NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 NOVEMBER 2016

1 Accounting policies

The following principal accounting policies have been applied:

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The company's balance sheet at 30 November 2016 shows that the company has net current liabilities amounting to £240,028. The company has agreed extended bank facilities and settlement arrangement with its major creditors which were used after the balance sheet date. Accordingly, the director considers it is appropriate to adopt going concern basis in preparing the financial statements.

1.2 Compliance with accounting standards

The financial statements are prepared in accordance withh applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which has been applied consistently (except as otherwise stated).

1.3 Turnover

Turnover represents the fair value of services provided during the year. Turnover is recognised as contract acitivity progresses and the right to consideration is earned. Fair value reflects the the amount expected to be recovered from customers and is based on time spent, skills and expertise provided and expenses incurred but excludes VAT.

Turnover which has been recognised but not invoiced by the balance sheet date is included in debtors as "accrued income".

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Freehold property

Plant and machinery

Fiant and machinery

Fixtures, fittings & equipment

Motor vehicles

NII

20% per annum of net book value

20% per annum of net book value

25% per annum of net book value

The directors decide not to depreciate freehold property.

1.5 Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.
