DIRECTORS' REPORT

The directors submit their annual report and the audited financial statements for the year ended 31 December 2012. This report has been prepared in accordance with the special provisions relating to small companies within Part 15 of the Companies Act 2006.

PRINCIPAL ACTIVITY AND REVIEW OF THE BUSINESS

The principal activity of the Company is the leasing of commercial properties, commercial vehicles, plant and equipment through finance lease transactions, and is likely to remain so for the foreseeable future. This is done either by the Company acquiring the asset itself or by facilitating an asset purchase on behalf of a lessee.

At the start of the year the Company had an outstanding lease, with a receivable of £23,899,546 that was due to expire on 2 July 2012. On 29 June 2012 this lease was terminated, and the underlying asset sold, resulting in the Company recording a loss of £327,966 (which is included within the income from finance leases figure for the year).

During the year the Company entered into arrangements with a third party whereby the Company agreed to acquire certain assets which were then leased on to the third party. Prior to the acquisitions, the third party made contributions to the Company, equal to the total purchase price of the assets, under Deeds of Contribution. The legal form of the transactions resulted in the Company earning an upfront participation fee of £721,123 and lease income of £159,102 over the life of the leases. However, whilst the legal form of the arrangements were finance leases, the directors have determined that a more appropriate accounting presentation, given the substance of the transactions, would be to recognise the arrangement as a facilitation arrangement for which the Company earned a fee (being the aggregate of the participation fee, the lease rentals and either the option value for the third party to acquire the assets at the end of the lease or the share of net sales proceeds the Company would be entitled to retain on a market sale of the assets).

RESULTS AND DIVIDENDS

The results of the Company for the year are set out in detail on page 4.

The profit for the financial year was £493,925 (2011: loss of £504,896). On 21 December 2012 the directors paid an interim dividend of £400,000 (2011: £nil).

DIRECTORS

The directors of the Company who held office throughout the year and up to the date of signing the financial statements were as follows:

N G Aiken
R A Birch
P R Burrows
A D Levy

Certain directors benefited from qualifying third party indemnity provisions in place during the year.

DIRECTORS' REPORT (continued)

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with UK Generally Accepted Accounting Practice (UK Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

DISCLOSURE OF INFORMATION TO AUDITORS

The directors in office at the date of approval of this Directors' Report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditors are unaware, and each director has taken all the steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

INDEPENDENT AUDITORS

PricewaterhouseCoopers LLP have indicated their willingness to continue in office and will be re-appointed in accordance with Section 487 of the Companies Act 2006.

COMMERZBANK LEASING DECEMBER (12) LIMITED

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF COMMERZBANK LEASING DECEMBER (12) LIMITED

We have audited the financial statements of Commerzbank Leasing December (12) Limited for the year ended 31 December 2012 which comprise the Profit and Loss Account, the Balance Sheet and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Respective responsibilities of directors and auditors

As explained more fully in the Statement of Directors' Responsibilities set out on page 2, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the Company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Report and financial statements to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the Company's affairs as at 31 December 2012 and of its profit for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit, or
- the directors were not entitled to take advantage of the small companies' exemption in preparing the Directors' Report.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2012

1. ACCOUNTING POLICIES

Basis of preparation

The financial statements have been prepared on the going concern basis, under the historical cost convention, and in accordance with the requirements of the Companies Act 2006 and applicable accounting standards in the UK. The principal accounting policies, which have been applied consistently throughout the year, are set out below. In accordance with FRS 18 'Accounting Policies' the Company complies with relevant Statements of Recommended Practice (SORP). The relevant SORP for the Company is issued by the Finance & Leasing Association.

Going concern

As at the date of the signing of these financial statements the most material asset of the Company is a current account balance held with Commerzbank AG London Branch. The directors do not consider the recovery of the deposit to be a significant and material uncertainty and therefore continue to prepare the financial statements of the Company on a going concern basis.

Arrangements involving a lease

Where the Company enters into a transaction or a series of structured transactions (an arrangement) with an unrelated party or parties that involves the legal form of a lease, the directors assess the overall arrangement in order to conclude whether the arrangement should be accounted for as one linked transaction or whether the arrangement meets the definition of a lease under SSAP 21 "Accounting for leases and hire purchase contracts". In making this assessment, the directors consider whether the overall economic effect of the arrangement cannot be understood without reference to the series of transactions as a whole. This is the case, for example, when a series of transactions are closely interrelated, negotiated as a single transaction and take place concurrently or in a continuous sequence.

Funded acquisition of assets to be leased to a third party

In prior periods, all of the Company's arrangements met the definition of a lease and were therefore accounted for in accordance with the policy below on "Finance leases". During the current period, the Company entered into arrangements with a third party whereby the Company agreed to acquire certain assets which were then leased on to the third party. Prior to the acquisitions, the third party made contributions to the Company, equal to the purchase price of the assets, under Deeds of Contribution. The legal form of this transaction resulted in the Company earning an upfront participation fee of £721,123 and lease income of £159,102 over the life of the leases.

Whilst the legal form of these arrangements were finance leases, the directors have determined that the most appropriate accounting presentation, given the substance of the transaction, would be to recognise the arrangement as a facilitation arrangement for which the Company earned a fee (being the aggregate of the participation fee, the lease rentals and either the option value for the third party to acquire the assets at the end of the lease or the share of net sale proceeds the Company would be entitled to retain on a market sale of the assets).

Finance leases

Assets leased to clients are classified as finance leases if the lease agreement transfers substantially all of the risks and rewards of ownership to the lessee. The Company provides funding in the form of finance leases to corporate clients. The leases are based on providing the Company with a return appropriate to the credit risk on each client and do not expose the Company to residual value risk on the equipment or contingent liabilities.

Investments in finance leases are stated at the gross amount of minimum future rental payments less gross earnings allocated to future periods. The carrying value of the net investment in finance leases is adjusted for changes in future tax cash flows when changes in tax rates are substantively enacted.

Gross earnings from finance leases are allocated to the profit and loss account over the primary period of the lease using the net actuarial basis to give a constant periodic rate of return on the net cash investment in the leases and agreements. This method of income recognition is considered most appropriate for the leases held by the Company and is in compliance with recommended practice.

COMMERZBANK LEASING DECEMBER (12) LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the year ended 31 December 2012

1. ACCOUNTING POLICIES

Disposal of finance leases

The profit or loss on the disposal of finance leases represents the difference between the book value of the relevant lease receivable and the consideration received

Turnover

Turnover represents gross earnings net of rental rebates, impairments and the profit or loss on the disposal of finance leases, along with facilitation fees earned as part of the set up of transactions in the legal form of a lease

Taxation

The charge for taxation is based on the profit for the year

Full provision is made in the profit and loss account for taxation in respect of all differences in timing between the accounting and tax treatments of income and expenses. The timing differences are recognised as deferred tax liabilities or assets, measured at expected future tax rates. An asset is not recognised to the extent that the transfer of economic benefits in the future is uncertain. Deferred tax assets and liabilities are not discounted.

Related party transactions

The Company's ultimate parent undertaking, Commerzbank AG, prepares consolidated financial statements, which are publicly available. Accordingly advantage is taken in these financial statements of the exemptions available in FRS 8, 'Related Party Disclosures' for disclosure of transactions with entities that are part of the group or investees of group entities as related parties.

Cash flow statement

The Company has taken advantage of the exemption under FRS 1 (revised) 'Cash Flow Statements' not to prepare a cash flow statement on the grounds that the ultimate parent undertaking, Commerzbank AG, prepares consolidated financial statements, which are publicly available.

Foreign currencies

Monetary assets and liabilities in foreign currencies are translated into Sterling at mid-market closing rates of exchange ruling at the balance sheet date. All foreign exchange differences are taken to the profit and loss account in the year in which they arise. All revenue and expense items are translated at the rate applicable to the period when they are recognised.

2. TURNOVER

	2012 £	2011 £
Income from finance leases (net of impairments)	329,378	963,919

Gross rentals receivable in the year in respect of finance leases were £24,220,310 (2011 £2,426,301)

3. OPERATING PROFIT

All administrative expenses, including auditors' remuneration for services to the Company, were borne by Commerzbank AG London Branch. The Company had no employees during the year (2011 None). None of the directors received any emoluments in respect of their services to the Company (2011 £nil). The audit fee applicable in respect of this Company's financial statements was £13,750 (2011 £13,125), with no further services provided to the Company by the Company's auditors.

Timing differences exist in relation to accelerated capital allowances of £Nil (2011: £22,947,613), rental variation provisions of £Nil (2011: £1,057,779) and carried forward losses of £684,193 (2011: £23,067,953).

Due to the relationship between these timing differences, the associated deferred tax assets and liability have been offset rather than recognised separately. As a result, at 31 December 2012 the Company has a potential deferred tax asset of £157,364 (2011: £294,530), measured at the substantively enacted tax rate of 23% (2011: 25%), which has not been recognised in the financial statements due to insufficient future taxable income.
