1 Accounting policies

Basis of preparation

These financial statements are prepared under the historic cost convention, and in accordance with the Companies Act 2006 and applicable accounting standards in the United Kingdom. The principal accounting policies, which have been applied consistently throughout the year, are set out below.

Profit and loss account

No profit and loss account has been prepared as there have been no movements/transactions in the year, and the company has not traded in the current or prior year.

The director considers that no adjustments would be necessary to convert the financial statements to a break up basis, despite the company having ceased trading.

Cash flow

Under FRS 102, the company is exempt from the requirement to prepare a cash flow statement as it is a wholly owned subsidiary undertaking of Lancaster University, and its cash flows are included within the consolidated cash flow statement of that entity which are publicly available.

Related party transactions exemption

The directors have taken advantage of the exemption permitted by FRS 102 and have not disclosed related party transactions with parent and fellow subsidiary undertakings. There are no other related party transactions which require specific disclosure.

Current taxation

Corporation tax payable is provided on taxable profits at the current rate.
