Strategic Report for the year ended 31 December 2019

The directors present their Strategic Report on the group financial statements for the year ended 31 December 2019.

Business review and principal activities

Permira Advisers (London) Limited ("the company"), is an investment advisory company incorporated in the UK. The company is authorised by the Financial Conduct Authority to provide investment advisory services and started trading on 29 July 1998. Permira Advisers (London) Limited acts as the parent to various Permira investment advisory entities.

Fair review of the business

The directors do not envisage any change in activities and believe the results of the year to be satisfactory.

Principal risks and uncertainties

The board is responsible for evaluating the company and group's risks and uncertainties. As a service company the specific risks and uncertainties affecting the company relate to its service contract with Permira Advisers LLP and appropriate policies and procedures have been put in place to ensure that such risks are managed accordingly.

The directors have also considered the group's exposure to price, credit, liquidity and cash flow risk but the directors believe that the group does not have any material exposure to these risks and that there are appropriate policies and procedures in place to monitor these and other risks.

Since the reporting date, the outbreak of the COVID-19 has had a significant impact globally. The full effects of the virus are still not known and it is not practicable to quantify the extent of the impact on the turnover at this time. The group is continuing to monitor the impact on its employees and operations, however the directors have a reasonable expectation that the group has adequate resources to continue operational existence and do not anticipate an impact on going concern. Given the emergence and spread of COVID-19 occurred during 2020, this is considered to be a non-adjusting post balance sheet event and so the measurement of assets and liabilities in the financial statements have not been adjusted for its potential impact.

Statement by the directors in performance of their statutory duties in accordance with s172(1) Companies Act 2006

The board of directors of Permira Advisers (London) Limited must act in accordance with a set of general duties. These duties are set out in s172(1)(a-f) of the UK Companies Act 2006 which is summarised as follows:

'A director of a company must act in the way they consider, in good faith, would be most likely to promote the success of the company for the benefit of its shareholders as a whole and, in doing so have regard (amongst other matters) to:

- . The likely consequences of any decisions in the long-term;
- The interests of the company's employees;
- The need to foster the company's business relationships with suppliers, customers and others;
- The impact of the company's operations on the community and environment;
- The desirability of the company maintaining a reputation for high standards of business conduct; and
- The need to act fairly as between shareholders of the Company."

Strategic Report (continued) for the year ended 31 December 2019

In addition to its responsibilities for evaluating the group's risks and uncertainties, as detailed above, the following paragraphs summarise ways in which the directors fulfil their duties:

Governance and Risk Management

Sound governance arrangements are essential to the proper operation of the group in its activities. In the year the directors continued to monitor the company's governance arrangements and policies, and ensured the group's practices continued to be appropriate for the business it conducts and the manner and locations in which it is conducted.

Culture, Values and Standards

The group is committed to maintaining the highest standards across the range of its activities, and business principles form a key part of the group's commitment to corporate responsibility. Every partner and employee in the group is expected to conduct themselves and their activities in accordance with both the letter and spirit of these principles. The directors continue to monitor adherence to the group code of conduct and business principles.

Community and Environment

The group maintains a sustainability policy including a commitment to compliance with local, national and international legal requirements relating to environmental, health and safety, labour and working conditions and other ESG-related matters. All group entities are encouraged to consider and align with international standards, sector sustainability initiatives and other international guidelines, as appropriate. During the year the directors endorsed the group's decision to develop ESG guidelines for Permira fund portfolio companies, and drive engagement with portfolio companies on ESG issue during the investment period, to understand how they could drive performance improvement, risk mitigation and value creation.

Key Performance Indicators ("KPIs")

Given the nature of the business, the company's directors are of the opinion that analysis using KPIs is not necessary for an understanding of the development, performance or position of the business.

On behalf of the board

Duncan Smith, Director

1 May 2020

Directors' Report for the year ended 31 December 2019

The directors present their report and the audited financial statements of the group and company for the year ended 31 December 2019.

Future developments

The directors believe that the group will continue to be profitable in 2020. The group expects to continue to provide investment advisory services.

Results and dividends

The results for the group (Permira Advisers (London) Limited and its subsidiaries) show a total comprehensive income of £4,859,000 (2018: £6,152,000) for the year. During the year the group distributed dividends of £3,086,000 (2018: £1,434,000).

On 8 August 2018 Permira Advisers Group Holdings Limited entered into a sale and purchase agreement to purchase the entire issued share capital of Permira Advisers (London) Limited from Permira Advisers LLP. Also on 8 August 2018, Permira Advisers Group Holdings Limited sold its shares in all non-UK entities to Permira Advisers (London) Limited in exchange for shares issued to Permira Advisers Group Holdings Limited by Permira Advisers (London) Limited.

Going Concern

On the basis of their assessment of the group's financial position and resources, the directors believe that the group is well placed to manage its business risks. Therefore the directors have a reasonable expectation that the group has adequate resources to continue in operational existence for at least twelve months from the date of authorisation of the financial statements. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Directors and Company Secretary

The directors of the company who were in office during the year and up to the date of signing the financial statements were:

Peter Gibbs

Duncan Smith

The secretary of the company during the year to 31 December 2019 and as at 31 December 2019 was Burness Paull LLP.

Directors' Report (continued)

for the year ended 31 December 2019

Directors' indemnity

Permira Holdings Limited is the Policyholder for the Permira Group's directors and Officers programme. The policy covers all Directors and Officers of the Policyholder and of the Policyholder's subsidiaries, which includes Permira Advisers (London) Limited. The directors can confirm that the policy has been in place during the year and remains in place at the balance sheet date, and up to the date of approval of the directors' report.

Statement as to disclosure of information to independent auditors

In the case of each director in office at the date that the Directors' Report was approved:

- So far as the directors are aware, there is no relevant audit information of which the company's auditors are unaware; and
- each director has taken all the steps that he or she ought to have taken as a director in order to make himself or herself aware of any relevant audit information and to establish that the company's auditors are aware of that information.

The confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

Statement of engagement with suppliers, customers and others in a business relationship with the Company

. The Strategic Report on page 4 sets out details of the company's values and approach to business conduct.

Independent auditors

PricewaterhouseCoopers LLP have signified their willingness to continue in office and a resolution to re-appoint them as auditors will be proposed at the forthcoming annual general meeting.

On behalf of the board

Duncan Smith, Director

1 May 2020

Statement of Directors' Responsibilities

for the year ended 31 December 2019

The directors are responsible for preparing the financial statements in accordance with applicable law and regulation.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the group and company financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and the company and of the profit or loss of the group for that period. In preparing the financial statements, the directors are required to:

- · select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 102, have been followed, subject to any material departures disclosed and explained in the financial statements;
- · make judgements and accounting estimates that are reasonable and prudent; and
- prepare the group and company financial statements on the going concern basis unless it is inappropriate to presume that the group and company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the group's and company's transactions and disclose with reasonable accuracy at any time the financial position of the group and company and enable them to ensure that the financial statements comply with the Companies Act 2006.

The directors are also responsible for safeguarding the assets of the group and company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

On behalf of the board

Duncan Smith, Director

1 May 2020

Independent Auditors' Report

to the Members of Permira Advisers (London) Limited

Report on the audit of the financial statements

Opinion

In our opinion, Permira Advisers (London) Limited's group financial statements and company financial statements (the "financial statements"):

- give a true and fair view of the state of the group's and of the company's affairs as at 31 December 2019 and of the group's profit and cash flows for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law); and
- · have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual Report, which comprise: the Consolidated and Company Statements of Financial Position as at 31 December 2019; the Consolidated Statement of Comprehensive Income, the Consolidated Cash Flow Statement, and the Consolidated and Company Statements of Changes in Equity for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our report.

Independence

We remained independent of the group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the group's and company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the group's and company's ability to continue as a going concern.

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic Report and Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Independent Auditors' Report (continued)

to the Members of Permira Advisers (London) Limited

Based on the responsibilities described above and our work undertaken in the course of the audit, ISAs (UK) require us also to report certain opinions and matters as described below.

Strategic Report and Directors' Report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic Report and Directors' Report for the year ended 31 December 2019 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the group and company and their environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic Report and Directors' Report.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of Directors' Responsibilities set out on page 8, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other required reporting

Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- · certain disclosures of directors' remuneration specified by law are not made; or
- the company financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

The notes on pages 16 to 26 form part of these financial statements.

Notes to the Financial Statements

1 Statement of compliance

The consolidated financial statements of Permira Advisers (London) Limited have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102, "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS 102") and the Companies Act 2006.

2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

The financial statements have been prepared in accordance with applicable accounting standards, and under the historical cost convention.

(b) Going concern

On the basis of their assessment of the group's financial position and resources, the directors believe that the group is well placed to manage its business risks. Therefore the directors have a reasonable expectation that the group has adequate resources to continue in operational existence for at least 12 months from the date of authorisation of the financial statements. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

(c) Basis of consolidation

The group consolidated financial statements include the financial statements of the company and all its subsidiary undertakings made up to 31 December.

On 8 August 2018 Permira Advisers Group Holdings Limited entered into a sale and purchase agreement to purchase the entire issued capital of Permira Advisers (London) Limited from Permira Advisers LLP. Also on 8 August 2018, Permira Advisers Group Holdings Limited sold its shares in all non-UK entities to Permira Advisers (London) Limited in exchange for shares issued to Permira Advisers Group Holdings Limited by Permira Advisers (London) Limited.

In order to present a true and fair view of the Permira Advisers (London) Limited Group the abovementioned transaction (the "Transaction") was accounted for in accordance with FRS 102 section 5 and the principles of merger accounting. The main consequence of adopting merger rather than acquisition accounting is that the balance sheet of the merged group includes the assets and liabilities of each of the group's subsidiaries at their carrying values prior to the merger, subject to any adjustments to achieve uniformity of accounting policies, rather than at their fair values at the date of the merger.

Had merger accounting not been adopted in the preparation of the prior year financial statements goodwill of approximately £28 million, with an useful economic life of 20 years would have been recorded in the consolidated balance sheet, with an associated amortisation charge for the period from merger to 31 December 2018 of £600,000. These approximations were made based on the fair value of the underlying entities.

A subsidiary is an entity controlled by the group. Control is the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. Where the group owns less than 50% of the voting powers of an entity but controls the entity by virtue of an agreement with other investors which give it control of the financial and operating policies of the entity, it accounts for that entity as a subsidiary.

Where a subsidiary has different accounting policies to the Group, adjustments are made to those subsidiary financial statements to apply the Group's accounting policies when preparing the consolidated financial statements.

All intra-group transactions, balances, income and expenses are eliminated on consolidation. Adjustments are made to eliminate the profit or loss arising on intra-group transactions.

As permitted by Section 408 of the Companies Act 2006, no separate profit and loss account or statement of comprehensive income is presented in respect of the company. The profit for the financial year dealt with in the financial statements of the company was £8,290k (2018: £1,366k).

(d) Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses. Cost includes the original purchase price, costs directly attributable to bringing the asset to its working condition for its intended use, dismantling and restoration costs. These assets are depreciated over the expected useful economic life.

The expected useful economic lives of the tangible fixed assets are as follows:

Computer equipment 259
Furniture and fittings 209

2 Summary of significant accounting policies (continued)

(e) Investments

Investments in subsidiaries are carried or accounted for at cost less accumulated impairment losses.

(f) Revenue

Turnover represents amounts invoiced, excluding VAT, in respect of services provided and is recognised when due.

Dividend income is accounted for when the group's right to receive these dividends is established, net of tax credits and gross of any applicable withholding tax.

(g) Expenses

Expenditure is accounted for on the accruals basis.

(h) Leased assets

At inception the group assesses agreements that transfer the right to use assets. The assessment considers whether the arrangement is, or contains, a lease based on the substance of the arrangement.

(i) Operating leased assets

Leases that do not transfer all the risks and rewards of ownership are classified as operating leases. Payments under operating leases are charged to the consolidated statement of comprehensive income on a straight-line basis over the period of the lease.

Incentives received to enter into an operating lease are credited to the consolidated statement of comprehensive income, to reduce the lease expense, on a straight-line basis over the period of the lease.

(j) Financial instruments

The group has chosen to adopt Sections 11 and 12 of FRS 102 in respect of financial instruments.

i) Financial assets

Basic financial assets, including trade and other receivables, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest.

Such assets are subsequently carried at amortised cost using the effective interest method.

At the end of each reporting period financial assets measured at amortised cost are assessed for objective evidence of impairment. If an asset is impaired the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in the consolidated statement of comprehensive income immediately.

If there is decrease in the impairment loss arising from an event occurring after the impairment was recognised the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been had the impairment not previously been recognised. The impairment reversal is recognised in the consolidated statement of comprehensive income immediately.

Financial assets are derecognised when (a) the contractual rights to the cash flows from the asset expire or are settled, or (b) substantially all the risks and rewards of the ownership of the asset are transferred to another party or (c) control of the asset has been transferred to another party who has the practical ability to unilaterally self the asset to an unrelated third party without imposing additional restrictions.

ii) Financial liabilities

Basic financial liabilities, including creditors, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Creditors are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Financial liabilities are derecognised when the liability is extinguished, that is when the contractual obligation is discharged, cancelled or expires.

2 Summary of significant accounting policies (continued)

(k) Foreign currency

The group and company's functional and presentation currency is GBP.

Transactions denominated in foreign currencies are translated at the exchange rate ruling on the date on which the transaction occurred and monetary assets and liabilities are translated at the rate ruling at the Statement of Financial Position date.

Foreign exchange gains and losses are included in the Consolidated Statement of Comprehensive Income, except where noted below.

On consolidation of foreign currency subsidiaries, their results are translated into GBP at average rates of exchange for the year and all assets and liabilities are translated at the rate of exchange at the reporting date. Exchange differences arising from the retranslation of the opening net assets of subsidiaries which have currencies of operation other than GBP are taken to "Other comprehensive income", together with the differences arising from their results which are translated at average rates and compared with rates ruling at the reporting date.

(I) Taxation and deferred taxation

Taxation expense for the period comprises current and deferred tax recognised in the reporting period. Taxation represents the amount estimated to be payable or recoverable in respect of the taxable profit or loss for the period, along with adjustments to estimates in respect of previous periods.

Deferred taxation has been recognised as a liability or asset if a transaction has occurred at the reporting date that gives rise to an obligation to pay more or less taxation in the future. An asset is not recognised to the extent that the transfer of economic benefits in future is uncertain. Deferred taxation assets and liabilities recognised have not been discounted.

(m) Provisions

Provisions are recognised when the group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation; and the amount of the obligation can be estimated reliably. They are reviewed at each reporting date and adjusted to reflect the current best estimate of the final amount required to settle the obligation.

(n) Cash and cash equivalents

Cash and cash equivalents include bank balances and short term maturity deposits held at call. Bank overdrafts, if any, are shown within borrowings in current liabilities on the Statement of Financial Position. Cash and cash equivalents are stated at face value.

(o) Related parties

The company is a wholly owned subsidiary of Permira Holdings Limited ("PHL") and is included in the consolidated financial statements of PHL. Consequently the company is exempt under FRS 102 Section 33.1A from disclosing related party transactions with other wholly owned entities that are part of the PHL group.

(p) Employee benefits

The Group provides a range of benefits to employees, including short-term benefits and annual bonus arrangements, A severance pay benefit arrangement ("TFR scheme") is provided for employees of Permira Associati SPA.

i) Short term benefits

Short term benefits, including non-monetary benefits, are recognised as an expense in the period in which the service is received. In respect of annual bonus arrangements, an expense is recognised when the Group has a legal or constructive obligation to make payments as a result of past events and a reliable estimate of the obligation can be made.

ii) TFR scheme

The TFR Scheme is provided to employees of Permira Associati SPA in accordance with Italian employment legislation. The TFR Scheme defines the benefit that the participants will receive on leaving, dependent on one or more factors such as length of service and annual salary. The legal obligation for the payment of all amounts under the scheme remains with the Group.

The liability recognised in the Statement of Financial Position in respect of the TFR Scheme is the present value of the annuity obligation at the reporting date and this obligation is calculated annually using the projected unit credit method. The present value of the obligation is determined by discounting the estimated future payments using a defined discount rate as communicated by The National Institute for Statistics ("ISTAT").

Gains and losses arising from experience adjustments and changes in assumptions are charged or credited to other comprehensive income.

Directors

The directors of the company are paid by Permira Advisers LLP, an entity under the common control of the Permira Group, for the services that they provide across the wider Permira Group. The company did not make any payments to the directors in the year (2018: £nil), and no allocation of their payment is done across the relevant entities within the Permira Group. The directors are the key management personnel for the group and company.

Trafalgar Court Les Banques St Peter Port Guernsey GY1 6DJ

19 Post balance sheet event

Since the reporting date, the outbreak of the COVID-19 has had a significant impact globally. The full effects of the virus are still not known and it is not practicable to quantify the extent of the impact on the turnover at this time. The group is continuing to monitor the impact on its employees and operations, however the directors have a reasonable expectation that the group has adequate resources to continue operational existence and do not anticipate an impact on going concern. Given the emergence and spread of COVID-19 occurred during 2020, this is considered to be a non-adjusting post balance sheet event and so the measurement of assets and liabilities in the financial statements have not been adjusted for its potential impact.
