**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 APRIL 2018**

1. STATUTORY INFORMATION

Oakhurst Court Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

The principal trading address is: Tilburstow Hill Road, South Godstone, Godstone.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets.

Going concern

The company is expected to continue to generate positive cash flows for the foreseeable future and for not less than 12 months from the date of this report. On the basis of their assessment of the company's financial position, the directors have a reasonable expectation that the company will be able to continue in operational existence for the foreseeable future which is not less than 12 months from the date of approving these financial statements. Financial resources include the support provided by the parent entity, Oakhurst Court Holdings Limited. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Related party exemption

The company has taken advantage of exemption, under the terms of Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', not to disclose related party transactions with wholly owned subsidiaries within the group.

Significant judgements and estimates

In preparing these financial statements, the company has made judgements, estimates and assumptions that effect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to estimates are recognised prospectively.

Turnover

Turnover represents the fair value of consideration receivable in the ordinary course of business for goods and services provided.

Revenue from residents of the care homes is recognised as earned, through the provision contracted services.

Turnover wholly arises within the United Kingdom.

Pension costs

From 1 April 2015, under the Pensions Act 2008, the company must put certain staff into a pension scheme and contribute towards it. This is called automatic enrolment. To comply with automatic enrolment laws, the company signed a participation agreement with a pension provider by which staff become members of an independently administered pension plan. The company and staff make contributions as specified in the plan. The assets of the plan are held separately from those of the company. The company has no liability under the plan other than for the payment of those contributions.

Contributions outstanding at the balance sheet date amounted to £783 (2017: £547).

2. ACCOUNTING POLICIES - continued

Tangible fixed assets

Tangible fixed assets, excluding freehold and leasehold land and buildings, are initially measured at historic cost and subsequently carried at cost less accumulated depreciation and any accumulated impairment losses. All costs incurred to bring an asset into its intended working condition are included in the measurement of cost.

Freehold and leasehold land and buildings are initially measured at historic cost and subsequently at their revalued amount, being its fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. The cost of properties is their purchase price together with the cost of improvement works. Fair value is determined on an open market basis by an independent professional advisor qualified by the Royal Institution of Chartered Surveyors to undertake valuation. Valuations are taken on a regular basis to ensure that the carrying amount does not differ materially from fair value at the reporting date. The company undertakes a review on a rolling basis over a five year-period.

Changes in fair value are disclosed in other comprehensive income and taken to a separate revaluation reserve.

Depreciation is provided on all property, plant and equipment, at rates calculated to write off the cost, less estimated residual value, of each asset on a systematic basis over its expected useful life as follows:

Residential freehold land	- not depreciated
Residential freehold buildings	- 50 years
Residential leasehold buildings	- over lease term
Plant and machinery	- 4 years
Fixtures and fittings	- 4 years
Office equipment	- 3 years

Impairment of assets

At each reporting date fixed assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset is estimated and compared with its carrying amount. If estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in the profit and loss account.

If an impairment loss subsequently reverses, the carry amount of the asset is increased to the revised estimate of its recoverable amount, but not in excess of the amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in the profit and loss account.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Profit & loss account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

2. ACCOUNTING POLICIES - continued

Basic financial instruments

a) Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

b) Creditors

Short term trade creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

c) Cash at bank and in hand

Cash and cash equivalents comprise cash balances and call deposits and petty cash.
