Strategic report for the year ended 31 March 2020

The directors present their strategic report for the year ended 31 March 2020.

Principal activities

The principal activities of the company are the manufacturing and supply of soft gelatine encapsulation products and the provision of precision engineering services.

Review of business

The profit and loss account for the year is set out on page 9. Turnover decreased to just under £37.6m (2019: £41.4m) and profit before taxation decreased to £1.9m (2019: £3.6m). At the end of the year the company had net assets of £14.5m.

Given the straightforward nature of the business, the company's directors are of the opinion that analysis using KPIs other than those disclosed above is not necessary for an understanding of the development, performance or position of the business.

The directors consider the company to be well placed to take advantage of any opportunities that may arise.

In March 2020, the World Health Organisation declared the outbreak of coronavirus, COVID-19, as a pandemic. As a result, governments globally, including the UK Government, took unprecedented steps to mitigate against the effects of the outbreak. The directors have assessed the impact of COVID-19 on its operations and supply chain and do not expect there to be a significant impact on trading.

Sustainability

The directors are committed to ensuring the health, safety and welfare of the company's employees and to conducting its business in a way that creates social, environmental and economic value to all of its stakeholders. The directors have taken steps to ensure that the company's statutory duties are met at all times and they have identified a number of key metrics such as reportable accidents, lost time injury frequency and severity rate and CO2 emissions intensity with appropriate targets for improvement for those metrics to ensure that the company's activities meet its sustainability objectives.

Financial position

The directors have reviewed the adequacy of the funding available to the company to meet its operational requirements for the foreseeable future, and have concluded that it is appropriate to prepare these financial statements on the going concern basis.

Principal risks and uncertainties

The management of the business and execution of strategy are subject to a number of risks. Key business risks principally relate to market competition, both from a national and international perspective. Business risks are reviewed regularly by the directors and appropriate processes are put in place to monitor and mitigate their impact.

On behalf of the Board

A.M. WITH

A M Williams Director 16 June 2020

Directors' report for the year ended 31 March 2020

The directors present their report and the audited financial statements for the year ended 31 March 2020.

Future developments

The directors carry out a strategic review of the business on an annual basis and consider that it is well positioned to take advantage of business opportunities as they arise.

Dividends

A dividend of £2m (£0.69 per share) was approved and paid during the year (2019 : £nil).

Directors

The directors of the company who were in office during the year and up to the date of signing the financial statements are listed on page 2.

Each director has been a director for the whole of the year ended 31 March 2020 unless otherwise noted.

Financial risk management

The company's operations expose it to a variety of financial risks that include the effect of changes in market prices, credit risk, liquidity risk and interest rate cash flow risk. The company has in place a risk management programme that seeks to limit the adverse effects of debt finance and the related finance costs on the performance of the company.

Given the size of the company, the directors have not delegated the responsibility of monitoring financial risk management to a sub-committee of the board. The policy set by the board of directors is implemented by the company's finance department.

Price risk

The company is not exposed to any significant commodity price risk.

Credit risk

The company has implemented policies that require appropriate credit checks on potential customers before sales are made. The amount of exposure of any individual counterparty is subject to a limit which is assessed regularly by the board.

Liquidity, interest rate cash flow risk

The company is funded through inter-company debt. Interest rate risk, liquidity risk and the interest rate cash flow risk is managed by the DCC Plc (the ultimate holding company) board.

Auditors

KPMG, Chartered Accountants were reappointed as auditors pursuant to section 487 of the Companies Act 2006.

Statement on disclosure of information to auditors

The directors believe that they have taken all steps necessary to make themselves aware of any relevant audit information and have established that the Group's statutory auditors are aware of that information. In so far as they are aware, there is no relevant audit information of which the Group's statutory auditors are unaware.

Directors' report for the year ended 31 March 2020 (continued)

Subsequent events

The directors confirm to the best of their knowledge that there have been no subsequent events after the year end that would materially affect the financial statements.

Statement of directors' responsibilities in respect of the strategic report, the directors' report and the financial statements

The directors are responsible for preparing the strategic report, directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland.*

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of its profit or loss for that year. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are responsible for such internal controls as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

On behalf of the board

A M Williams Director 16 June 2020

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF EUROCAPS LIMITED

Opinion

We have audited the financial statements of Eurocaps Limited ('the Company') for the year ended 31 March 2020 (set out on pages 9 to 22), which comprise the profit and loss account, the balance sheet, the statement of changes in equity and related notes, including the summary of significant accounting policies set out in note1. The financial reporting framework that has been applied in their preparation is UK Law and FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

In our opinion, the accompanying financial statements:

- give a true and fair view of the assets, liabilities and financial position of the Company as at 31 March 2020 and of its profit for the year then ended;
- have been properly prepared in accordance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland; and
- have been properly prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with ethical requirements that are relevant to our audit of financial statements in the UK, including the Financial Reporting Council (FRC)'s Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We have nothing to report on going concern

The directors have prepared the financial statements on the going concern basis as they do not intend to liquidate the Company or to cease its operations, and as they have concluded that the Company's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over its ability to continue as a going concern for a least a year from the date of approval of the financial statements ("the going concern period").

We are required to report to you if we have concluded that the use of the going concern basis of accounting is inappropriate or there is an undisclosed material uncertainty that may cast significant doubt over the use of that basis for a period of at least twelve months from the date of approval of the financial statements. In our evaluation of the directors' conclusions, we considered the inherent risks to the Company's business model and analysed how those risks might affect the Company's financial resources or ability to continue operations over the going concern period. We have nothing to report in these respects.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the absence of reference to a material uncertainty in this auditor's report is not a guarantee that the Company will continue in operation.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF EUROCAPS LIMITED (continued)

Other information

The directors are responsible for the other information presented in the Annual Report together with the financial statements. The other information comprises the information included in the strategic and directors' report. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except as explicitly stated below, any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work we have not identified material misstatements in the other information.

Based solely on our work on the other information;

- we have not identified material misstatements in the directors' report or the strategic report;
- in our opinion, the information given in the directors' report and the strategic report is consistent with the financial statements;
- in our opinion, the directors' report and the strategic report have been prepared in accordance with the Companies Act 2006.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in these respects.

Respective responsibilities and restrictions on use

Responsibilities of directors for the financial statements

As explained more fully in the directors' responsibilities statement set out on page 5, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF EUROCAPS LIMITED (continued)

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements

Auditor's responsibilities for the audit of the financial statements (continued)

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities

The purpose of our audit work and to whom we owe our responsibilities

Our report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the financial statements for the year ended 31 March 2020

1. Accounting policies

EuroCaps Limited (the "Company") is a company limited by shares and incorporated and domiciled in the United Kingdom. The registered number of the company is 2878879 and the registered address is Crown Business Park, Dukestown, Tredegar, Gwent, NP22 4EF.

These financial statements were prepared in accordance with Financial Reporting Standard 102 *The Financial Reporting Standard* applicable in the UK and Republic of Ireland ("FRS 102"). The presentation currency of these financial statements is sterling. All amounts in the financial statements have been rounded to the nearest £1,000.

The Company's ultimate parent undertaking, DCC plc, includes the Company in its consolidated financial statements. The consolidated financial statements of DCC plc are prepared in accordance with International Financial Reporting Standards as adopted by the EU and are available to the public and may be obtained from DCC House, Leopardstown Road, Foxrock, Dublin 18, Ireland. In these financial statements, the company is considered to be a qualifying entity (for the purposes of this FRS) and has applied the exemptions available under FRS 102 in respect of the following disclosures:

- Reconciliation of the number of shares outstanding from the beginning to the end of the period;
- A Cash Flow Statement and related notes; and
- Disclosures in respect of the compensation of Key Management Personnel.

As the consolidated financial statements of DCC plc include the equivalent disclosures, the Company has also taken the exemptions under FRS 102 available in respect of the following disclosures:

 The disclosures required by FRS 102.11 Basic Financial Instruments and FRS 102.12 Other Financial Instrument Issues in respect of financial instruments not falling within the fair value accounting rules of Paragraph 36(4) of Schedule 1.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

Measurement convention

The financial statements are prepared on the historical cost basis.

Going concern

The company's business activities, together with the factors likely to affect its future development and position, are set out in the Strategic Report on page 3. The company is expected to continue to generate positive cash flows on its own account for the foreseeable future. The company participates in DCC Plc's centralised treasury arrangements and so shares banking arrangements with its parent and fellow subsidiaries.

The directors have no reason to believe that a material uncertainty exists that may cast significant doubt about the ability of DCC Plc to continue as a going concern or its ability to continue with the current banking arrangements.

Notes to the financial statements for the year ended 31 March 2020 (continued)

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses.

Where parts of an item of tangible fixed assets have different useful lives, they are accounted for as separate items of tangible fixed assets, for example land is treated separately from buildings.

The company assesses at each reporting date whether tangible fixed assets are impaired. Depreciation is calculated so as to write off the cost of tangible fixed assets, less their estimated residual values, on a straight line basis over the expected useful economic lives of the assets concerned. The principal annual rates used for this purpose are:

Depreciation is charged to the profit and loss account on a straight-line basis over the estimated useful lives of each part of an item of tangible fixed assets. Land is not depreciated. The depreciation rates are as follows:

	%
Freehold buildings	2.5
Building Improvements	6 - 15
Plant and machinery	5 - 30
Fixtures and fittings	14 - 20

Depreciation methods, useful lives and residual values are reviewed if there is an indication of a significant change since last annual reporting date in the pattern by which the company expects to consume an asset's future economic benefits.

Intangible fixed assets

Goodwill

Goodwill is stated at cost less any accumulated amortisation and accumulated impairment losses. Goodwill is allocated to cash-generating units or groups of cash-generating units that are expected to benefit from the synergies of the business combination from which it arose.

Research and Development

Expenditure on research activities is recognised in the profit and loss account as an expense as incurred.

Expenditure on development activities may be capitalised if the product or process is technically and commercially feasible and the Company intends and has the technical ability and sufficient resources to complete development, future economic benefits are probable and if the Company can measure reliably the expenditure attributable to the intangible asset during its development. Development activities involve design for, construction or testing of the production of new or substantially improved products or processes. The expenditure capitalised includes the cost of materials and direct labour. Other development expenditure is recognised in the profit and loss account as an expense as incurred. Capitalised development expenditure is stated at cost less accumulated amortisation and less accumulated impairment losses.

Notes to the financial statements for the year ended 31 March 2020 (continued)

Intangible fixed assets (continued)

Amortisation

Amortisation is charged to the profit or loss on a straight-line basis over the estimated useful lives of intangible assets. Intangible assets are amortised from the date they are available for use. The amortisation rates used are as follows:

Development Costs

% 8-9

The basis for choosing this depreciation rate is the term of the relevant technology license agreement.

Goodwill is amortised on a straight line basis over its useful life. Goodwill has no residual value. The finite useful life of goodwill is estimated to be 5 years.

The company reviews the amortisation period and method when events and circumstances indicate that the useful life may have changed since the last reporting date. Goodwill and other intangible assets are tested for impairment in accordance with Section 27 Impairment of Assets when there is an indication that goodwill or an intangible asset may be impaired.

Non-derivative financial instruments

Non-derivative financial instruments comprise trade and other debtors, cash and cash equivalents and trade and other creditors.

Trade and other debtors

Trade and other debtors are recognised initially at fair value. Subsequent to initial recognition they are measured at amortised cost using the effective interest method, less any impairment losses.

Trade and other creditors

Trade and other creditors are recognised initially at fair value. Subsequent to initial recognition they are measured at amortised cost using the effective interest method.

Cash and cash equivalents

Cash and cash equivalents comprise cash balances. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalents for the purpose only of the cash flow statement.

Foreign currencies

Transactions in foreign currencies are translated into Sterling at the foreign exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are retranslated into Sterling at the foreign exchange rate ruling at that date.

Government grants

Government grants are included within accruals and deferred income in the balance sheet and credited to the profit and loss account over the expected useful lives of the assets to which they relate or in periods in which the related costs are incurred.

Notes to the financial statements for the year ended 31 March 2020 (continued)

Operating leases

Rentals due under operating leases are charged to the profit and loss account on a straight-line basis over the term of the lease.

Stocks and work in progress

Stocks and work in progress are stated at the lower of cost and net realisable value. Cost is determined on a first in first out basis and in the case of manufactured stocks and work in progress, cost includes an appropriate share of overheads based on normal operating capacity. Where necessary, provision is made for obsolete, slow moving and defective stocks.

Turnover

Turnover is recognised when goods are invoiced, which corresponds to the date that goods are despatched to customers.

Turnover, net of discounts, credit notes and value added tax, is the invoiced value of goods supplied.

Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the balance sheet date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised.

Pension costs

Retirement benefits to employees are funded by the Company and employees. Defined contributions are made to individual pension funds which are financially separate from the Company and these are charged to the profit and loss account as incurred.

Notes to the financial statements for the year ended 31 March 2020 (continued)

2. Turnover

The company's activities consist of the manufacturing and supply of soft gelatine encapsulation products and the provision of precision engineering services.

	2020	2019
	£'000	£'000
Softgel encapsulation	37,450	41,187
Precision engineering services	144	174
	37,594	41,361
The geographical analysis of turnover is as follows:		
	2020	2019
	£'000	£'000
United Kingdom	22,364	25,435
EU and other European countries	14,408	14,789
USA	319	288
Other	503	849
	37,594	41,361
3. Directors' emoluments		
. Directors chrominents	2020	2019
	£'000	£'000
Total directors' emoluments		
Aggregate emoluments	891	759
Company pension contribution to money purchase schemes	30	2.
	921	780

Retirement benefits are accruing to four (2019; four) directors under money purchase pension arrangements.

Included within administration expenses are ultimate parent company recharges of £849,678 (2019: £951,217) in respect of the company's non-executive directors and other group services.

The emoluments of the highest paid director were as follows:

	2020 £'000	2019 £'000
Highest paid director		
Aggregate emoluments	341	327
Company pension contribution to money purchase schemes	•	-
	341	327

Notes to the financial statements for the year ended 31 March 2020 (continued)

4. Employee information

The monthly average number of persons (including executive directors) employed by the company during the year was:

	2020	2019
	Number	Number
By activity		
Production and selling	259	233
Administration	9	8
	268	241
	2020	2019
	£'000	£'000
Staff costs (for the above persons)		
Wages and salaries	6,975	7,375
Social security costs	653	724
Other pension costs	204	130
	7,832	8,229

There were no amounts prepaid or outstanding in relation to pension scheme contributions at the year end.

5. Operating profit

Operating profit is stated after charging / (crediting):

	2020	2019
	£'000	£'000
Depreciation of tangible fixed assets	1,301	1,242
Profit on disposal of fixed assets	(1)	(3)
Amortisation of intangible fixed assets	128	123
Hire of plant and machinery (operating leases)	101	82
Hire of other assets (operating leases)	38	38
Fees payable for the audit	9	9
C. Jutament poughle and almiller abounce		
6. Interest payable and similar charges	2020	2010
5. Interest payable and similar charges	2020	2019 6'000
6. Interest payable and similar charges	2020 £'000	2019 £'000

Notes to the financial statements for the year ended 31 March 2020 (continued)

7. Tax on profit on ordinary activities

7. Tax on profit of ordinary activities		
	2020	2019
	£'000	£'000
Current tax:		
UK corporation tax on profits of the year	383	755
Adjustment in respect of previous years	(6)	(24)
Total current tax	377	731
Deferred tax:		
Origination and reversal of timing differences		
Excess of tax allowances over depreciation	(4)	(40)
Impact of change in rates	41	-
Adjustment in respect of previous years	14	(1)
Total deferred tax (note 14)	51	(41)
Tax on profit on ordinary activities	428	690

The current tax charge for the year is higher (2019: higher), than the standard rate of corporation tax in the UK of 19% (2019: 19%). The differences are explained below:

	2020 £'000	2019 £'000
Profit on ordinary activities before taxation	1,911	3,566
Profit on ordinary activities multiplied by the standard rate in UK 19% (2018: 19%) Effects of:	363	678
- Expenses not deductible for tax purposes - Impact of changes in rates	24 . 40	32 5
Income not taxable	(13)	-
Amortisation	6	-
Adjustments in respect of previous years	8	(25)
Current tax charge for the year	428	690

The Finance Act 2015 included legislation to reduce the rate of UK corporation tax from 20% to 19% from 1 April 2017, and to 18% from 1 April 2020. In addition, the Finance Act 2016 has been substantively enacted which further reduced the rate of corporation tax by 1% to 17% from 1 April 2020. As a result of these changes the rate of corporation tax for the year ended 31 March 2020 is 19% (March 2019: 19%) and deferred tax balances have been remeasured to 17% (March 2019: 17%).

Notes to the financial statements for the year ended 31 March 2020 (continued)

At 31 March 2019	76	162	238

Goodwill relates to the acquisition of certain elements of the business and operating assets of a precision engineering company and has been fully amortised.

Further Development costs were capitalised during the year which relate to the development of the production process for Algigel and organic capsule technology.

Notes to the financial statements for the year ended 31 March 2020 (continued)

9. Intangible assets (continued)

Capitalised development costs are not treated as a realised loss for the purpose of determining the Company's distributable profits as the costs meet the conditions requiring them to be treated as an asset in accordance with FRS 102 Section 18.

The amortisation charge is recognised in administrative expenses in the profit and loss account.

18. Related Parties

Eurocaps Limited is owned by DCC Healthcare UK Limited which is ultimately owned by DCC plc. Transactions of Eurocaps Limited with other wholly owned subsidiaries of DCC plc are not disclosed as the Company has taken advantage of the exemption available under FRS102 1.12 from disclosing such transactions.

19. Ultimate parent undertaking and controlling party

The ultimate parent undertaking and controlling party is DCC plc, a company incorporated in the Republic of Ireland. DCC plc is the parent undertaking of the largest and smallest group to consolidate these financial statements. Copies of DCC Plc consolidated financial statements can be obtained from the Secretary, DCC plc, DCC House, Leopardstown Road, Foxrock, Co Dublin.

20. Accounting estimates and judgements

There are no key assumptions concerning the future and other key sources of estimation uncertainty at the balance sheet date that may cause material adjustment to the carrying amounts of assets or liabilities within the next financial year.

Areas where accounting estimates have been applied in arriving at the carrying amounts of assets or liabilities are provisions for bad debts, provisions for credit notes, provisions for slow moving or obsolete stocks, the useful lives and residual values of tangible and intangible fixed assets and certain accruals.

The fair value of intangibles resulting from business combinations represent the excess of the purchase consideration over the fair values of the assets acquired.
