**Notes to the Abbreviated Accounts**  
**for the Year Ended 31 March 2011**

**1 ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

The accounts are prepared on a going concern basis which assumes that the directors together with its parent company, will continue to support the Company. If this support was not to continue then the basis may not be appropriate, as at 31 March 2011 the company's current liabilities exceeded the current assets by £6,532 (2009 £4,592)

Should the company then not be able to continue trading, adjustments to the value of assets would be needed to provide for any further liabilities which might arise and to reclassify fixed assets and long term liabilities as current assets and liabilities

**Accounting convention**

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

**Deferred tax**

We are not recognising the deferred tax asset arising on the basis that we do not expect the company to make any profits against which to utilise their losses in the near future

**2 CALLED UP SHARE CAPITAL**
