APPENDIX 3

PRINCIPAL TERMS UPON WHICH THE FINANCIAL ASSISTANCE WILL OR MAY BE REGARDED AS BEING GIVEN

Terms defined in Appendix 2 to the statutory declaration to which this is Appendix 3 have the same meanings in this Appendix 3.

1. PEVEREL/ISSUER LOAN AGREEMENT

Under the terms of the Peverel/Issuer Loan Agreement the Issuer will make available to the Borrower advances (the “**Advances**”) in the respective principal amounts of £100,000,000 less a discount of £1,549,000 (the “**Class A Advance**”) and £3,000,000 less a discount of £10,290 (the “**Class B Advance**”).

The principal in respect of the Class A Advance will be repayable in part in two instalments per year during the term of the Peverel/Issuer Loan Agreement on specific dates in each year, commencing from May 2008, as set out in the Peverel/Issuer Loan Agreement (each a “**Loan Payment Date**”), up to the Loan Payment Date falling in November 2034.

The balance of the principal of the Class A Advance and the principal in respect of the Class B Advance will be repayable in full on the Loan Payment Date falling in November 2036. Interest on the Advances will accrue at the respective rates of 6.07 per cent. per annum in respect of the Class A Advance and 7.36 per cent. per annum in respect of the Class B Advance and will be payable on the Loan Payment Dates.

The Borrower is permitted to prepay the Advances in part or whole and if in part, the amount of the Advances remaining and the payments due in respect thereof shall be recalculated in respect of subsequent Loan Payment Dates. When making a prepayment, the Borrower shall be required to repay the principal amount together with interest thereon plus an amount, corresponding to the additional amount which would be payable on the prepayment of a like amount to the holders of the £100,000,000 Class A 6.06 per cent. Notes due 2036 and the £3,000,000 Class B 7.35 per cent. Notes due 2036 (“**Notes**”) to be issued on or about 31 March 2000 by Peverel Funding Limited (“**Additional Amount**”).

The Peverel/Issuer Loan Agreement also provides for certain mandatory prepayments on the occurrence of certain events, calculated on the basis of the ratio of certain income of the Borrower and its subsidiaries to certain of the Borrower’s obligations under the Peverel/Issuer Loan Agreement, together with interest accrued thereon and the applicable Additional Amount.

In terms of the Peverel/Issuer Loan Agreement, the Charging Companies and the Borrower give certain representations and warranties relating to each other and to themselves to the Lender and the Security Trustee, including warranties as to status, due incorporation, absence of litigation proceedings, the legality, validity and enforceability of various documents, the absence of security interests and the non-occurrence of events of default. Certain of such representations and warranties are repeated on each Loan Payment Date.

In addition, the Charging Companies and the Borrower give certain other covenants to the Lender and the Security Trustee (including covenants restricting the disposal of or creation of encumbrances over their respective assets). The Borrower and the Charging Companies also give certain indemnities to the Lender and/or the Security Trustee (including an indemnity to the Lender against any tax payable by the Lender in respect of any payment received from the Borrower or the Charging Company concerned and an indemnity to the Lender and the Security Trustee against any obligation of the Borrower or any Charging Company becoming or being void, voidable, unenforceable or ineffective against any of the Borrower or any Charging Company). The Borrower undertakes to pay a lending fee to the Lender (plus any value added tax thereon) in an amount equal to the costs and expenses incurred by the Lender in connection with the issue and listing of the Notes and any irrecoverable value added tax thereon and any amount required to compensate the Lender for non-deductability of any such costs. A similar obligation applies in relation to any further advances made by the Lender. The Borrower also undertakes on demand by the Lender, the Security Trustee or the Note Trustee to pay or reimburse the Lender for all costs and expenses (including legal fees) together with any value added tax and other taxes payable in respect thereof incurred by it in connection with the negotiation, preparation and execution of the Finance Documents and completion of the transactions contemplated by the Finance Documents. The Borrower is also liable for all stamp, registration and other taxes to which the Finance Documents or any judgment given in connection with them is or may be subject and is required on demand by the Lender, the Note Trustee or the Security Trustee to indemnify the Lender, the Note Trustee or the Security Trustee against any liabilities, costs, claims and expenses resulting from any failure to pay or delay in paying any such costs. The Borrower also undertakes on demand by the Lender, the Security Trustee or the Note Trustee to pay or reimburse or procure the payment or reimbursement of the Lender for its own account of all its costs and disbursements reasonably and properly incurred in connection with actions taken against the Borrower or any Charging Company. The Borrower undertakes from time to time prior to the date on which all liability under the Peverel/Issuer Loan Agreement is discharged, on demand by the Lender to pay the Lender an amount equal to the costs and expenses paid or due to be paid by the Lender under or in connection with the Finance Documents, as defined in a master definitions and interpretation schedule to be entered into by inter alios the parties to the Peverel/Issuer Loan Agreement, and including the documents referred to in paragraphs 1 to 15 of Appendix 1 ("**Finance Documents**") as well as the Conditions of the Notes together with any irrecoverable value added tax chargeable thereon. Any payment not made on the due date attracts interest at a rate which matches any borrowings required to have been undertaken by the Lender in respect of the unpaid sum and otherwise at a rate per annum which is 1% above the loan rate of interest terms.

Each of the Borrower and each Charging Company agrees as a primary obligation to indemnify the Lender and the Security Trustee on demand against any loss or liability arising out of a default under the Peverel/Issuer Loan Agreement or the acceleration of payment of the Advances or (other than by reason of the negligence or default of the Lender) any Advance not being advanced after the Borrower has requested it to be drawn down or any part of the Advances not being repaid in accordance with the notice of prepayment. The Borrower and each Charging Company irrevocably and unconditionally

agree to indemnify the Lender and the Security Trustee against any loss or liability arising by reason of the payment of any amount due by the Borrower or any Charging Company under any of the Finance Documents or in respect of any judgment relating thereto or conversion of any amount into a claim or proof in respect of the Borrower or any Charging Company in or into a currency other than the currency in which the amount is payable under the relevant Finance Document.

Under the Peverel/Issuer Loan Agreement, each Charging Company will grant to the Lender an unsecured guarantee of the obligations of each other Charging Company and the Borrower under the Finance Documents.

2. BORROWER DEBENTURE

Under the Borrower Debenture, the Borrower will grant, *inter alia*, the following security in favour of the Security Trustee, who will hold such security on trust for the benefit of the Borrower Secured Creditors (as defined therein):

3. **BANK AGREEMENT**

In terms of the Bank Agreement, the Borrower and the Issuer undertake to establish certain bank accounts with the Barclays Bank plc ("**Account Bank**") and to execute certain mandates in respect thereof. Each of the Borrower and the Issuer undertakes insofar as it is reasonably able to procure the same, that such accounts will continue to be operative and that it shall not create or permit to subsist any encumbrance over any such accounts other than any encumbrance created or permitted under the Finance Documents or arising by operation of law.

The Borrower undertakes to pay the charges of the Account Bank. The Account Bank agrees to transfer amounts outstanding to the credit of the relevant accounts, subject to being properly directed to do so, within certain time limits. The Borrower indemnifies the Account Bank against any loss, cost, damage, charge or expense incurred by it in complying with any direction of the Issuer, the Cash Manager, the Borrower, the Note Trustee or the Security Trustee delivered pursuant to and in accordance with the Bank Agreement, save to the extent that the same arises from any breach by the Account Bank of the provisions of the agreement or the relevant bank mandates or from the unlawful default or negligence of the Account Bank.

4. **BORROWER SUBORDINATED LOAN AGREEMENT**

In terms of the Borrower Subordinated Loan Agreement Peverel Holdings Limited will lend to the Borrower the aggregate amount of £1,700,000 (the "**Subordinated Loan**") in order to fund a cash reserve account for the Borrower. Interest on the outstanding principal and accrued interest under the Subordinated Loan shall accrue semi annually at the rate of 10.634% per annum and shall be payable by the Borrower on demand, but only once all amounts due under the Peverel/Issuer Loan Agreement have been repaid in full. The outstanding balance of the Subordinated Loan shall be payable in full on demand, but only once all amounts owing under the Peverel/Issuer Loan Agreement have been paid in full.

All amounts due under the Borrower Subordinated Loan Agreement are secured by the Borrower Debenture, but will be subordinated to amounts ranking priority thereto under the provisions of the Cash Management Agreement and the Deed of Charge, which includes all amounts owing under the Peverel/Issuer Loan Agreement. Peverel Holdings Limited agrees that it will not institute against the Borrower or join any other person in instituting against the Borrower any winding up arrangement, reorganisation, liquidation, insolvency or other proceedings under any similar law for so long as the Advances are outstanding under the Peverel/Issuer Loan Agreement. In addition Peverel Holdings Limited acknowledges that the obligations of the Borrower under the Borrower's Subordinated Loan Agreement shall be equal to the lesser of the nominal amount of such obligations and the actual amount received or recovered by or for the account of the Borrower as applied in accordance with

the Cash Management Agreement and the Deed of Charge. Accordingly, all payments to be made by the Borrower under the Borrower Subordinated Loan Agreement will be made only from and to the extent of sums received or recovered by or on behalf of the Borrower. The Borrower makes certain representations and warranties to Peverel Holdings Limited under the Borrower Subordinated Loan Agreement including warranties as to the obligations thereunder being legal and valid obligations binding on the Borrower and being enforceable against it in accordance with the terms of the Borrower Subordination Agreement and as to its status, capacity and authority.

In terms of the Subscription Agreement the Issuer undertakes to the Manager that the Notes will be issued as provided therein and the Manager undertakes subject to the provisions of the agreement to subscribe and pay all the Notes on the Closing Date (as defined in the Subscription Agreement). The Issuer gives certain representations and warranties to the Manager. In addition each of the Obligors jointly and severally gives certain representations and warranties to the Manager. These representations and warranties relate *inter alia* to the truth and accuracy in all material respects of the offering circular (including the draft offering circular) and the preliminary offering circular issued by the Issuer relating *inter alia*, to the issue of the Notes and to the due incorporation, capacity,

Such warranties are repeated on each date during the subsistence of the Cash Management Agreement. Each of the Borrower and Issuer agrees to indemnify and keep indemnified the Cash Manager in respect of any actions, claims, loss or damage arising from the performance by the Cash Manager of its obligations under the Cash Management Agreement save to the extent that such actions, claims, loss or damages are due to the lawful default or negligence of the Cash Manager. The Cash Manager agrees that it will not be entitled to set off or otherwise deduct any amount which the Borrower and/or the Issuer are or will become obliged to pay to it under the Cash Management Agreement or otherwise against any amount from time to time standing to the credit of or to be credited to any of the accounts managed by it nor to make or exercise any claims or demands or any right of counterclaim or right to deduct or any other equities against or withhold the payment of any and all sums of money which may at any time and from time to time be standing to the credit of any of such accounts. The Cash Manager further confirms that no sum payable to it shall be paid by the Borrower except in accordance with the provisions of the Cash Management Agreement and no such sums shall be paid by the Borrower unless and until all sums required to be paid or provided in priority thereto in accordance with the provisions of the Cash Management Agreement and the Deed of Charge has been paid provided for or discharged in full. 8. THE OPTION INCOME SHORTFALL LOAN AGREEMENT

In terms of the Option Income Shortfall Loan Agreement, Peverel Limited undertakes to lend to the Borrower the amount of £1,068,750 by way of an unsecured interest free loan. The Borrower undertakes to repay the outstanding balance of such loan in full on the Final Redemption Date (as defined therein, and expected to be the final date of redemption for the Notes in December 2036), provided that the Borrower may repay all or any part of such loan at any time before that date without penalty.

Peverel Holdings Limited agrees that it will not institute against the Borrower or join any other person in instituting against the Borrower any winding up arrangement, reorganisation, liquidation, insolvency or other proceedings under any similar law for so long as the Advances are outstanding under the Peverel/Issuer Loan Agreement. In addition Peverel Holdings Limited acknowledges that the obligations of the Borrower under the Option Income Shortfall Loan Agreement shall be equal to the lesser of the nominal amount of such obligations and the actual amount received or recovered by or for the account of the Borrower as applied in accordance with the Cash Management Agreement and the Deed of Charge. Accordingly, all payments to be made by the Borrower under the Option Income Shortfall Loan Agreement will be made only from and to the extent of sums received or recovered by or on behalf of the Borrower. The Borrower makes certain representations and warranties to Peverel Limited under the Option Income Shortfall Loan Agreement including warranties as to the obligations thereunder being legal and valid obligations binding on the Borrower and being enforceable against it in accordance with the terms of the Borrower's Subordination Agreement and as to its status, tax status capacity and authority.

9. TAX DEED OF COVENANT

This Deed of Covenant is made between the Issuer, the Borrower, the Optionholder, PSL, PHL, PL, Security Trustee and Note Trustee. In this document the Issuer:-

- 9.1 gives covenants as to its tax residence, VAT status, a group income election with the Borrower and that it would prepare its accounts on a specific basis.
- 9.2 Further it represents and covenants:
 - (a) that it would not carry on any business other than as described in the offering circular save for certain specified activities;

- (b) that it will not incur any indebtedness or create any security interest over its assets and will not merge in each case save as permitted by the finance documents;
- (c) it will not have any employees or premises, will not become the head of a CGT group, will not become a director of a company, will not surrender or receive group relief save in limited circumstances, will not make loans which could be treated as a quasi distribution or act as a paying agent in respect of the Notes.

The Borrower represents and covenants in respect of its tax residence, its VAT status, group income elections which are made by it and the Charging Companies and that it will adopt specified accounting treatments for loans.

PSL similarly makes covenants and representations concerning its tax residence, VAT status and group income elections and that it will not acquire assets other than shares in the Borrower, the Issuer or the Optionholder or pursuant to distributions from these companies.

The Optionholder covenants as to his residence and VAT status and that it will not transact any business other than as contemplated in the offering circular, Trust Deed and Post Enforcement Call Option.

9.3 Each of PSL, PHL and PL:

- (a) covenants and represents concerning their tax residence, the ability of their subsidiaries to obtain relief in respect of the Loan Agreement or the Borrower Subordinated Loan Agreement and unless approved elsewhere in the Tax Covenant that their subsidiaries do not take part in transactions which could result in the Issuer or the Borrower or PSL incurring a secondary liability to tax or a liability to tax which arose from the company ceasing to be part of the Peverel CGT group;
- (b) covenants that each of the subsidiaries have duly paid tax and generally complied with tax laws and that relevant group income elections have been made.

9.4 Each of the Borrower, PSL and the Optionholder:

- (a) covenants and represents that subject to a limited number of exceptions they will not carry on business, incur indebtedness, charge assets, consolidate or merge with another company, have employees, premises or shares in certain overseas companies, will not become a principal of a CGT group or a member of a CGT group other than Peverel CGT group, will not become a paying agent, a director of another company, or make a loan or advance which could be treated as a quasi-distribution and that they will not surrender or receive group relief save in limited circumstances; and
- (b) covenant that they and their subsidiaries will not take any steps which might give rise to a secondary liability or a joint and several liability falling on any Charging Company, PSL, the Borrower or the Issuer.

9.5 PL and PHL:

- (a) covenant represent and warrant with the exception of the Pre-Securitisation Re-organisation neither they nor their subsidiaries haven taken any steps which would give rise to a secondary liability falling on the Issuer, the Borrower, PSL or any of the charging companies unless they ensure that adequate security is given for such taxation;
- (b) covenant that all outstanding tax due from the charging companies PSL, the Borrower or the Issuer will be duly paid;
- (c) covenant as to their VAT status and that of their group and that they will not sell a company in circumstances where a secondary liability could arise to the group save where that secondary liability either has been satisfactorily dealt with by the provision of adequate security or indemnity or it has been determined that no secondary liability will arise;
- (d) that they will require any person taking security over for shares of any companies which fall into the covenant secondary liabilities on sales of companies to enter into a similar covenant.

PHL also represents, warrants and covenants that with the exception of the Pre-Securitisation of Re-organisation no steps have been taken which can give rise to a capital gains tax de-grouping charge. It also covenants that it is the principal company of the capital gains tax group and that it will on ceasing to be such principal company require anyone succeeding it in that position to enter into similar covenants.

PHL further covenants that it will not take any steps which would give rise to the capital gains tax de-grouping charge unless it has adequate security for that de-grouping charge. It also provides that holdings will enter into a charge over its shares in PL in respect of a de-grouping charge which may arise as a result of the pre-securitisation organisation.

Similarly, PL represents warrants and covenants that no steps have been taken by it which could give rise to a de-grouping charge and that it will not take any steps which could give rise to a CGT de-grouping charge unless it shall first have provided adequate security for the de-grouping charge. PL will also enter into a charge over its shares in PSL by way of security. Holdings and PL also give covenants in respect of potential VAT liabilities of the charging group. A VAT deposit is given by PHL in respect of the VAT liabilities of the Peverel VAT Group and the Cash Manager administers that deposit.

All covenants are limited to the extent that where a party fails to comply with a covenant representation or warranty as a result of the action of Securities Trustee or Note Trustee, the covenant representation or warranty will not be treated as broken.

10. THE INTRA-GROUP LOAN AGREEMENT

In terms of the Intra-Group Loan Agreement, the Borrower undertakes to lend to the Property Charging Companies such amounts as are required to enable each such Property Charging Company to repay all of the amounts due by it on the date of the closing of the issue of the Notes in respect of the Intra-Group Debt (as defined below) to any member of

the Non-Securitisation Group (as defined below). The Intra-Group Loan Agreement also acknowledges that certain dividends declared by the Property Charging Companies or Peverel Freehold Reversions Limited (as their immediate parent) (together **"Group Debtors"**) to the extent declared but unpaid will be treated as forming part of such loans. All amounts from time to time owing to the Borrower by the respective Group Debtor (collectively **"Inter-Company Loans"**) shall be unsecured, repayable on demand and shall bear interest at 7.5 per cent. per annum or such other rate as may from time to time be agreed between the Borrower and the respective Group Debtors. In addition each of the Group Debtors appoints the Borrower to act as its agent to receive all amounts due to it from time to time and to effect payments of all amounts due by it from time to time and to maintain and operate a bank account in the name of the Borrower for such purposes. The Borrower may from time to time make additional loans to the Group Debtors, which shall be deemed to be lent on the same terms as are set out above. Each of the Group Debtors further undertakes to declare all such dividends as it is able lawfully to declare from time to time, forthwith upon becoming entitled so to declare and agrees that the Borrower may from time to time and at any time apply any amounts held by the Borrower as agent for the relevant Group Debtor in reduction of all or any amounts owing by such Group Debtor to the Borrower in respect of any such loans made by the Borrower, or any interest thereon. The Borrower agrees that without the consent of the Security Trustee it will not, for so long as Advances are outstanding, institute legal proceedings against the Group Debtors to recover the loans made by it.

Each of the Group Debtors gives warranties to the Borrower and the Borrower gives warranties to the Group Debtors concerning inter alia, its status, authority, the absence of litigation against it and its tax status.

Each of PHL and PL agrees that it will not institute against the Borrower or join any other person in instituting against the Borrower any winding up arrangement,

reorganisation, liquidation, insolvency or other proceedings under any similar law for so long as the Advances are outstanding under the Peverel/Issuer Loan Agreement. In addition each of PHL and PL acknowledges that the obligations of the Borrower under the Borrower Voluntary Loan Agreement shall be equal to the lesser of the nominal amount of such obligations and the actual amount received or recovered by or for the account of the Borrower as applied in accordance with the Cash Management Agreement and the Deed of Charge. Accordingly, all payments to be made by the Borrower under the Borrower Voluntary Loan Agreement will be made only from and to the extent of sums received or recovered by or on behalf of the Borrower. The Property Management Agreement is terminable on twelve months’ notice by either party, which may only be served after all indebtedness under the Finance Documents has been discharged in full, subject to earlier termination for breach on the occurrence of certain events. The Managing Agents will covenant to use their best endeavours to collect all sums owed by the tenants under the relevant leases (without, however, being obliged themselves to pay any such amounts or any costs of collection thereof) and to deposit monies collected into specified accounts. The respective Managing Agents are liable to pay the service charges attributable to unsold apartments in the properties owned by the respective Property Charging Companies or arising from fractional errors in the relevant leases which result in a shortfall in such service charges. Each Managing Agent gives certain warranties to the Property Charging Companies by which it is appointed and to the Security Trustee relating *inter alia* to its status and due incorporation, the legality and enforceability of its obligations and the absence of litigation or insolvency proceedings against it.
