These financial statements were authorised for issue by the director on 30 June 2021.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

These financial statements were prepared in accordance with Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

Basis of preparation

The financial statements are presented in sterling. They are prepared on a going concern basis and under the historical cost convention. The principal accounting policies applied in the preparation of these financial statements are set out below, and, unless otherwise stated, these policies have been consistently applied to all the periods presented.

Summary of disclosure exemptions

The principle disclosure exemptions adopted by the company in accordance with FRS 102 are as follows:

- Statement of cash flows;
- Certain financial instrument disclosures;
- Disclosure of key management personnel compensation;
- Disclosures in respect of related party transactions entered into between fellow group companies (the company has no other related party transactions); and
- Roll-forward reconciliations in respect of share capital.

Group accounts not prepared

The company is exempt by virtue of section 400 of the Companies Act 2006 from the requirement to prepare group financial statements on the grounds that it is included in the consolidated financial statements of a parent undertaking. These financial statements present information about the company as an individual undertaking and not about its group.

Going concern

The financial statements have been prepared on a going concern basis.

Judgements

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period then ended. Management bases its estimates on historical experience and various other assumptions that are considered to be reasonable in the particular circumstances. Actual results may differ from these estimates.

Investments

Investments in equity shares which are publicly traded or where the fair value can be measured reliably are initially measured at fair value, with changes in fair value recognised in profit or loss. Investments in equity shares which are not publicly traded and where fair value cannot be measured reliably are measured at cost less impairment.

Interest income on debt securities, where applicable, is recognised in income using the effective interest method. Dividends on equity securities are recognised in income when receivable.

Debtors

Debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of debtors is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables.

Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

3 Directors' remuneration

The costs relating to the directors' services have been borne by Priory Central Services Limited, a fellow group company. No amounts have been recharged to the company in respect of the directors' services and the directors do not believe that it is practical to allocate these costs between group companies.
