BAS CONSULTANCY LIMITED

NOTES TO THE FINANCIAL STATEMENTS **FOR THE YEAR ENDED 31ST DECEMBER 2010**

1 ACCOUNTING POLICIES

The financial statements have been prepared in accordance with EU Endorsed International Financial Reporting Standards ("IFRS"), IFRIC interpretations and the Companies Act 2006 applicable to companies reporting under IFRS

Published standards that have not been enacted because the implementation date has not been reached are reviewed as part of the company's on-going IFRS compliance process

The principal accounting policies, which have been consistently applied, are set out below

Basis of preparation

The financial statements have been prepared on the historic cost basis

The financial statements have been prepared on a going concern basis as the ultimate holding company, WSP Group plc, has committed to provide full financial support to enable the Company to meet its liabilities as they fall due for at least the next twelve months

Trade and other receivables

Trade receivables are recognised and carried at original invoice amount less an allowance for uncollectable amounts. An estimate of uncollectable amounts is made when collection of the full amount is no longer probable. Uncollectable amounts are written off when identified

Sources of estimation uncertainty

The preparation of the financial statements requires the Company to make estimates, judgements and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and related disclosure of contingent assets and liabilities. The directors base their estimates on historical experience and various other assumptions that they believe are reasonable under the circumstances, the results of which form the basis for making judgements about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions
