KINGFISHER REVERSIONS LIMITED

Statement of directors' and auditor's responsibilities for the year ended 30 September 1996

DIRECTORS' RESPONSIBILITIES

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

AUDITOR'S RESPONSIBILITIES

Company law requires auditors to form an independent opinion on the financial statements presented by the directors based on their audit and to report their opinion to the shareholders. The Companies Act 1985 also requires auditors to report to the shareholders if the following requirements are not met:

- that the company has maintained proper accounting records;
- that the financial statements are in agreement with the accounting records;
- that directors' emoluments and other transactions with directors are properly disclosed in the financial statements; and
- that the auditors have obtained all the information and explanations which, to the best of their knowledge and belief, are necessary for the purpose of their audit.

The auditor's opinion does not encompass the directors' report on pages 4 and 5. However, the Companies Act 1985 requires auditors to report to the shareholders if the matters contained in the directors' report are inconsistent with the financial statements.

KINGFISHER REVERSIONS LIMITED

Auditor's report

TO THE SHAREHOLDERS OF KINGFISHER REVERSIONS LIMITED:

We have audited the financial statements on pages 7 to 13 which have been prepared under the historical cost convention and the accounting policies set out on page 9.

RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITORS

As described on page 3, the company's directors are responsible for the preparation of the financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

BASIS OF OPINION

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements and of whether the accounting policies are appropriate to the circumstances of the company and of the group, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material mis-statement, whether caused by fraud or other irregularity or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

OPINION

In our opinion, the financial statements give a true and fair view of the state of affairs of the company at 30 September 1996 and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

Accounting policies

30 September 1996

A summary of the principal accounting policies, all of which have been applied consistently throughout the current year and preceding period, is set out below.

(a) Basis of accounting

The financial statements are prepared under the historical cost convention. Assets and liabilities are recognised in the financial statements when, as a result of past transactions or events, the company has rights or other access to future economic benefits controlled by the company, or obligations to transfer economic benefits. The financial statements have been prepared in accordance with applicable accounting standards.

(b) Fixed asset investments

Insurance policies classified as fixed asset investments are those intended to be held for the longer term and are carried at cost less any provisions for permanent diminution in value. Income in respect of these investments is credited to the profit and loss account on a constant rate of return basis over the maximum expected period of investment. In the event of an earlier realisation of the investment, any unrecognised income is credited to the profit and loss account.

(c) Taxation

Corporation taxes payable are provided on taxable profits at current rates.

Provision is made for deferred taxation using the liability method to take account of timing differences between the incidence of income and expenditure for taxation and accounting purposes to the extent that they are expected to reverse in the future. The provision is calculated at the rate at which it is estimated that tax will be payable.

(d) Cash flow statement

The company has taken advantage of the exemption provided by Financial Reporting Standard no. 1 and has not prepared a cash flow statement for the year ended 30 September 1996. A consolidated cash flow statement can be found in the financial statements of the parent company, SEC Group PLC.
