Directors' report for the year ended 31 March 2017

The directors present their annual report on the affairs of the company, together with the unaudited financial statements, for the year ended 31 March 2017.

Business Review

The Company has been dormant as defined in section 1169 of the Companies Act 2006 throughout the year and preceding financial year. It is anticipated that the Company will remain dormant for the foreseeable future. Key performance indicators are not considered necessary for an understanding of the development, performance or position of the business of the Company. There are no risks or uncertainties facing the Company including those within the context of the use of financial instruments.

The Company has chosen to present the financial statements in accordance with FRS 102 *'The Financial Reporting Standard Applicable in the UK and Republic of Ireland'*, which entitles the Company to adopt the exemption in paragraph 35.10 of FRS 102 allowing the Company to retain its previous accounting policies, (prepared under UK GAAP), until there is any change to balances or the company undertakes new transactions.

Tata Steel Europe Limited ('TSE') and its subsidiaries are financed in part through the Senior Facilities Agreement and other long term loans introduced by the parent from time to time and in part through working capital support provided by Tata Steel Global Procurement Co. Pte Limited ('TSGP') a subsidiary of Tata Steel Limited ('TSL'), under arrangements which have been authorised, and are supported, by TSL. TSL has approved the continued provision of working capital support to TSE and its subsidiaries (including the Company) and the operations of TSE's material subsidiaries, including in the Netherlands and the UK, subject to certain restrictions which in respect of Tata Steel UK ('TSUK'), a wholly owned subsidiary of Tata Steel Europe and a parent of the Company, includes agreement on a Regulated Apportionment Arrangement ('RAA') of the British Steel Pension Scheme ('BSPS'). The trading performance of the TSE Group, including the UK and the Company, in FY 2016/17 has continued to require financial support from TSL. It is thought that this may well continue but at a much-reduced level during FY 2017/18, when the outlook is much improved.

Further very material evidence of continued TSL support is seen in the commitment of TSL affiliates to provide the required financing of c.£550m which will need to be paid by TSUK to achieve a Regulated Apportionment Arrangement ('RAA') of the British Steel Pension Scheme ('BSPS') obligations of TSUK and the other BSPS employer entities. The completion of the RAA with relation to the BSPS, which was the subject of the TSL announcement on 16 May 2017, constitutes a material event for TSUK, and in its absence it is expected that there would be a very large BSPS funding deficit which could cast significant doubt about TSUK's ability to continue as a going concern and to realise its assets and discharge its liabilities in the normal course of business. Until the conclusion of the process, there continues to be a material uncertainty as to whether the BSPS restructuring will be completed.

For these reasons, while the Directors have a reasonable expectation that the Company has adequate resources to continue operating for the foreseeable future, they have concluded that until the RAA process is concluded there exists a material uncertainty which may cast significant doubt about the Company's ability to continue as a going concern. However, the Directors continue to adopt the going concern basis in preparing the financial statements. The financial statements do not include the adjustments that would result if the Company was not a going concern as it is not practicable to identify or quantify them.
