Notes to the Financial Statements

Year ended 31 December 2010

1. Dormant status

The company was dormant (within the meaning of Section 480 of the Companies Act 2006) throughout the year ended 31 December 2010. The company has not traded during the year or during the preceding financial year. During these periods, the company received no income and incurred no expenditure and therefore made neither profit nor loss.

2. Accounting policies

A summary of the principal accounting policies is set out below. All accounting policies have been applied consistently, unless noted below.

Basis of accounting

The financial statements have been prepared under the historical cost convention in accordance with the Companies Act 2006, and applicable UK accounting standards.

Fundamental accounting concept

The financial statements have been prepared on the going concern basis because the ultimate parent undertaking has given the necessary assurances that sufficient resources will be made available so that the company can meet its liabilities as and when they fall due, for at least twelve months from the date of approval of these financial statements.

Group accounts

The company has taken advantage of the exemption from preparing group accounts afforded by Section 400 of the Companies Act 2006 because it is a wholly owned subsidiary of another company incorporated in Great Britain which prepares group accounts (see note 8). These financial statements therefore present information about the company as an individual undertaking and not about its group.

Investments

Investments are recorded at cost, less any provision for impairment.
