#### Directors' responsibilities statement

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and the profit or loss of the Company for that period

In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

#### Disclosure of information to the auditors

Each current director has made enquiries of their fellow directors and the Company's auditor and taken all the steps that they are obliged to take as a director in order to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information

Relevant audit information is that information needed by the auditor in connection with preparing its report. So far as each director approving this report is aware, and based on the above steps, there is no relevant audit information of which the auditor is unaware.

#### Auditors

Ernst & Young LLP have expressed their willingness to act as auditors and a resolution proposing their appointment will be submitted at the Annual General Meeting

#### Notes to the financial statements

#### 1 Accounting policies

#### a) Accounting convention

The financial statements are prepared under the historical cost convention, and in accordance with applicable accounting standards as defined in Companies Act 2006 s 464

#### b) Turnover

Services rendered relating to the provision of non-medical home help are charged on an hourly basis and income is credited to the profit and loss account in line with the services provided

#### c) Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses. Such costs include costs directly attributable to making the asset capable of operating as intended. The cost of fixed assets less their expected residual value is depreciated by equal instalments over their useful economic lives. These lives are as follows.

Fixtures, fittings and equipment 3 years

The carrying values of fixed assets are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable

#### d) Investment in subsidiaries

Investments in subsidiaries are stated at cost less any accumulated impairment losses. The carrying values of investments are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable.

#### e) Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or right to pay less or to receive more, tax. Deferred tax is measured on a non-discounted basis at the tax rates that are expected to apply in the years in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that the directors consider it is more likely than not that there will be suitable taxable profits from which the underlying timing differences can be deducted.

#### f) Cash flow statement

The directors have taken advantage of the exemption available under FRS 1 (Cash flow statements) of the requirement to prepare a cash flow statement as a consolidated cash flow statement has been presented in the financial statements of the ultimate paient undertaking, Acromas Holdings Limited

#### g) Basis of consolidation

The company has taken advantage of the exemption from preparing consolidated financial statements as it is a wholly owned subsidiary of its ultimate parent Acromas Holdings Limited
