The Directors' Report

Year ended 31 December 2012

The directors present their report and the unaudited financial statements of the company for the year ended 31 December 2012

Principal activities

The principal activity of the company during the year was, and will continue to be, to provide funding to fellow group undertakings

At 31 December 2012 the company was a wholly owned subsidiary undertaking of Virgin Media Inc. On 5 February 2013, Liberty Global, Inc and Virgin Media Inc entered into a merger agreement ("the Merger Agreement"). Pursuant to the Merger Agreement, Liberty Global, Inc and Virgin Media Inc completed a series of mergers on 7 June 2013 that resulted in the surviving corporations in the mergers becoming wholly owned subsidiaries of Liberty Global plc. This is referred to in more detail in the financial statements of Virgin Media Inc which are available from the company secretary at Virgin Media, Bartley Wood Business Park, Hook, Hampshire, RG27 9UP.

The Virgin Media group ("the group") will continue to operate under the Virgin Media brand in the UK.

The group is a leading entertainment and communications business, being a "quad play" provider of broadband internet, television, mobile telephony and fixed line telephony services.

As of 31 December 2012, the group provided services to approximately 4.9 million residential cable customers on its network. The group is also one of the UK's largest mobile virtual network operators by number of customers, providing mobile telephony service to 1.7 million contract mobile customers and 1.3 million prepay mobile customers over third party networks. As of 31 December 2012, 85% of residential customers on the group's cable network received multiple services from the group, and 65% were "triple play" customers, receiving broadband internet, television and fixed line telephony services from the group.

The group believes that its advanced, deep fibre access network enables it to offer faster and higher quality broadband services than its digital subscriber line, or DSL, competitors. As a result it provides its customers with a leading next generation broadband service and one of the most advanced TV on-demand services available in the UK market.

Through Virgin Media Business, the group provides a complete portfolio of voice, data and internet solutions to businesses, public sector organisations and service providers in the UK.

Future outlook

Detail of the future outlook of the group is provided in Virgin Media Inc's financial statements and annual report for 2012, which are available from the company secretary at Virgin Media, Bartley Wood Business Park, Hook, Hampshire, RG27 9UP.

Notes to the Financial Statements

Year ended 31 December 2012

1. Accounting policies

A summary of the principal accounting policies is set out below. All accounting policies have been applied consistently, unless noted below.

Basis of accounting

The financial statements have been prepared under the historical cost convention in accordance with the Companies Act 2006, and applicable UK accounting standards.

Cash flow statement

The company is exempt from publishing a cash flow statement as permitted by FRS 1 "Cash flow statements (revised 1996)", as it is a wholly owned subsidiary of its ultimate parent company.

Deferred taxation

Deferred tax is recognised, as appropriate, in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions:

- provision is made for deferred tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold, and

- deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Trade and other debtors

Trade and other debtors are stated at their recoverable amount. Provision is made when the amount receivable is not considered recoverable and the amount is fully written off when the probability for recovery of a balance is assessed as being remote.

2. Operating profit

Auditor's remuneration of £nil (2011 - £1,000) represents costs attributed to the company by fellow group undertakings that pay all auditors' remuneration on behalf of the group.

The directors received remuneration for the year of £500 (2011 - £500) in relation to qualifying services as directors of this company, all of which was paid by Virgin Media Limited.
