Annual report and financial statements 2021

Directors report for the year ended 31 December 2021

The Directors present the Directors' report and the audited financial statements of Punter Southall Services Limited for the year ended 31 December 2021.

Overview

Punter Southall Services Limited (the Company) is a company incorporated and domiciled within the United Kingdom. The Company's primary activities are to provide and manage certain human resource functions for the subsidiaries of Punter Southall Group Limited (the Group). No change in activities is envisaged in the ensuing year.

The Company is a subsidiary of Punter Southall Group Limited, which is the Parent Company of a financial services group (Punter Southall Group or the Group).

Review of the business

The Company's results for the year are set out in the profit and loss account on page 9 and show turnover for the year to be £6,868,970 and a profit after tax of £170,750 (2020: £7,748,401 turnover and £998,875 profit respectively).

Results

The profit and loss account is set out on page 9 and shows the profit for the year.

Principal risks and uncertainties

The Directors consider proper risk management to be crucial to the Company's future success and give a high priority to ensuring that adequate systems and structures are in place to measure, analyse and limit exposure to risk. The Directors have established key procedures to ensure that internal controls are effective and are commensurate with a company of this size. A key control procedure is the day to day supervision of the business by the Directors.

Some of the key risks identified by the Company and the existing controls are identified below.

Covid-19 Pandemic and the Russian invasion of Ukraine

The financial statements have been prepared on a going concern basis, which assumes that the Company will continue in operational existence for the foreseeable future. The Directors have prepared projections to 31 December 2024. These projections have been prepared using assumptions which the Directors consider to be appropriate to the current financial position of the Company as regards to current expected revenues and its cost base, and the Company's investments, borrowing and debt repayment plans. These projections are subject to regular stress testing over a three year time period.

The Covid-19 pandemic had an adverse impact on the Company during 2020 and 2021. However, the Company adapted well to working remotely with all staff successfully working from home on day 1 of the first lockdown and bad debt levels remained low.

The invasion of Ukraine by Russia has caused uncertainty in the stock markets and with clients but we are yet to see a material impact on the business. The Company does not have any material exposure to Russian clients or investments.

Annual report and financial statements 2021

Directors report for the year ended 31 December 2021

Principal risks and uncertainties continued

In the light of these forecasts the Directors consider it appropriate to continue to prepare the financial statements on a going concern basis.

Business continuity

The Company has created a business continuity plan that has been produced in line with best practice methodologies. The plan has particular regard to the IT requirements of the business.

Information security

The Company holds a large amount of employee data and takes the confidentiality, integrity and security of this data very seriously. Information security controls, policies and procedures are overseen by the Group Risk Committee, Risk Management Committee and Information Security Steering Committee.

Dividends

The Directors did not recommend the payment of a dividend for the current year (2020: £nil).

Qualifying third party indemnity provisions

The Company has in place qualifying third party indemnity provisions for the Directors of Punter Southall Services Limited.

Directors

The Directors who held office during the year are given below:

M Batheja

K J McKelvey

J D Punter

S M Southall

Employment

The Company's employees are critical to the success of the business and the Company actively retains staff with the following policies listed below.

Employee involvement

Employees are kept as fully informed as possible about the activities of the business. This is achieved through internal publications, the intranet, communication programmes and management and staff meetings.

The Company, as a subsidiary of the Group, encourages employee involvement in the financial performance of the business through senior management incentive share schemes and share option schemes.

Annual report and financial statements 2021

Directors report for the year ended 31 December 2021

Employment continued

Equal opportunities

Equal opportunities are offered to all, regardless of gender, race, ethnicity or national origin, sexual orientation, religious belief, colour, disability, marital status or age. All applicants and employees are treated equally in respect of recruitment, promotion, training, pay and other employment policies and practices. All decisions are based on merit. Reasonable adjustments will be made to accommodate those with special needs. Under no circumstances will discrimination against any individual or group be tolerated. All employees have access to confidential counselling.

Disability

The Company gives full and fair consideration to applications for employment made by people with disabilities. Where an employee becomes disabled whilst in employment, every effort will be made to look at appropriate and reasonable adjustments and to offer suitable employment together with assistance in retraining.

Statement of Directors' responsibilities

The Directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law, the Directors have elected to prepare the Company financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including Financial Reporting Standard (FRS) 101 Reduced Disclosure Framework. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of the affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Directors report for the year ended 31 December 2021

Auditors

All Directors have taken all appropriate steps to make themselves aware of any information needed by the Company's auditors for the purposes of their audit and to establish that the auditors are aware of that information. The Directors are not aware of any relevant audit information of which the auditors are unaware.

BDO LLP has expressed its willingness to continue in office and a resolution to re-appoint it will be proposed at a forthcoming board meeting in accordance with section 487 of the Companies Act 2006.

In preparing this Directors' report, advantage has been taken of the small companies' exemption.

On behalf of the Board

M Batheja

Director

Date: 19 July 2022

Annual report and financial statements 2021

Independent auditor's report to the members of Punter Southall Services Limited

Opinion on the financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2021 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements of Punter Southall Services Limited ("the Company") for the year ended 31 December 2021 which comprise the profit and loss account, statement of comprehensive income, balance sheet, statement of changes in equity and the notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 'Reduced Disclosure Framework' (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Directors with respect to going concern are described in the relevant sections of this report.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

Annual report and financial statements 2021

Independent auditor's report to the members of Punter Southall Services Limited

We have nothing to report in this regard.

Other Companies Act 2006 reporting

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Directors' report has been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.; or
- the Directors were not entitled to take advantage of the small companies' exemptions in preparing the Directors' report and from the requirement to prepare a Strategic report.

Responsibilities of Directors

As explained more fully in the Statement of Directors' Responsibilities, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Extent to which the audit was capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

• We obtained an understanding of the legal and regulatory framework applicable to the entity. We determined that the most significant regulations which are directly relevant to specific assertions in the financial statements are those related to the reporting framework (Financial

Annual report and financial statements 2021

Independent auditor's report to the members of Punter Southall Services Limited

Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice)).

- We enquired of management to identify how the entity is complying with those legal and regulatory frameworks and whether there were any known instances of non-compliance, or any actual, suspected or alleged fraud. We corroborated our enquiries through review of board minutes.
- We assessed the risk of susceptibility of the entity's financial statements to material misstatement, including how fraud might occur.
- We considered the entity's control environment that has been established to prevent, detect and deter fraud, in particular in relation to the appropriateness of revenue recognition.
- In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments in the general ledger and evaluated the business rationale of any significant transactions that were unusual or outside the normal course of business.
- We communicated relevant identified laws and regulations and potential fraud risks to all
 engagement team members and discussed how and where these might occur and remained
 alert to any indications of fraud or non-compliance with laws and regulations throughout the
 audit.

Our audit procedures were designed to respond to risks of material misstatement in the financial statements, recognising that the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery, misrepresentations or through collusion. There are inherent limitations in the audit procedures performed and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we are to become aware of it.

A further description of our responsibilities is available on the Financial Reporting Council's website at:

https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Daniel Taylor (Senior Statutory Auditor)

Annual report and financial statements 2021

Notes to the financial statements for the year ended 31 December 2021

1. Accounting policies

Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standard (FRS) 101 Reduced Disclosure Framework. The principal accounting policies adopted in the preparation of the financial statements are set out below.

Application of FRS 101: Disclosure exemptions adopted

In preparing these financial statements, the Company has taken advantage of all disclosure exemptions granted by FRS 101. Therefore these financial statements do not include:

- certain disclosures regarding the Company's capital;
- a statement of cash flows;
- the effect of future accounting standards not yet adopted;
- the disclosure of remuneration of the key management personnel;
- the disclosure of fees paid to the Company's auditors for services other than audit; and
- disclosure of the related party transactions with other wholly-owned members of the Group, of which the ultimate Parent Company is Punter Southall Group Limited.

In addition and in accordance with FRS 101, further disclosure exemptions have been adopted because the equivalent disclosures are included in the consolidated financial statements of Punter Southall Group Limited. These financial statements do not include certain disclosures in respect of:

- financial instruments; and
- fair value measurement.

Going concern

The financial statements have been prepared on a going concern basis, which assumes that the Company will continue in operational existence for the foreseeable future. The Directors have prepared projections to 31 December 2024. These projections have been prepared using assumptions which the Directors consider to be appropriate to the current financial position of the Company as regards to current expected revenues and its cost base, and the Company's investments, borrowing and debt repayment plans. These projections are subject to regular stress testing over a three year time period.

The Covid-19 pandemic had an adverse impact on the Company during 2020 and 2021. However, the Company adapted well to working remotely with all staff successfully working from home on day 1 of the first lockdown and bad debt levels remained low.

In the light of these forecasts the Directors consider it appropriate to continue to prepare the financial statements on a going concern basis.

Turnover

Turnover represents the invoiced value, net of value added tax, of services provided to Group undertakings. Turnover is recognised on an accruals basis.

Annual report and financial statements 2021

Notes to the financial statements for the year ended 31 December 2021

1. Accounting policies continued

Taxation

Tax expense comprises current and deferred tax.

Current tax

Current tax assets and liabilities comprise those obligations to, or claim from, fiscal authorities relating to the current or prior reporting period, that are unpaid at the reporting date.

Deferred tax

Deferred tax is provided in respect of temporary differences between the carrying amounts of assets and liabilities and their tax bases. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which the deferred tax assets can be utilised.

Deferred tax is not recognised if the temporary difference arises from the initial recognition of goodwill (if any) or from the initial recognition of other assets and liabilities in a transaction, other than a business combination (if any), that affects neither the tax nor the accounting profit.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to be applied to their respective period of realisation, provided they are enacted or substantially enacted at the reporting date.

Where applicable, deferred tax assets and liabilities are offset when there is a legally enforceable right to set off, when they relate to income taxes levied by the same taxation authority and the Group intends to settle on a net basis.

Changes in deferred tax assets and liabilities are recognised as a component of tax expense in the income statement, except where they relate to items that are charged or credited directly to equity, in which case the related deferred tax is also charged or credited directly to equity.

Pension costs

Contributions to the Group's personal pension arrangement and to individual personal pension arrangements are charged to the profit and loss account in the period in which they become payable. The assets of these schemes are held separately from those of the Company in independently administered funds.

Punter Southall Services Limited is the Principal Employer of the Stoneport Pension Scheme. The pension scheme is a defined benefit scheme in the UK which provides both pensions in retirement and death benefits to members. Pension benefits are related to the members' final salary at retirement and their length of service. The scheme is described in note 2 below.

Trade and other payables

Trade payables are initially measured at their fair value and are subsequently measured at their amortised cost using the effective interest method. The effective interest rate method allocates interest expense over the relevant period by applying the effective interest rate to the carrying amount of the liability.

Annual report and financial statements 2021

Notes to the financial statements for the year ended 31 December 2021

1. Accounting policies continued

Cash at bank and in hand

Cash comprises of cash in hand, cash at banks and demand deposits.

Trade and other receivables

Trade and other receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method, less any provision for impairment. These are assets with fixed or determinable payments, and can include loans made.

Provisions for estimated irrecoverable amounts are recognised within administrative expenses when there is objective evidence that the assets are impaired, and that the Company will be unable to collect all of the amounts due. Evidence can include significant financial difficulties on the part of the counterparty or default or delay in payment. Trade and other receivables are reported net of any provisions and the provision is recorded in a separate allowance account with the loss being recognised within administrative expenses in the consolidated income statement. On confirmation that the asset will not be collectable, the gross carrying value of the asset is written off against the associated provision.

The Company applies the IFRS 9 simplified approach to measuring expected credit losses for trade receivables.

2. Critical accounting estimates and judgements

The preparation of financial statements in compliance with FRS 101 requires the Company's Directors to use certain critical accounting estimates and exercise judgements, as well as making certain assumptions and estimates regarding the future. These estimates and judgements are continually evaluated based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. In the future, actual experience may differ from these estimates and assumptions. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Pensions - defined benefit scheme

The cost of the defined benefit scheme is subject to actuarial valuations based on the projected unit method and these are carried out annually. The discount rate applied in arriving at the present value of the pension liability represents the yield on high quality corporate bonds denominated in the currency in which the benefits will be paid and that have maturity approximating the terms of the related pension liability.

The differences between the fair value of the assets held in the Company's defined benefit pension scheme and the scheme liabilities are recognised in the Company's balance sheet as either a retirement benefit asset or liability as appropriate. The pension scheme balance is recognised net of any related deferred tax balance. Changes in the defined benefit pension scheme asset or liability arising from factors - other than cash contributions by the Company are charged to the profit and loss account or the statement of comprehensive income. Actuarial gains and losses are recognised in full in the period in which they occur, in the statement of comprehensive income.

Annual report and financial statements 2021

Notes to the financial statements for the year ended 31 December 2021

3. Turnover

Turnover is attributable to the principal activity of the Company and arises solely within the United Kingdom.

4. Operating (loss)/profit

	2021 £	2020 £
This is stated after charging: Staff costs (note 5)	6,868,970	7,748,401
Pension scheme service (credit) (note 12) Pension scheme administration costs (note 12)	52,000	(361,000) 90,000

Auditor's remuneration of £12,421 was paid by Punter Southall Group Limited, the UK ultimate Parent Company (2020: £11,886).

5. Staff costs

2021	2020
£	£
4,947,766	4,892,870
910,005	1,864,247
614,838	605,941
396,361	385,343
6,868,970	7,748,401
	£ 4,947,766 910,005 614,838 396,361

All staff costs are recharged to other companies within the Punter Southall Group.

Included in staff costs were Directors emoluments, as listed below:

	2021 £	2020 £
Aggregate emoluments	1,869,817	1,610,117
Highest paid Director	818,385	876,275

None of the Directors opted to have their pension contributions paid into their personal pension arrangements during the current and previous year. No Directors exercised share options during the year (2020:nil).

Authorised		
1,000 ordinary shares of £1 each	1,000	1,000
Allotted, called up and fully paid 3 ordinary shares of £1 each	3_	3_

Annual report and financial statements 2021

Notes to the financial statements for the year ended 31 December 2021

11. Reserves

The following describes the nature and purpose of each reserve within equity:

Reserve	Description and purpose
Share capital	Nominal value of share capital subscribed for.
Share premium	Amount subscribed for share capital in excess of nominal value.
Retained earnings	Net gains and losses and transactions with owners not recognised elsewhere.
Retirement benefit reserve	Reserve movement created on acquisition of the defined benefit plan.

12. Post-employment benefit scheme

A defined benefit scheme, the Stoneport Pension Scheme, is operated by Punter Southall Services Limited, a subsidiary of Punter Southall Group Limited in the UK which provides both pensions in retirement and death benefits to members. Pension benefits are related to the members' final salary at retirement and their length of service.

The Scheme is closed to new members and to future accrual of benefits. Company contributions to the Scheme for the year ending 31 December 2021 are expected to be £0.2m.

The Scheme is exposed to a number of risks, including:

- Investment risk: The Scheme holds investments in asset classes, such as equities, which have volatile market values and while these assets are expected to provide real returns over the long-term the short-term volatility can cause additional funding to be required if a deficit emerges.
- Interest rate risk: The Scheme's liabilities are assessed using market yields on high quality corporate bonds to discount the liabilities. As the Scheme holds assets such as equities the value of the assets and liabilities may not move in the same way.
- Inflation risk: A significant proportion of the benefits under the Scheme are linked to inflation. Although the Scheme's assets are expected to provide a good hedge against inflation over the long term, movements over the short-term could lead to deficits emerging.
- Mortality risk: In the event that members live longer than assumed a deficit will emerge in the Scheme.

Valuation

An actuarial valuation of the Scheme was carried out as at 31 December 2021, based on membership at 31 December 2017, updated to take account of benefit outgo since 31 December 2017, using actuarial assumptions at 31 December 2021. The major assumptions used by the actuary were (in nominal terms) as follows:

Annual report and financial statements 2021

Notes to the financial statements for the year ended 31 December 2021

12. Post-employment benefit scheme continued

	As at	As at
	31 Dec 2021	31 Dec 2020
Discount rate	1.85%	1.30%
Inflation assumption (RPI)	3.40%	3.05%
Inflation assumption (CPI) – Pre 2030	2.40%	2.05%
Inflation assumption (CPI) – Post 2030	3.40%	3.05%
LPI pension increases	3.25%	2.95%

The assumptions used by the actuary are best estimates chosen from a range of possible actuarial assumptions which, due to the timescale covered, may not necessarily be borne out in practice.

Assumed life expectancies on retirement at age 65 years are:

	2021	2020	2019
Retired today - Males	23.3	23.3	23.1
Retired today - Females	24.6	24.5	24.2
Retiring in 20 years time - Males	24.3	24.3	24.1
Retiring in 20 years time - Females	25.8	25.7	25.4

The weighted-average duration of the defined benefit scheme at 31 December 2021 was 25 years (2020: 25 years).

The assets in the Scheme were:

	Fair value	Fair value	Fair value
	at 31	at 31	at 31
	Dec 2021	Dec 2020	Dec 2019
	£'000	£,000	£,000
