NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST DECEMBER 2005

1. **ACCOUNTING POLICIES**

(a) Accounting Convention

The attached Financial Statements have been prepared under the historical cost convention and in accordance with all applicable accounting standards.

(b) Fixed Assets and Depreciation

Provision for depreciation is made at rates calculated to write off the cost of Fixed Assets over their anticipated useful lives as follows:

Fixtures, Fittings & Equipment - 33 1/3% on a reducing balance basis

(c) Stock and Work in Progress

Stock is valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

(d) Deferred Taxation

Deferred tax is provided in full on timing differences which result in an obligation at the Balance Sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in financial statements. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted. No provision for deferred tax is required this year as the tax losses available exceed the anticipated timing differences.

(e) Foreign Currency Translation

Transactions in foreign currencies are converted into sterling using rates of exchange ruling at the date of the transaction. Amounts outstanding at the Balance Sheet date have been converted using the rate applying at that time.

(f) Cashflow Statement

As a small company as defined by Section 247 Companies Act 1985, the Company is exempt from preparing a cashflow statement in accordance with FRS1.

2. **TURNOVER AND LOSS**

Turnover is based on the invoiced value of goods and services provided falling within the Company's ordinary activity and is net of value added tax. The turnover and loss is attributable to the sole activity of the Company and is confined to the United Kingdom.
