# 1. The Joint Administrators' final progress report for the period ended 23 September 2011

## Introduction

The Joint Administrators ("the Administrators") previously reported on 6 July 2011 and are pleased to provide their final progress report on the Administrations of the Companies pursuant to Rules 2.47 and 2.110 of the Insolvency Rules 1986 ("IR86").

The Administrators are required to provide certain statutory information pursuant to Rule 2.47(1)(a) to (d) IR86, which is shown in Section 2 to this report. The Administrators are also required to provide a summary of their proposals, which is shown at Section 3.

Details of the steps taken during the Administration and the outcome of the Administration are set out below.

## Steps taken during the Administration

As at the date of the Administrators' appointment on 13 December 2008 the position as regards the Companies was as follows -

The Companies' trading activities commenced following an acquisition of Noble House Leisure Limited in May 2006. This was followed by a significant acquisition in June 2006 of certain pubs and restaurants from the Spirit Group resulting in a combined operation of circa 300 pubs and restaurants. Following the acquisitions, the Companies became one of the largest independent managed pub operators in the UK.

The well publicised impact of various pressures on the pub sector, including the consumer spending downturn and legislative changes in the pub and restaurant market, resulted in declining sales during 2008 causing liquidity problems. Whilst the sales decline was partially offset by gross margin improvements this was not sufficient to service the Companies' debt burden and consequently their operations could not be maintained within the structure which existed at that time.

The directors recognised that the Companies could not continue to trade without an injection of new funding and therefore sought, with its advisors, to find a solution to this finance requirement. The complexities

of the Companies' wider group structure and existing financing arrangements made it challenging to identify a solution, particularly in the context of the general economic climate during the second half of 2008. Ultimately, after consultation with their bankers and independent advisors, the directors of the Companies concluded that a restructuring of the wider group through a formal insolvency was the only way to unlock the new funding which was required in order to preserve the value of the business and assets for the benefit of creditors. The Companies' concluded that it was appropriate to execute a sale of the Companies' business upon it entering into Administration.

Immediately upon entering Administration on 13 December 2008 the business and certain assets of the Companies were sold ("the sale") to Orchid Pubs & Dining Limited (formerly known as Orchid Pubs (Fifteen) II Limited), Orchid Pubs & Restaurants Limited (formerly known as Orchid Pubs (Fifteen) III Limited) and Orchid Properties Midco Limited (collectively "the Purchaser").

In accordance with Statement of Insolvency Practice 16 (E&W) details of the Sale were provided with the Administrators' proposals for achieving the purpose of Administration, which were issued to creditors on 6 February 2009. In summary, the Administrators sold most of the Companies' pubs & restaurants and all of its fixtures and fittings and stock for circa £45m. The proceeds were apportioned across the Companies' bank estates. The Sale excluded cash which was held in the Companies' bank accounts and that which was in transit through electronic payment systems at the date of the Administrators' appointments.

The Sale contained an option for the Purchaser to acquire 48 premises which were otherwise excluded from the Sale. This was subsequently reduced to 46 premises by a deed of variation, after an agreement was reached between the landlord of two of the premises, the Administrators and the Purchaser. The option was not exercised by the Purchaser and subsequent disposals by the Administrators of all but 14 of the 46 premises were made to Spirit Managed (Trent) Limited (31 premises) and Wolborough Limited (1 premises). These disposals were made for a nominal consideration partly because no premium value was associated with the leases to those premises, and also because the respective

purchasers took responsibility for the liabilities of the employees, thereby reducing the total value of preferential claims in the Administrations

The 14 remaining pubs were closed and the leases sold to the lease guarantors

As a result of the above transactions the vast majority of the circa 6,000 jobs were saved

Other asset realisations

The Companies' held cash in bank accounts at the date of the Administrators' appointments totalling around £596k. Having obtained legal advice the Administrators allowed Bank of Scotland ("the Bank") to set-off that cash against amounts owed to it.

Following an extensive cash reconciliation exercise the Companies' cash which was in transit at the date of the Administrators' appointments realised around £1.2m, of which £948k related to OP Realisations (OPOL) Limited ("OPOL") and £253k related to OP Realisations (Orient) Limited

A number of the Companies received unsecured dividends from others within the Group, totalling c£77k

The Companies have no assets left to realise

### Final receipts and payments account

Accounts of the final receipts and payments in the Administration for the period 13 June 2011 to 23 September 2011 are set out in section 4 to this report.

### Extensions to the Administrations

The initial 12 month duration of the Administrations was extended by order of the Court on 9 December 2009 for 12 months

On the 8 December 2010 The Administrations were extended by a further 10 months by order of the Court

### Outcome for creditors

The secured creditor has recovered approximately £46m under its security over the Companies' assets

The Administrators have distributed £3,242 to preferential creditors, settling their claims in full

On 4 February 2010 the Court ordered that the Administrators be permitted to make distributions to non-preferential unsecured creditors. Accordingly, the Administrators distributed £415k to unsecured creditors with admitted claims by way of a final dividend, as summarised in section 5 attached

### 3. Summary of the Joint Administrators' proposals

---

The Administrators make the following proposals for achieving the purpose of administration

- i) The Administrators will continue to manage the Companies' business, affairs and property in such manner as they consider expedient with a view to achieving a better result for the Companies' creditors as a whole than would be likely if the Companies were wound up (without first being in Administration)
- ii) The Administrators may investigate and, if appropriate, pursue any claims that the Companies may have under the Companies Act 1985 or IA86 or otherwise. In addition, the Administrators shall do all such other things and generally exercise all their powers as Administrators as they in their discretion consider desirable in order to achieve the purpose of the Administration or to protect and preserve the assets of the Companies or to maximise their realisations or for any other purpose incidental to these proposals
- iii) If the Administrators think that funds will become available for unsecured creditors, the Administrators may at their discretion establish in principle the claims of unsecured creditors for adjudication by a subsequent liquidator and the costs of so doing will be met out of the prescribed part as costs associated with the prescribed part (where the Administrators think that funds will become available to the unsecured creditors by virtue of the prescribed part but not otherwise).
- iv) If the Administrators think that funds will become available for unsecured creditors, the Administrators may at their discretion make an application to court for permission to make distributions to unsecured creditors under Paragraph 65(3) Sch B1 IA86
- v) The Administrators may use any or a combination of "exit route" strategies in order to bring the Administration to an end, but in this particular instance the Administrators are likely to wish to pursue the following options as being the most cost effective and practical in the present circumstances -
  - a. The Administrators may apply to the Court to allow the Administrators to distribute surplus funds to unsecured non-preferential creditors. If such permission is given, the Administration will be brought to an end by notice to the Registrar of Companies under Paragraph 84 Sch B1 IA86, following registration of which the Company will be dissolved three months later. If permission is not granted the Administrators will place the Company into creditors' voluntary liquidation or otherwise act in accordance with any order of the court, or
  - b. Once asset disposals are complete, the Administrators will place the Companies into creditors' voluntary liquidation. In these circumstances, it is proposed that DC Chubb and CMT Haig be appointed as Joint Liquidators and any act required or authorised to be done by the Joint Liquidators may be done by either any or all of them. In accordance with Paragraph 83(7) Sch B1 IA86 and Rule 2.117(3) IR86, creditors may nominate alternative liquidators, provided that the nomination is made after the receipt of these proposals and before they are approved, or
  - c. Once all of the assets have been realised and the Administrators have concluded all work within the Administration, the Administrators will file a notice under Paragraph 84(1) Sch B1 IA86 with the Registrar of Companies, following registration of which the Companies will be dissolved three months later.
- vi) The Administrators shall be discharged from liability pursuant to Paragraph 98(1) Sch B1 IA86 in respect of any action of theirs as Administrators at a time determined by the court
- vii) It is proposed that the Administrators' fees be fixed under Rule 2.106 of the Insolvency Rules 1986 by reference to the time properly given by the Administrators and the various grades of their staff according to their firm's usual charge out rates for work of this nature and that disbursements for services provided by the Administrators' own firm (defined as Category 2 disbursements in Statement of Insolvency Practice No 9) be charged in accordance with the Administrators' firm's policy. As the Administrators have stated that they think that the Companies has insufficient property to enable a distribution to be made to non-preferential unsecured creditors other
