NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1. STATUTORY INFORMATION

Bearwood Lakes Golf Club Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The director who has introduced funds has confirmed that he will not seek repayment of his current account until the company has the ability to do so. In the past the director has supported the company where necessary and has indicated he will continue to do so in the future. Taking these factors into account it has been seen to be appropriate to prepare the financial statements on a going concern basis.

Turnover

Turnover represents golf club joining fees and subscriptions plus amounts received in respect of golf shop and clubhouse sales excluding value added tax. Golf club joining fees are recognised in full on acceptance of membership whilst subscriptions are recognised over the period to which the subscription relates. All income arises in the United Kingdom.

Tangible fixed assets

The cost of tangible fixed assets is written off by equal annual instalments over their estimated useful lives as follows:

Long leasehold and improvements 1%, 2% and 4% on cost Plant and machinery 4%, 5%, 10% and 20% on

cost

Fixtures and fittings 10% and 20% on cost

Motor vehicles 25% on cost Computer equipment 25% on cost

Government grants

Grants received are recognised over the period for which the associated costs are incurred.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

2. ACCOUNTING POLICIES - continued

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to profit or loss over the relevant period. The capital element of the future payments is treated as a liability.

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.
