**NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 31 DECEMBER 2014**

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The principal accounting policies adopted in the preparation of the financial statements are set out below.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The effect of events relating to the period ended 31 December 2014, which occurred before the date of approval of the financial statements by the Board of Directors, have been included to the extent required to show a true and fair view of the state of affairs of the company at 31 December 2014 and of its results for the period ended on that date.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery	- 25% on cost
Fixtures and fittings	- 15% on cost
Computer equipment	- 33% on cost

Depreciation has not been provided for on the Freehold Property on the grounds of immateriality due to a long useful economic life and a high residual value. The company has a policy of regular repair and maintenance, charged to the profit and loss account, so that the asset maintains its performance standards. Where depreciation has not been charged, and in accordance with FRS15, the director carries out an impairment review at the end of each accounting period.

Investment property

Investment property is shown at most recent valuation. Any aggregate surplus or deficit arising from changes in market value is transferred to a revaluation reserve.

Stocks

Work in progress is valued at the lower of cost and net realisable value.

Cost includes all direct expenditure and an appropriate proportion of fixed and variable overheads.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Pension costs and other post-retirement benefits

As from April 1999 the company pays regular amounts into a Regular Contribution Pension Plan.
