The directors note with sadness the death of Mr P J Atkinson, Joint Company Secretary, on 21 January 2006.

DIRECTORS' RESPONSIBILITIES

The directors are required by the Companies Act 1985 to prepare accounts for each financial year and have elected to prepare them in accordance with International Financial Reporting Standards. They are responsible for preparing accounts that present fairly the financial position, financial performance, and cash flows of the Company. In preparing those accounts, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the accounts; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the Annual report and accounts complies with the Companies Act 1985. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF C.S.G. CLAIMS SERVICES LIMITED

We have audited the financial statements of C.S.G. Claims Services Limited for the year ended 31 December 2005 which comprise the income statement, the balance sheet, the statement of changes in equity, the cash flow statement, the accounting policies and the related notes to the accounts 2 to 18. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the Company's members, as a body, in accordance with section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

The directors' responsibilities for preparing the Annual Report and the financial statements in accordance with applicable United Kingdom law and those International Financial Reporting Standards (IFRSs) as adopted for use in the European Union are set out in the statement of directors' responsibilities.

Our responsibility is to audit the financial statements in accordance with relevant United Kingdom legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view in accordance with the relevant framework and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and other transactions is not disclosed.

We read other information contained in the directors' report, and the other information in the annual report and consider the implications for our audit if we become aware of any apparent misstatements or material inconsistencies with the financial statements.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the circumstances of the Company and the group, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion:

- 1. the financial statements give a true and fair view, in accordance with those IFRSs as adopted for use in the European Union, of the state of the Company's affairs as at 31 December 2005 and of its profit for the year then ended; and
- 2. the financial statements have been properly prepared in accordance with the Companies Act 1985.

Separate opinion in relation to IFRS

As explained in Note 1.1, the Company, in addition to complying with its legal obligation to apply those IFRSs adopted for use in the European Union, has also complied with the IFRSs as issued by the International Accounting Standards Board. Accordingly, in our opinion the financial statements give a true and fair view, in accordance with IFRSs, of the state of the Company's affairs as at 31 December 2005 and of its profit for the year then ended.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2005

1. ACCOUNTING POLICIES

1.1 Adoption of International Financial Reporting Standards

The financial statements have, for the first time, been prepared in accordance with International Financial Reporting Standards (IFRS) adopted for use in the European Union and therefore comply with Article 4 of the EU IAS regulation. The financial statements also comply with those parts of the Companies Act 1985 applicable to companies reporting under IFRS. The date of transition to IFRS for the Company and the date of its opening IFRS balance sheet was 1 January 2004.

1.2 Basis of preparation

The financial statements have been prepared on the historical cost basis.

1.3 Revenue recognition

Invoices are issued on a monthly basis for commissions receivable from customers, and the revenue is recognised in full on the date of the invoice.

With respect to the fixed term contracts, quarterly invoices are issued to the customer for the current month and two months in advance. The revenue for the current month is recognised immediately, and the remainder is deferred over the following two months to which the service relates. The arrangements are contractual and the cost of providing the service is incurred as the service is rendered. The price is usually fixed and always determinable.

1.3 Vehicles

Vehicles are stated at historical cost less accumulated depreciation.

Depreciation is charged to the income statement on a straight-line basis so as to write off the depreciable amount of vehicles over their estimated useful lives. The depreciable amount is the cost of an asset less its residual value. Estimated useful lives are as follows:

- Vehicles - 5 years

1.4 Financial assets

Loans and receivables – financial assets with fixed or determinable repayments that are not quoted in an active market are classified as loans and receivables.

1.5 Impairment of financial assets

The Company assesses at each balance sheet date whether there is any objective evidence that a financial asset or group of financial assets classified as loans and receivables is impaired. A financial asset or portfolio of financial assets is impaired and an impairment loss incurred if there is objective evidence that an event or events since initial recognition of the asset have adversely affected the amount or timing of future cash flows from the asset.

1.6 Taxation

Provision is made for taxation at current enacted rates on taxable profits, arising in income or in equity, taking into account relief for overseas taxation where appropriate.

Deferred taxation is accounted for in full for all temporary differences between the carrying amount of an asset or liability for accounting purposes and its carrying amount for tax purposes.

Deferred tax assets are only recognised to the extent that it is probable that they will be recovered.

1.7 Transactions with related parties

IFRS requires all entities to disclose related party transactions. The Company's policy is to have regard to materiality from both the shareholders' and related party's perspective.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2005

1. ACCOUNTING POLICIES (Continued)

1.8 Cash and cash equivalents

Cash and cash equivalents comprises cash on hand and demand deposits with banks together with short-term highly liquid investments that are readily convertible to known amounts of cash and subject to insignificant risk of change in value

Under IAS 7 the Company is producing a cash flow statement using the indirect method. This shows an explanation of the movement in cash and cash equivalents as defined above.

1.9 Borrowings

Borrowings comprises bank overdrafts and inter company loans. Interest on inter company loans is recognised in the income statement as interest expense.

The Company classifies a financial instrument that it issues as a financial liability or an equity instrument in accordance with the substance of the contractual arrangement. An instrument is classified as a liability if it is a contractual obligation to deliver cash or another financial asset, or to exchange financial assets or financial liabilities on potentially unfavourable terms. An instrument is classified as equity if it evidences a residual interest in the assets of the Company after the deduction of liabilities.

1.10 Accounting developments

The International Accounting Standards Board (IASB) has issued IFRS 7 'Financial Instruments: Disclosures' in August 2005. The standard replaces IAS 30 'Disclosures in the Financial Statements of Banks and Similar Financial Institutions' and the disclosure provisions in IAS 32 'Financial Instruments: Disclosure and Presentation'. IFRS 7 requires disclosure of the significance of financial instruments for an entity's financial position and performance and of quantitative information about exposure to risks arising from financial instruments. The Standard is effective for annual periods beginning on or after 1 January 2007.

At the same time the IASB issued an amendment 'Capital Disclosures' to IAS 1 'Presentation of Financial Statements'. It requires disclosures about an entity's capital and the way it is managed. This amendment is also effective for annual periods beginning on or after 1 January 2007.

The Company is reviewing the above standards and amendments to determine their effect if any on its financial reporting.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2005

2. MANAGEMENT OF FINANCIAL RISK

The Company has financial risk exposures. This section summarises these risks and the way the Company manages these.

2.1 Financial risk

The Company is a member of the Insurance Division of The Royal Bank of Scotland Group plc. As such, the Company benefits from services provided by specialist teams and risk management procedures and controls which are applied consistently across the Division. The disclosures below relate to the Insurance Division as a whole.

The Division is exposed to financial risk through its financial assets and financial liabilities (borrowings). The Division's financial risk is concentrated within its investment portfolio. This portfolio is managed in accordance with the RBS Insurance Investment Policy and Investment Guidelines. These are drawn up in compliance with the objectives and risk appetite parameters set by The Royal Bank of Scotland Group plc and are approved by the RBS Insurance Group Limited Board. The Investment Policy is operated by the Investment Management Committee, which is made up of Senior Executives of both the Insurance Division and the Company, and the Funds Management Committee.

The Investment Management Committee (IMC)

The IMC determines high level policy and controls, covering such areas as safety, liquidity and performance. It meets half-yearly to evaluate risk exposure, the current strategy and to consider investment recommendations submitted to it. Any strategy changes are included in a revised Terms of Reference for the Funds Management Committee and the Division's Investment Policy and Guidelines are updated to reflect the changes.

The Funds Management Committee (FMC)

The FMC's Terms of Reference includes:

- To ensure that the day-to day investment management is carried out effectively in accordance with the Investment Policy and Investment Guidelines
- To develop and maintain an investment strategy that is appropriate to the circumstances of the Division and satisfies all regulators
- To review the appointment and dismissal of investment advisers and the suitability of investment and dealing recommendations having regard to the nature of the investment and the circumstances of the Division
- Report non compliance to the Division and the RBS Insurance Group Limited Board

The FMC meets on a monthly basis to review summary portfolios and to review any new investment proposals. If there are any portfolio positions outside the investment strategy the fund manager is instructed to rectify the position.

The Investment Policy sets out its objectives as:

- The safety of the portfolio's principal both in economic terms and from an accounting and reporting perspective
- To maintain sufficient liquidity to provide cash need for operations
- To maximise the portfolio's total return within the constraints of the other objectives and the limits defined by the Investment Guidelines

To achieve these objectives the portfolio is required to be split between Operating Funds and Long-Term Funds. Operating Funds are those needed for current business operations and to support identified liabilities, together with an adequate safety margin, and must always be at least 35% of the total portfolio. The remainder of the portfolio is classified as long term. Derivatives may only be used for the purposes of reducing investment risks and efficient portfolio management. The Investment Guideline set out asset allocation rules and controls for each component part of the portfolio as follows:

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2005

2. MANAGEMENT OF FINANCIAL RISK (Continued)

Operating Funds

- a) Asset Allocation The Operating Funds segment of the investment portfolio shall only be invested in high quality liquid fixed and floating rate interest securities and in cash (bank deposits). Qualifying investments include:
- Bank Deposits
- Certificates of Deposit (CDs) and Commercial Paper (CP)
- Floating Rate Notes (FRNs)
- Government securities with maturities up to five years (including index linked)
- Listed Debt Securities with maturity up to five years

Investments should be managed to ensure a reasonably even spread of maturities over the forthcoming three-month period. In addition, the maturity profile must take account of any potential market price reduction due to interest rate or credit risk.

- Investments must be denominated in Sterling
- Investments in subordinated debt issued by Institutions authorised by the FSA may be made up to the specific limits agreed with Royal Bank of Scotland Group plc risk division
- All debt securities must have a pre-determined fixed coupon or an unrestricted variable coupon positively linked to a recognised market rate. They must also have a definitive maturity date
- The use of Futures and Forward Rate Agreements ("FRAs") are permitted strictly for the purpose of locking in yields or as an expedient method of investing in or hedging, subject to normal limits. It is expressly forbidden to use Futures or Options for gearing purposes
- Stock lending of securities is permitted within the limits agreed with Royal Bank of Scotland Group plc risk division
- b) Controls Bank Deposits up to one year may be approved by one member of the IMC. Other transactions must be approved by at least two members of the IMC. Any investment not specifically named in the limits agreed with Royal Bank of Scotland Group plc risk division must be approved by at least three members of the IMC.

Long Term Funds

- a) Asset Allocation To achieve its investment objective, the Long-Term Funds segment of the investment portfolio may be invested in the following asset classes, in addition to those mentioned in the Operating Funds.
- Equities
- Property
- Fixed Interest Debt Securities (five to fifteen years)
- Floating Rate Debt Securities (up to forty years)

Opportunistic investments in individual equity stocks will also be allowed up to a maximum of £50m and will be held as an Individual Equity Fund. This type of investment purchased for this portfolio would typically be those which are of undoubted credit quality and offer a good dividend yield. It is likely that such stocks would be liquid and traded on one of the major world stock exchanges.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2005

2. MANAGEMENT OF FINANCIAL RISK (Continued)

b) Controls

- Investments will normally be denominated in Sterling. Suitable opportunities to invest in other currencies are permitted up to 10% (by reference to market value) of total invested funds
- Apart from currency investments, no other currency transactions are permitted except those which are specifically designed to hedge the risk associated with an underlying currency investment
- Bank Deposits up to one year may be approved by one member of the IMC, where there is a specific credit limit in place
- All debt securities must have a pre-determined fixed coupon or an unrestricted variable coupon positively linked to a
 recognised market rate. They must also have a definitive maturity date
- The use of Futures and Forward Rate Agreements ("FRAs") are permitted strictly for the purpose of locking in yields or as an expedient method of investing in or hedging, subject to normal limits. It is expressly forbidden to use Futures or Options for gearing purposes
- Stock lending of securities is permitted within the limits agreed with Royal Bank of Scotland Group Risk
- All equity purchases, with the exception of the Individual Equity Fund, must be purchased through one of the Investment Managers retained to run the equity funds. Any additional investments in any of the funds, other than reinvestment, must be approved by the IMC
- The RBS Insurance Group Limited Board must approve any property purchased for the sole purpose of investment. Other than owner occupied premises, property investments shall be restricted to single tenant occupied office buildings with a 'blue-chip' covenant
- Fixed interest investments with a maturity up to fifteen years may be purchased if approved by at least two members of the IMC and must be within the limits as agreed with Royal Bank of Scotland Group plc risk division. Any investment where no specific prior limit has been approved by Royal Bank of Scotland Group plc risk division must be approved by at least three members of the IMC
- Floating rate investments with a maturity up to forty years may be purchased if approved by at least two members of the IMC, and must be within the limits as agreed with Royal Bank of Scotland Group plc risk division. Any investment where no specific prior limit has been approved by Royal Bank of Scotland Group plc risk division must be approved by at least three members of the IMC
- As mentioned above any purchase for the Individual Equity Fund must not exceed the portfolio limit of £50m and must be approved by the IMC plus either the Chairman of RBS Insurance or the Chairman of The Royal Bank of Scotland Group plc. Due regard will be had to the regulator's admissibility limits and the total exposure aggregated with other debt or equity exposures to that name. Where the investment is to be made in a foreign currency, it is likely that the cost price would be hedged in the underlying currency

In general, the long-term fund will be invested in a manner such that at least 90% (by market value) of the investments are admissible assets for regulatory purposes.

The most important components of financial risk are market risk, credit risk and liquidity risk.

2.2.1 Market risk (comprising interest rate risk)

Market risk encompasses any adverse movement in the value of assets as a consequence of market movements such as interest rates, credit spreads, foreign exchange rates, equity prices and property valuations.

Exposure to market risk is managed in accordance with the guidelines set out in the RBS Insurance Division Investment Policy as detailed above.

2.2.2 Credit Risk

Division is 'Investment Counterparty'. This arises from the investment of monies in the range of investment vehicles permitted by the Investment Policy.

The Royal Bank of Scotland Group plc risk management division sets standards for maintaining and developing credit risk management throughout The Royal Bank of Scotland Group plc. This is achieved via a combination of governance structures, credit risk policies, control processes and infrastructure collectively known as the Group's Credit Risk Management Framework ("CRMF").

CRMF. The RBS Insurance Group Limited CRMF sets out the prior approval process for credit exposures and provides for appropriate analysis and reporting of these exposures at both the Division and The Royal Bank of Scotland Group plc level. Where appropriate, larger credit exposures are aggregated with other credit exposures, elsewhere in the Group for credit approval and monitoring purposes.

The following table analyses the credit exposure of the Company by type of asset.

2.2.3 Liquidity risk

Liquidity risk is the potential that obligations cannot be met as they fall due as a consequence of having a timing mismatch.

The management of liquidity risk within the RBS Insurance Division is undertaken within the limits and other policy parameters set out in the Investment Guidelines. The asset class and maturity parameters contained within this policy are summarised above. Compliance is monitored both in respect of the internal policy and the regulatory requirements of the FSA, where appropriate.

18. TRANSITION TO IFRS

This is the first year that the company has presented its financial statements under IFRS. The following disclosures are required in the year of transition. The Company's previous financial statements under UK GAAP were for the year ended 31 December 2004 and the date of transition to IFRSs was therefore 1 January 2004.

Analysis of IFRS adjustments, excluding IAS32

There are no differences between UK GAAP and IFRS and therefore no income statement for the year ended 31 December 2004 or reconciliation of equity at 1 January 2004 or 31 December 2004 have been presented.
