BHP BILLITON (UK) LIMITED

STRATEGIC REPORT FOR THE YEAR ENDED 30 JUNE 2022

PRINCIPAL ACTIVITIES AND REVIEW OF BUSINESS

The principal activity of the Company is the holding of investments.

PRINCIPAL RISKS AND UNCERTAINTIES

The following are the material risks and uncertainties that could affect the Company:

- The principal risk for the Company relates to value of its investments from changes in operations and also foreign exchange risk.
- The Company's ultimate holding company is BHP Group Limited upon unification of its corporate structure and the principal risks and uncertainties of the BHP Group are given in the BHP Group 2022 Annual Report and Accounts.

SECTION 172 STATEMENT

The Companies Act 2006 (CA2006) sets out a number of general duties, which Directors owe to the Company. This statement describes how the Directors have discharged their duty to promote the success of the Company, while having regard to the factors set out in Section 172(1)(a) to (f) of the CA2006 (S172). Consideration of both the long term success of the Company and these factors, together with other relevant matters, is incorporated into the Company's decision-making throughout the year.

As noted above, the principal activity of the Company is to hold investments. As such the Company's activities and interactions are generally within the confines of the BHP group. The Company's activities include passing through the dividends from its subsidiaries to the Company's parent company, writing down investments in subsidiaries and disposing of investments in subsidiaries.

As an intermediate company in the BHP group, the Company has no employees, third party suppliers or customers and so the Directors consider the Company's main stakeholders to be internal stakeholders in the BHP group. The Company engages with these stakeholders primarily through regular internal meetings, intra-group management activities and ongoing dialogue within the BHP group. Where the Directors do not engage directly with the Company's stakeholders, they are kept updated on stakeholder views. This enables the Directors to maintain an effective understanding of stakeholder issues in the context of their decision making and implementation of the BHP group's strategy and purpose, which will have an impact on the long-term success of the Company.

When considering the Company's activities, the Directors give due regard to relevant stakeholder interests, in particular the Company's internal stakeholders, benefitting from the BHP group's stakeholder engagement activities. In addition, the board considers the likely consequences of decisions in the long term, the impact of operations on the community and the environment and the importance of maintaining a reputation for high standards of business conduct.

The Company is a member of the BHP group and as a result the Directors have due regard to certain policies, frameworks and internal controls of the BHP group in relation to governance and other matters. This includes acting in accordance with BHP's Charter Values and BHP's Code of Conduct, which are designed to ensure that the Company and other members of the BHP group maintain high standards of business conduct and have due regard to stakeholder interests. Further details on these matters can be found in BHP Group Limited's annual report, which does not form part of this report.

BHP BILLITON (UK) LIMITED

**STRATEGIC REPORT
FOR THE YEAR ENDED 30 JUNE 2022 (Continued)**

KEY PERFORMANCE INDICATORS

Due to the nature of the Company, in our opinion there are no key performance indicators whose disclosure is necessary for an understanding of the performance or position of the business.

This report was approved by the board on 24 March 2023 and signed on its behalf.

Sarah Margaret Costello
Director

BHP BILLITON (UK) LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2022

The Directors present their report and the financial statements for the year ended 30 June 2022.

PRINCIPAL ACTIVITIES

The principal activity of the Company is the holding of investments.

RESULTS AND DIVIDENDS

The loss for the year, after taxation, amounted to \$15,748,000 (2021: \$816,938,000). The Company did not declare any dividends to the holders of ordinary shares in 2022 (2021: \$Nil).

DIRECTORS

The Directors who served during the year and up to the date of this report, unless otherwise stated, were:

Sarah Margaret Costello (appointed on 26 November 2021)

James Andrew Keith Bell (appointed on 18 August 2021)

Deirdre Williams (resigned on 4 October 2021)

These Directors are entitled to indemnities under the Directors and Officers Liability Insurance of BHP Group Limited that was in place during the year and at the date of this report

None of the Directors, or their immediate family, had any beneficial interest in the shares of the Company during the year.

FUTURE DEVELOPMENTS

The nature of the Company's business will remain the same for the foreseeable future.

DISCLOSURE OF INFORMATION TO AUDITOR

The Directors who held office at the date of approval of this Directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditor is unaware; and each director has taken all the steps that he/she ought to have taken as a director to make himself/herself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

POLITICAL CONTRIBUTIONS

The Company made no political donations or incurred any political expenditure during the year.

HOLDING COMPANY

The Company's immediate holding Company is BHP Billiton Group Limited, a company incorporated in the United Kingdom. The Company's ultimate holding Company is BHP Group Limited incorporated in Australia upon unification of its corporate structure.

BHP BILLITON (UK) LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2022 (Continued)

GOING CONCERN

These financial statements have been prepared on the going concern basis which the Directors believe to be appropriate despite the Company's net current liabilities and net liabilities position. The Directors of the Company have concluded that the Company remains a going concern as the ultimate holding company, BHP Group Limited (the Group), has confirmed that it will provide the Company with additional financial support to enable it to realise its assets and settle its liabilities in the ordinary course of business for 12 months from the date of approval of these Financial Statements to 24 March 2024 being the going concern period.

The Directors have assessed the ability of the Group to provide financial support to the Company. In doing so, they noted that as of 31 December 2022, the Group had access to \$9.6 billion of cash and cash equivalent and to an available revolving credit facility of \$5.5 billion that expires in October 2026. In addition, the Group only had \$2 billion of short-term debt at 31 December 2022.

On this basis, the Directors are satisfied that the Group is able to provide financial support to the Company, and the financial statements should be prepared on a going concern basis.

STREAMLINED ENERGY & CARBON REPORTING (SECR)

The Company has undertaken an assessment of the energy consumption across the business and following this review identified that the Company, as an intermediate holding company, falls below the threshold limit of 40MWh of energy consumption within the reporting period at which Streamlined Energy & Carbon Reporting is required.

This report was approved by the board on 24 March 2023 and signed on its behalf.

Sarah Margaret Costello
Director

Date: 24 March 2023

BHP BILLITON (UK) LIMITED

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 101 'Reduced Disclosure Framework'.

Under company law the Directors must not approve the financial statements unless satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

BHP BILLITON (UK) LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BHP BILLITON (UK) LIMITED

Opinion

We have audited the financial statements of BHP Billiton (UK) Limited for the year ended 30 June 2022 which comprise the Statement of Profit and Loss and Comprehensive Income, the Balance Sheet, the Statement of Changes in Equity, and the related notes 1 to 14, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards including FRS 101 "Reduced Disclosure Framework" (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the company's affairs as at 30 June 2022 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period to 24 March 2024.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the company's ability to continue as a going concern.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

BHP BILLITON (UK) LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BHP BILLITON (UK) LIMITED (continued)

Other information (continued)

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement set out on page 5, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

BHP BILLITON (UK) LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BHP BILLITON (UK) LIMITED (continued)

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect irregularities, including fraud. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below. However, the primary responsibility for the prevention and detection of fraud rests with both those charged with governance of the entity and management.

Our approach was as follows:

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the company and determined that the most significant are those that relate to the reporting framework (FRS 101 "Reduced Disclosure Framework" (United Kingdom Generally Accepted Accounting Practice)), Companies Act 2006, Bribery Act 2010 and relevant tax compliance regulations in the jurisdiction in which the company operates, including the United Kingdom.
- We understood how BHP Billiton (UK) Limited is complying with those frameworks by making enquiries of management and observing the oversight of those charged with governance. We corroborated our enquiries through the reading of the following documentation:
 - all minutes of board meetings held during the year; and
 - any relevant correspondence with local tax authorities.
- We assessed the susceptibility of the company's financial statements to material misstatement, including how fraud might occur by considering the controls that the company established to address risks identified by the entity or that otherwise seek to prevent, deter or detect fraud. We gained an understanding of the entity level controls and policies that the company applies being part of the BHP Group.
- Based on this understanding we designed our audit procedures to identify noncompliance with such laws and regulations. Our procedures involved testing of journal entries, with a focus on journals indicating large or unusual transactions or meeting our defined risk criteria based on our understanding of the business and enquiries of management and of legal counsel.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

BHP BILLITON (UK) LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BHP BILLITON (UK) LIMITED (continued)

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

BHP BILLITON (UK) LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

1. ACCOUNTING POLICIES

1.1 BASIS OF PREPARATION OF FINANCIAL STATEMENTS

BHP Billiton (UK) Limited (the "Company") is a private company limited by shares incorporated, domiciled and registered in England in the UK. The registered number is 02897874 and the registered address is Nova South, 160 Victoria Street, London, England, SW1E 5LB, United Kingdom. The Company is exempt by virtue of s401 of the Companies Act 2006 from the requirement to prepare Group financial statements. These financial statements present information about the Company as an individual undertaking and not about its Group.

The financial statements have been prepared under the historical cost convention in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework', which involves the application of International Financial Reporting Standards ("IFRSs") with a reduced level of disclosure, and the Companies Act 2006. The Company has set out below where advantage of the FRS 101 disclosure exemptions have been taken.

The Company's financial statements are presented in US Dollars and all values are rounded to the nearest thousand (\$000) except when otherwise indicated.

The preparation of financial statements in compliance with FRS 101 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies (see note 2).

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

1.2 FINANCIAL REPORTING STANDARD 101 - REDUCED DISCLOSURE EXEMPTIONS

The Company has taken advantage of the following disclosure exemptions under FRS 101:

- the requirement in paragraph 38 of IAS 1 'Presentation of Financial Statements' to present comparative information in respect of paragraph 79(a)(iv) of IAS 1;
- the requirements of paragraphs 10(d), 10(f), 16, 38A, 38B, 38C, 38D, 40A, 40B, 40C, 40D, 111 and 134-136 of IAS 1 Presentation of Financial Statements;
- the requirements of IAS 7 Statement of Cash Flows;
- the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors;
- the requirements of paragraph 17 of IAS 24 Related Party Disclosures;
- the requirements in IAS 24 Related Party Disclosures to disclose related party transactions entered into between two or more members of a Group, provided that any subsidiary which is a party to the transaction is wholly owned by such a member;
- the requirements of paragraphs 134(d)-134(f) and 135(c)-135(e) of IAS 36 Impairment of Assets;
- IFRS 7 Financial Instruments: Disclosures.

BHP BILLITON (UK) LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

1. ACCOUNTING POLICIES (continued)

1.2 FINANCIAL REPORTING STANDARD 101 - REDUCED DISCLOSURE EXEMPTIONS (continued)

The Company's ultimate parent undertaking, BHP Group Limited includes the Company in its consolidated financial statements. The consolidated financial statements of BHP Group Limited are prepared in accordance with International Financial Reporting Standards and Australian Accounting Standards. They are available to the public and may be obtained from BHP website <https://www.bhp.com/investor-centre> and from Level 18, 171 Collins Street, Melbourne VIC 3000, Australia.

1.3 FOREIGN CURRENCY TRANSLATION

Functional and presentation currency

The Company's functional and presentational currency is USD.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each year end foreign currency monetary items are translated using the closing rate. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of profit and loss.

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the statement of profit and loss within 'Interest receivable and other income' and 'Interest payable and other charges'. All other foreign exchange gains and losses are presented in the statement of profit and loss within 'other operating expenses'.

1.4 GOING CONCERN BASIS

These financial statements have been prepared on the going concern basis which the Directors believe to be appropriate despite the Company's net current liabilities and net liabilities position. The Directors of the Company have concluded that the Company remains a going concern as the ultimate holding company, BHP Group Limited (the Group), has confirmed that it will provide the Company with additional financial support to enable it to realise its assets and settle its liabilities in the ordinary course of business for 12 months from the date of approval of these Financial Statements to 24 March 2024 being the going concern period.

The Directors have assessed the ability of the Group to provide financial support to the Company. In doing so, they noted that as of 31 December 2022, the Group had access to \$9.6 billion of cash and cash equivalent and to an available revolving credit facility of \$5.5 billion that expires in October 2026. In addition, the Group only had \$2 billion of short-term debt at 31 December 2022.

On this basis, the Directors are satisfied that the Group is able to provide financial support to the Company, and the financial statements should be prepared on a going concern basis.

BHP BILLITON (UK) LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

1. ACCOUNTING POLICIES (continued)

1.5 VALUATION OF INVESTMENTS

Investments in subsidiaries are measured at cost less accumulated impairment. Where merger relief is applicable, the cost of the investment in a subsidiary undertaking is measured at the nominal value of the shares issued together with the fair value of any additional consideration paid.

The carrying amounts of the Company's non-financial assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

An impairment loss is recognised if the carrying amount of an asset or its CGU exceeds its estimated recoverable amount. Impairment losses are recognised in profit or loss.

External and internal sources of information may indicate that an impairment loss recognised for an asset may no longer exist or may have decreased. The external indicators may include significant favourable changes in the asset's value and market conditions. The internal indicators may include significant favourable changes in the asset's use and performance. If, as a result, the estimates used to determine an asset's or a CGU's recoverable amount have improved since the last impairment loss was recognised, the impairment loss that was previously recognised for the asset is reversed. That is, an impairment reversal cannot be recognised merely from the passage of time or improvement in the general market conditions. When an impairment reversal is recognised, the adjusted carrying amount of the asset may not exceed the carrying amount of the asset that would have been determined had no impairment loss been previously recognised.

1.6 FINANCIAL INSTRUMENTS – INITIAL RECOGNITION AND SUBSEQUENT MEASUREMENT

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets - Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The Company determines the classification of its financial assets at initial recognition.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. The Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

Financial assets - Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortised cost (debt instruments)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2022**

1. ACCOUNTING POLICIES (continued)

**1.6 FINANCIAL INSTRUMENTS – INITIAL RECOGNITION AND SUBSEQUENT MEASUREMENT
(continued)**

Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

The Company's financial assets at amortised cost include debtors.

Financial liabilities - Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include creditors.

Financial liabilities - Subsequent measurement

For purposes of subsequent measurement, financial liabilities are classified in two categories:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at amortised cost (loans and borrowings)

Financial liabilities at amortised cost (loans and borrowings)

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

1.7 INTEREST PAYABLE AND OTHER CHARGES

Finance costs are charged to the statement of profit and loss over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

BHP BILLITON (UK) LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

1. ACCOUNTING POLICIES (continued)

1.8 DIVIDENDS PAID/PAYABLE

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting.

1.9 TAXATION

Tax is recognised in the statement of profit and loss, except to the extent that it is attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity in which case it is recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Company operates and generates income.

Deferred tax is provided using the balance sheet liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The following temporary differences are not provided for: goodwill not deductible for tax purposes, the initial recognition of assets and liabilities that affect both accounting nor taxable profit, and differences relating to investment in subsidiaries to the extent that they will probably not reverse in the foreseeable future. The amount of deferred tax provided is based on expected manner of realisation or settlement of carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the reporting date.

A deferred tax assets is recognised only to the extent that it is probable that future taxable profits will be against which asset can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

1.10 DIVIDENDS RECEIVED/RECEIVABLE

Dividend income is recognised in the statement of profit and loss on the date the Company's right to receive payment is established.

2. JUDGMENTS IN APPLYING ACCOUNTING POLICIES AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In preparing the financial statements, management is required to make estimates and assumptions that affect the amounts represented in the financial statements and related disclosure. Use of available information and the application of judgement is inherent in the formation of estimates. Actual results in the future could differ from these estimates which may be material to the financial statements.

The recognition and measurement of impairment of investments in subsidiaries requires the use of significant judgements and estimates in which investments in subsidiaries are reviewed for impairments where events or changes in circumstances indicate that the carrying amount of the investment may not be recoverable. If the asset is determined to be impaired, an impairment loss will be recorded and the asset written down based on the amount by which the asset carrying amount exceeds the higher of fair value less cost of disposal and value in use. An impairment loss is recognised immediately in the statement of profit and loss.

BHP BILLITON (UK) LIMITED**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2022****3. OPERATING LOSS**

The operating loss is stated after charging:

	2022	2021
	\$000	\$000
Impairment of investments (Note 8)	(13,960)	(813,909)
Other operating expenses	-	(4)
	<u>(13,960)</u>	<u>(813,913)</u>

4. AUDITOR'S REMUNERATION

	2022	2021
	\$000	\$000
Auditor's remuneration	<u>13</u>	<u>10</u>

The auditor's remuneration in respect of the Company's audit was borne by a fellow Group undertaking. There was no other remuneration paid to the auditors in respect of non-audit services rendered to the Company (2021: US\$ Nil) during the year.

The remuneration for statutory audit services relates solely to amounts paid to Ernst and Young LLP.

5. INTEREST PAYABLE AND OTHER CHARGES

	2022	2021
	\$000	\$000
Interest payable to other Group undertakings	<u>2,207</u>	<u>3,735</u>

BHP BILLITON (UK) LIMITED**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2022****6. TAXATION**

	2022	2021
	\$000	\$000
Current tax credit		
Current tax credit for the year	(419)	(710)
Total tax credit	<u>(419)</u>	<u>(710)</u>

FACTORS AFFECTING TAX CREDIT FOR THE YEAR

The reconciliation between the expected tax credit, computed by applying the standard rate of corporation tax to the loss for the year, and the actual tax credit is as follows:

	2022	2021
	\$000	\$000
Loss before taxation	<u>(16,167)</u>	<u>(817,648)</u>
Loss before tax multiplied by standard rate of corporation tax in the UK of 19% (2021- 19%)	(3,072)	(155,353)
Effects of:		
Impairment of investments (Note 8)	2,653	154,643
Total tax credit for the year	<u>(419)</u>	<u>(710)</u>

United Kingdom taxation

The UK Budget 2021 announcements on 3 March 2021 included measures to support economic recovery as a result of the ongoing COVID-19 pandemic. These included an increase to the UK's main corporation tax rate to 25%, which is due to be effective from 1 April 2023. This change was substantively enacted on 24 May 2021.

The Company is a member of a Group for purposes of relief under Part 5 Corporation Tax Act 2010. The Company has provided Group relief to other Group companies at the tax cost of the relief provided. (2021: Group relief was provided at the tax cost of the relief provided).

BHP BILLITON (UK) LIMITED**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2022****7. UNRECOGNISED DEFERRED TAXATION**

The Company has unused income tax losses of US\$28,927 thousand (US\$28,927 thousand as at 30 June 2021). A deferred tax asset has not been recognised in respect of these unused losses as it is not probable that there will be future taxable profits against which these unused tax losses can be utilised.

8. INVESTMENTS

	Investments \$000
At 1 July 2021	291,855
Impairment losses recognised in profit or loss	(13,960)
At 30 June 2022	<u>277,895</u>
