# NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 JANUARY 2010

#### 1 Accounting policies

#### 1.1 Accounting convention

The financial statements are prepared under the historical cost convention modified to include the revaluation of freehold land and buildings and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

#### 1.2 Turnover

Turnover represents amounts receivable for goods and services net of VAT and trade discounts

#### 1.3 Goodwill

Acquired goodwill is written off in equal annual instalments over its estimated useful economic life

#### 1.4 Tangible fixed assets and depreciation

Tangible fixed assets include investment properties professionally valued by Chartered Surveyors on an existing use open market value basis. Other tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation less estimated residual value of each asset over its expected useful life, as follows.

Plant and machinery
Fixtures, fittings & equipment

15% per annum reducing balance 15% per annum reducing balance

Investment properties are included in the balance sheet at their open market value. Depreciation is provided only on those investment properties which are leasehold and where the unexpired lease term is less than 20 years.

Although this accounting policy is in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), it is a departure from the general requirement of the Companies Act 2006 for all tangible assets to be depreciated. In the opinion of the directors compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified.
