STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE DIRECTORS' REPORT AND THE FINANCIAL STATEMENTS

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice).

The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that its financial statements comply with the Companies Act 1985. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

This report is made solely to the company's members, as a body, in accordance with section 235 of the Companies Act 1985. We read the Directors' Report and consider the implications for our report if we become aware of any apparent misstatements within it.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 December 2007

1 STATEMENT OF ACCOUNTING POLICIES

(a) Basis of preparation

The financial statements have been prepared in accordance with applicable accounting standards, under the historical cost accounting convention and on a going concern basis

As the Company is a wholly owned subsidiary undertaking of BUPA, a company registered in England and Wales and which publishes consolidated accounts, the Company has, pursuant to paragraph 17 of Financial Reporting Standard No 8 Related Party Disclosures (FRS 8), not included details of transactions with other companies which are subsidiary undertakings of the BUPA Group. There were no other related party transactions.

Accounting conventions

A summary of the more significant accounting policies, which have been applied consistently, is set out below

(b) Cash flow statement

Under Financial Reporting Standard No 1 Cash Flow Statements (revised 1996) (FRS 1) the Company is exempt from the requirement to prepare a cash flow statement, on the grounds that it is a wholly owned subsidiary undertaking of BUPA, a company that prepares a consolidated cash flow statement for the BUPA Group

(c) Taxation including deferred taxation

The charge for taxation is based on the result for the year and takes into account deferred tax

Deferred tax is provided in full on all timing differences that have originated, but not reversed, at the balance sheet date which result in an obligation to pay more, or a right to pay less or to receive more, tax with the following exceptions

- Provision is made for tax on gains arising from the revaluation of property to its market value, the fair value adjustment of fixed assets, or gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned and without it being possible to claim rollover relief. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold
- Deferred tax assets are recognised only to the extent that it is considered more likely than not that there will be suitable taxable profits from which the underlying timing differences can be deducted

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on current tax rates and laws

Trading losses surrendered to other Group subsidiary undertakings are made on a full payment basis
