#### Structure, governance and management

#### Nature of governing document

The charity is a company limited by guarantee and registered charity. It is operated under the rules of its memorandum and articles of association dated 29th March 1993. It has no share capital and the liability of each member in the event of winding-up is limited to £1.

#### Recruitment and appointment of trustees

Recruitment advertisements are placed periodically in relevant magazines and newsletters for the voluntary and public sectors. Approaches are also made to private sector companies which have schemes to encourage staff to volunteer with charitable organizations. New trustees are also sought through working and personal contacts.

Candidates complete an application form and are interviewed by a subgroup of existing Trustees. Those selected are invited to the next meeting of Trustees as an observer to enable them to decide if they wish to become a Trustee, and to enable approval by the Board of Trustees.

#### Objectives and activities

#### Objects and aims

We aim to support and enable Gypsies and Travellers to achieve a high and sustainable quality of life through improving access to suitable accommodation, public services, and employment.

This aim is achieved by working towards a series of objectives:

- 1. To ensure suitable, safe, good quality accommodation for all Gypsies and Travellers;
- 2. To improve access to and effectiveness of public services for Gypsies and Travellers;
- 3. To challenge discriminatory behaviour and attitudes towards Gypsies and Travellers;
- 4. To increase the educational attainment, confidence to participate as active citizens and employability prospects of Gypsies and Travellers.

#### Trustees' Report

#### Objectives, strategies and activities

Gypsies and Travellers Wales meets its aims by the provision of information, support, advice and advocacy to Gypsies and Travellers to improve access to suitable accommodation, public services and employment. Delivery of these services is through a combination of our telephone advice line, appointments and drop-in advice sessions. Main areas of work are advice and liaison on issues of development, management and maintenance of Traveller sites; homelessness; welfare benefits, reviews and appeals; education; health, social and housing services; racial discrimination.

In addition to this, Gypsies and Travellers Wales offers training, consultancy, information, advice and liaison services to local authorities, Welsh Government and all relevant agencies and professional bodies in Wales.

#### Public benefit

Our services provide advice, advocacy and information to Gypsies and Travellers, recognised ethnic group, who experience significant discrimination, marginalisation and barriers resulting in high levels of poverty, homelessness, poor literacy, poor health, and high unemployment. Our services enable Gypsies and Travellers to overcome these difficulties while building self-confidence and independence.

Our services also support Welsh Government, Local Authorities, and public services, and therefore the public generally, to deliver services more effectively to Gypsies and Travellers.

The trustees confirm that they have complied with the requirements of section 17 of the Charities Act 2011 to have due regard to the public benefit guidance published by the Charity Commission for England and Wales.

#### Achievements and performance

In the year, we were able to provide support to more than 267 individuals and families, helping them with a wide range of issues including homelessness, housing, welfare benefits, family issues, debt, domestic violence, education, health and employment support. To illustrate the levels of success attained, we attach a detailed report generated by our Client Record Management System in Appendix A.

- We have obtained funding from a number of additional sources to widen our services. We also successfully delivered training and consultancy services that generated unrestricted income. At the end of the year, we have made a modest surplus.
- We submitted a successful bid for the contract to deliver Housing Related Support to Gypsies and Travellers across Gwent which commenced in June 2022.
- We were awarded a small grant through Moving for Change to support Gypsies and Travellers living on roadside and those living on Rover Way site.
- We were able to assist 31 clients in the Gwent area through a Tesco food voucher scheme provided by Torfaen HSG.
- We were provided with a set of Cold Packs from National Grid being thermal emergency kits offered to recipients experiencing hardship during the winter months.

We supported Cardiff Council to complete its Gypsies and Travellers Accommodation Assessment (GTAA) by undertaking the data collection with the Gypsies and Travellers community through the Welsh Government designed questionnaires. We also supported Local Authorities across Gwent in their assessments through accompanying council staff on visits and, in some instances, collecting responses on behalf of the Council.

We continued to enable and encourage Gypsies and Travellers to participate in consultations, elections and decision-making processes and to support the inclusion and development of Gypsy and Traveller needs in the relevant strategies and plans of service providers. We worked closely with a coalition of organizations and individuals across Wales to campaign against Part 4 of the Police, Crime, Sentencing and Courts Bill which risks criminalising the way of life of Gypsy and Traveller communities.

#### Trustees' Report

#### Financial review

Our funding situation has been stable throughout 2022-23 with grants from Cardiff Council, Lloyd's Bank, The National Lottery Community Fund and the Irish Embassy each providing funding over several years. We have obtained funding from a number of additional sources to widen our services as noted above. We also successfully delivered training and consultancy services that generated unrestricted income. At the end of the year we have made a surplus.

#### Policy on reserves

The Trustees policy is to hold sufficient reserves to maintain 6-months operation in the event of loss of grant funding income. Currently we do not have this level of reserves, but we are slowly building toward it.

#### Principal risks and uncertainties

#### Financial risk

The nature of our funding is reliant on the commissioning authorities continuing to fund the charity to carry out its functions. There is currently a financial crisis affecting all government budgets. We are confident that it will not adversely affect the work we do on behalf of the local authorities, but we cannot be certain that our other grant funding will be maintained in the future.

#### Small companies provision statement

This report has been prepared in accordance with the small companies regime under the Companies Act 2006.

#### Statement of Responsibilities

The trustees (who are also the directors of Gypsies and Travellers Wales Limited for the purposes of company law) are responsible for preparing the trustees' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland". The report and accounts have been prepared in accordance with the provisions in the Companies Act 2006 relating to small companies.

Company law requires the trustees to prepare financial statements for each financial year. Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including its income and expenditure, of the charitable company for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and apply them consistently;
- · observe the methods and principles in the Charities SORP;
- · make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards, comprising FRS 102 have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping proper accounting records that can disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## Trustees' Report

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

The annual report was approved by the trustees of the charity on 14/11/2023 and signed on its behalf by:

John Drysdale

Trustee

## Independent Examiner's Report to the trustees of Gypsies and Travellers Wales Limited ('the Company')

Independent examiner's report to the trustees of Gypsies and Travellers Wales Limited ('the Company') I report to the charity trustees on my examination of the accounts of the company for the year ended 31 March 2023.

#### Responsibilities and basis of report

As the charity's trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the Company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

#### Independent examiner's statement

Since the Company's gross income exceeded £250,000 your examiner must be a member of a body listed in section 145 of the 2011 Act. I confirm that I am qualified to undertake the examination because I am a member and Fellow of the Association of Charity Independent Examiners, which is one of the listed bodies.

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

- 1. accounting records were not kept in respect of the Company as required by section 386 of the 2006 Act; or
- 2. the accounts do not accord with those records; or
- 3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination; or
- 4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities [applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)].

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

#### Notes to the Financial Statements for the Year Ended 31 March 2023

#### 1 Accounting policies

#### Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### Statement of compliance

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)) (issued in October 2019) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

#### Basis of preparation

Gypsies and Travellers Wales Limited meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

#### Going concern

The financial statements have been prepared on a going concern basis.

The trustees assess whether the use of going concern is appropriate i.e. whether there are any material uncertainties related to events or conditions that may cast significant doubt on the ability of the charity to continue as a going concern. The trustees make this assessment in respect of a period of one year from the date of approval of the financial statements.

#### Exemption from preparing a cash flow statement

The charity opted to early adopt Bulletin 1 published on 2 February 2016 and have therefore not included a cash flow statement in these financial statements.

#### Income and endowments

Voluntary income including donations, gifts, legacies and grants that provide core funding or are of a general nature is recognised when the charity has entitlement to the income, it is probable that the income will be received and the amount can be measured with sufficient reliability.

#### Grants receivable

Grants are recognised when the charity has an entitlement to the funds and any conditions linked to the grants have been met. Where performance conditions are attached to the grant and are yet to be met, the income is recognised as a liability and included on the balance sheet as deferred income to be released.

#### Notes to the Financial Statements for the Year Ended 31 March 2023

#### Expenditure

All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading that aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

#### Charitable activities

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

#### Government grants

Government grants are recognised based on the accrual model and are measured at the fair value of the asset received or receivable. Grants are classified as relating either to revenue or to assets. Grants relating to revenue are recognised in income over the period in which the related costs are recognised. Grants relating to assets are recognised over the expected useful life of the asset. Where part of a grant relating to an asset is deferred, it is recognised as deferred income.

#### **Taxation**

The charity is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

#### Tangible fixed assets

Individual fixed assets costing £500.00 or more are initially recorded at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

#### Depreciation and amortisation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Asset class

Furniture and equipment Computer equipment

Depreciation method and rate

25% Reducing balance 33% Straight line

#### Trade debtors

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the charity will not be able to collect all amounts due according to the original terms of the receivables.

#### Notes to the Financial Statements for the Year Ended 31 March 2023

#### Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

#### Trade creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the charity does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

#### Fund structure

Unrestricted income funds are general funds that are available for use at the trustees' discretion in furtherance of the objectives of the charity.

Restricted income funds are those grants for use in a particular area or for specific purposes, the use of which is restricted to that area or purpose.

#### Pensions and other post retirement obligations

The company operates a defined contribution pension scheme for employees. The assets of the scheme are held separately from those of the company. Pension costs charges in the Statement of Financial Activities represent the contributions payable by the company during the year.

The specific purposes for which the funds are to be applied are as follows:

Employment Support - This fund contributes toward our work supporting employment for Gypsies and Travellers in Wales.

Influencing Support - This fund contributes toward our efforts influencing the policy for the Gypsy and Traveller community in Wales.

Tenancy Support - This fund contributes toward our work on tenancy support for Gypsies and Travellers.

Advice & Liaison - This fund contributes toward our advice and liaison service.

Policy - This fund contributes to a project that seeks to improve the quality-of-life Gypsies and Travellers living on Rover Way and living or staying on the roadside in Cardiff, through raising the voices of Gypsies and Travellers and using research to influencing policy.

The transfer from the General fund to the Employment Support fund is to cover the deficit on this activity.
