure from this standard

Basis of preparation

These financial statements have been prepared using the historical cost convention except that as disclosed in the accounting policies certain items are shown at fair value. The presentation currency is United Kingdom pounds sterling, which is the functional currency of the company. The financial statements are those of an individual entity.

Going concern

After due consideration of all relevant factors, including the impact of the current Covid-19 pandemic, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

Revenue recognition

Turnover represents amounts chargeable, net of value added tax, in respect of the sale of goods and services to customers. Turnover is recognised when stock is delivered to the customer, as this is the point when the risks and rewards of ownership transfer.

Foreign currency transactions and balances

Transactions in foreign currencies are recorded at the exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the closing rates at the balance sheet date. All exchange differences are included in the profit and loss account.

Tax

The tax expense for the period comprises current tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates taxable income.

Notes to the Financial Statements for the Year Ended 31 December 2021 (continued)

1 Accounting policies (continued)

Tangible assets

Tangible assets are stated in the balance sheet at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation.

Depreciation

Depreciation is charged so as to write off the cost of assets, less their estimated residual values, over their estimated useful lives, as follows:

Asset class

Fixtures and fittings

Equipment

Depreciation method and rate

20% on cost

20% on cost

Stocks

Stock is valued at the lower of cost and net realisable value, after due regard for obsolete and slow moving stocks. Net realisable value is based on selling price less anticipated costs to completion and selling costs.

Leases

Leases in which substantially all the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight-line basis over the period of the lease.

Defined contribution pension obligation

Contributions to defined contribution plans are recognised as employee benefit expense when they are due. If contribution payments exceed the contribution due for service, the excess is recognised as a prepayment.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability in the balance sheet. The corresponding dividends relating to the liability component are charged as interest expense in the profit and loss account.

2 Staff numbers

The average number of persons employed by the company during the year was 2 (2020 - 2).
