## **Notes to the financial statements**

*for the year ended 30 September 2016*

### **1. Significant accounting policies**

Lex Vehicle Partners (3) Limited ("the Company") is a limited liability company incorporated and domiciled in England and Wales.

#### **Basis of preparation**

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to both years presented, unless otherwise stated.

These financial statements have been prepared in accordance with applicable IFRSs as adopted by the European Union and the Companies Act 2006 applicable to companies reporting under IFRSs. IFRSs comprise accounting standards prefixed IFRS issued by the International Accounting Standards Board ("IASB") and those prefixed IAS issued by the IASB's predecessor body as well as interpretations issued by the IFRS Interpretations Committee ("IFRS IC") and its predecessor body.

A statement of comprehensive income, a statement of changes in equity and a cash flow statement have not been presented in these financial statements as these would show £nil amounts for the current and preceding financial years. The financial statements have been prepared under the historical cost convention.

#### **Going concern**

The directors are satisfied that it is the intention of Lloyds Banking Group plc that its subsidiaries, including the Company, will continue to receive funding in the future and, accordingly, the financial statements have been prepared on a going concern basis.

#### **Financial liabilities**

Financial liabilities of the Company include amounts due to other group companies. All financial liabilities are initially measured at fair value.

#### **Taxation**

Current income tax which is payable on taxable profits is recognised as an expense in the year in which the profits arise.

### **2. Risk Management policy**

The Company's operations do not expose it to any significant credit risk, liquidity risk, interest rate risk, market risk, foreign exchange risk or business risk. Responsibility for the control of overall risk lies with the board of directors, operating within a management framework established by a fellow subsidiary company, Lloyds Bank Asset Finance Limited, and the ultimate parent, Lloyds Banking Group plc.

### 3. Result before taxation

Due to the Company being dormant, the Company was not audited for the current or prior year end. Accounting and administration services are provided by a fellow group undertaking and are not recharged to the Company.

The Company did not directly employ any person during the year (2015: none). No director received any fees or emoluments during the year (2015: £nil). The director is employed by other companies within Lloyds Banking Group plc and considers that her service to the Company is incidental to her other responsibilities within the Group.

### 4. Share capital

<i>Allotted, issued and fully paid</i>

### 5. Related party transactions

#### Balance with parent company

The outstanding balance at the year end with the Company's parent is as follows:

<b>Outstanding balances:</b>		
Balance owed to parent company	188	188

Amounts owed to the parent company are unsecured, non-interest bearing and repayable on demand, although there is no expectation that such a demand would be made.

#### Transactions with directors and key managers

No remuneration was paid or is payable by the Company to the directors (2015: £nil). The directors are employed by other companies within Lloyds Banking Group plc and consider that their duties to this Company are incidental to their other activities within the Group.

Key management personnel are those persons having authority and responsibility for planning and controlling the activities of the Company. Accordingly, key management personnel comprise the directors of the Company and the members of the Lloyds Bank Asset Finance Limited Board, which comprise the statutory directors of that company and certain other senior management. **Notes to the financial statements (continued)**  
*for the year ended 30 September 2016*

**6. Capital disclosures**

The Company's objectives when managing capital are to safeguard the entity's ability to continue as a going concern, provide an adequate return to its shareholder through pricing products and services commensurately with the level of risk and, indirectly, to support the Group's regulatory capital requirements.

The Company's parent manages the Company's capital structure and advises the board of directors to consider making adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the board of directors may adjust the amount of dividends to be paid to the shareholder, return capital to the shareholder, issue new shares, or sell assets. The Company's capital comprises all components of equity. The Company receives its funding requirements from its fellow group undertakings and does not raise funding externally.

**7. Parent undertaking**

The Company's immediate parent company is Lex Vehicle Leasing (Holdings) Limited. The company regarded by the directors as the ultimate parent company is Lloyds Banking Group plc, a company incorporated and domiciled in Scotland, which is also the parent undertaking of the largest group of undertakings for which group financial statements are drawn up and of which the Company is a member.

Bank of Scotland plc is the parent undertaking of the smallest such group of undertakings. Copies of the group financial statements of both companies may be obtained from Group Secretariat, Lloyds Banking Group plc, 25 Gresham Street, London EC2V 7HN.

**8. Contingent liabilities**

The Group provides for potential tax liabilities that may arise on the basis of the amounts expected to be paid to tax authorities. This includes open matters where Her Majesty's Revenue and Customs (HMRC) adopt a different interpretation and application of tax law which might lead to additional tax. The Group has an open matter in relation to a claim for group relief of losses incurred in its former Irish banking subsidiary, which ceased trading on 31 December 2010. In 2013 HMRC informed the Group that their interpretation of the UK rules, permitting the offset of such losses, denies the claim; if HMRC's position is found to be correct management estimate that this would result in an increase in current tax liabilities for the company of approximately £113k (including interest). The Group does not agree with HMRC's position and, having taken appropriate advice, does not consider that this is a case where additional tax will ultimately fall due.
