### **Strategic report For the Year Ended 31 December 2020**

---

The directors present their Strategic report for the year ended 31 December 2020.

#### **PRINCIPAL ACTIVITIES**

The principal activity of the company is the operation of long term infrastructure assets relating to The Chiltern Railway franchise. The Chiltern Railway Company Limited, a wholly owned subsidiary of the company, operates passenger railway services primarily between London and Birmingham, Oxford, Aylesbury and towns along the M40 corridor.

There were no significant changes in the company's principal activities during the year.

#### **REVIEW OF BUSINESS**

The company made a profit before tax of £4.1million (2019: £4.0 million), with trading performance materially consistent with the previous year.

The balance sheet on page 10 shows that the company had net assets of £71.1 million at 31 December 2020 (2019: £68.0 million). The increase in net assets is entirely due to the profit generated during the year.

#### **PRINCIPAL RISKS AND UNCERTAINTIES**

M40 Trains Limited is a holding company that operates long term rail infrastructure assets with minimum risk exposure to economic conditions. The main risk applicable to the company is the non payment of rents. This is mitigated by the fact that the majority of rents receivable are receivable from a fellow group company and the company has continued financial support of the ultimate parent company, Deutsche Bahn AG.

#### **LIQUIDITY RISK**

Deutsche Bahn AG, the ultimate parent company of M40 Trains Limited, provides all of the company's funding facilities. This includes funding for project working capital, capital expenditure and any trading losses. Deutsche Bahn AG also acts as financial guarantor on all performance and liquidity bonds to the Department for Transport ("DfT"). Liquidity risk is managed within the business via regular working capital and cash flow analyses, which are reviewed at board level.

#### **KEY PERFORMANCE INDICATORS**

The Management Board of Deutsche Bahn AG manage the group's operations on a divisional basis. For this reason, the company's directors believe that analysis using key performance indicators for the company is not necessary or appropriate for an understanding of the development, performance or position of the business of the company. The development performance and position of the group, including this company, is discussed in the Deutsche Bahn group's Integrated Report which does not form part of this report.

---

**Strategic report (continued)**  
**For the Year Ended 31 December 2020**

---

**FUTURE DEVELOPMENTS**

The company is a wholly owned subsidiary of Deutsche Bahn AG and part of the Arriva group which Deutsche Bahn AG heads. As a public transport operator, the Arriva group has been significantly impacted by the Covid-19 coronavirus pandemic with a resulting impact on passengers, colleagues, and other business stakeholders. The Arriva group has and continues to work closely with both local and national government bodies and transport authorities on support measures to ensure continuation of critical transportation services during the pandemic.

The company is a holding company providing long term infrastructure assets relating to The Chiltern Railway franchise. As a provider of long term infrastructure assets the company has been less directly impacted by the pandemic than other companies in the Arriva group.

The company voluntarily participates in a group cash pooling arrangement operated by its ultimate parent, Deutsche Bahn AG ('DB'). This is a long-standing arrangement operated by DB to manage the liquidity needs of DB group companies, and the company has been party to this arrangement for several years. Under the arrangement all the company's cash balances are swept into the group cash pool at the end of each business day. The company has a positive cash pooling balance at the balance sheet date and the directors expect the company's pooled cash balance to remain positive over the going concern assessment period.

The company is currently dependent on daily access to its funds in the cash pool for the funds required to operate and to support the going concern assertion. As the terms of the company's agreement with DB do not provide explicit rights for immediate access to these funds on request, this gives rise to a potential liquidity risk that funds may not be available as required to settle liabilities during the period of 12 months from the date of approval of the financial statements. However, the directors consider this risk to be highly improbable, as such action would contradict internal group policies and be inconsistent with past practice.

Since inception of the pooling arrangement, the company has never experienced any issue being able to draw upon its cash balances within the group cash pool to settle its liabilities as they fall due. The company also has a unilateral right to terminate its participation in the group cash pooling arrangement by giving one month's notice to DB.

The directors acknowledge that the uncertainty regarding immediate access to funds placed with DB indicates the existence of a material uncertainty which may cast significant doubt about the company's ability to continue as a going concern. The directors have prepared the financial statements on a going concern basis as they have a reasonable expectation that the company will continue to have full and immediate access to its pooled cash balances with DB and will continue to have access to adequate financial and other resources to continue to operate for the foreseeable future. In completing their going concern assessment, the directors have considered the expected impact of the Covid-19 pandemic on the company's financial position, based on severe but plausible downside scenarios, along with associated management actions to mitigate those impacts.

These conditions indicate the existence of material uncertainties which may cast significant doubt about the company's ability to continue as a going concern. The financial statements do not contain the adjustments that would arise if the company were unable to continue as a going concern.

**SECTION 172 STATEMENT**

The directors work to promote the success of the company, by considering the impact that their decisions may have on the company, along with the company's stakeholders. The issues and factors which have guided the directors' decisions are outlined in the 'Review of business' and the 'Principal Risks and Uncertainties' sections of this report.

**Strategic report (continued)  
For the Year Ended 31 December 2020**

**SECTION 172 STATEMENT (continued)**

The company's key stakeholders include, but are not limited to:

- Suppliers
- Deutsche Bahn AG
- Arriva plc
- Arriva Trains Holdings Limited
- The Chiltern Railway Company Limited
- Local communities in which the company is based.

During the financial year ended 31 December 2020 the directors did not make any principal decisions that impacted the company or its ability to meet the expectations of the company's key stakeholders.

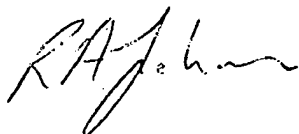

The Arriva group's values are working as "One Arriva", providing great customer experience, doing the right thing and thinking beyond. The directors of the company promote good governance through regular board meetings, which is key to driving the success of the company. The directors aim to deliver the above values of the Arriva group, whilst maintaining effective relationships with all stakeholders who are critical to the long-term success of the company. The directors consider the Arriva group values when making decisions.

The company is part of the Arriva group and its ultimate parent company is Deutsche Bahn AG. The implementation of the strategy and policies of the company, including those relating to its relationships with key stakeholders, are managed locally by the board of the company, and oversight is provided by the Arriva UK Trains Leadership team. Any major matters of interest are then communicated to the Arriva Management Board (the "AMB"), a subcommittee of the board of Arriva plc. The membership of the AMB includes the Managing Director of the UK Trains division.

The company takes payment practice commitments to suppliers seriously and seeks to ensure prompt payment of invoices (in line with Arriva group's defined policies) and a clear process in the event of any invoice dispute. The company believes that prompt payment of invoices is key to facilitating a good relationship with suppliers.

The company is committed to the communities that it serves. At Arriva group, a Director of Corporate & Social Responsibility (CSR) has oversight of strategic commitments for CSR, which forms part of the wider business strategy for the Arriva group.

This report was approved by the board on 29 September 2021 and signed on behalf of the board.

### **Directors' report For the Year Ended 31 December 2020**

---

The directors present their report and the audited financial statements for the year ended 31 December 2020.

#### **RESULTS AND DIVIDENDS**

The profit for the year, after taxation, amounted to £3,119,000 (2019 - £3,257,000).

The company did not pay a dividend during the current and previous financial year.

#### **DIRECTORS**

The directors who served during the year, and up to the date of signing the financial statements, were:

R A Johnson

A Furlong

A J Scott

M E C Hewitt (appointed 1 January 2020, resigned 5 October 2020)

R G Allan (appointed 5 October 2020)

#### **FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES**

Deutsche Bahn AG is the principal source of funding for Arriva plc and its subsidiaries. The Arriva group's financial risks, including liquidity risks and those arising from interest rates, commodity prices and currency fluctuations are managed in accordance with the Deutsche Bahn treasury policy. For further details relating to financial risk management please refer to the Deutsche Bahn 2020 Integrated Report.

#### **EMPLOYEE ENGAGEMENT**

The company has no employees and therefore has nothing to report in respect of employee engagement activity during the year.

The company's subsidiary, The Chiltern Railway Company Limited, is an employing company. Details of The Chiltern Railway Company Limited's employee engagement can be found in The Chiltern Railway Company Limited's annual report and financial statements, which do not form part of this report.

**Directors' report (continued)**  
**For the Year Ended 31 December 2020**

**MATTERS COVERED IN THE STRATEGIC REPORT**

*Details of future developments have been disclosed in the Strategic report.*

**STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE FINANCIAL STATEMENTS**

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulation.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework", and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 101, have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

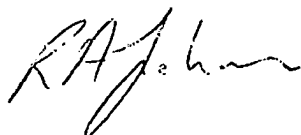

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006.

**DIRECTORS' CONFIRMATIONS**

In the case of each director in office at the date the Directors' report is approved:

- so far as the director is aware, there is no relevant audit information of which the company's auditors are unaware, and
- the director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the company's auditors are aware of that information.

This report was approved by the board on 29 September 2021 and signed on its behalf.

Director

# Independent auditors' report to the members of M40 Trains Limited

## Report on the audit of the financial statements

### Opinion

In our opinion, M40 Trains Limited's financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2020 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual report and financial statements (the "Annual Report"), which comprise: the Balance sheet as at 31 December 2020; the Statement of comprehensive income and the Statement of changes in equity for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Independence

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

### Material uncertainty related to going concern

In forming our opinion on the financial statements, which is not modified, we have considered the adequacy of the disclosure made in note 1.1 to the financial statements concerning the company's ability to continue as a going concern. The company is dependent on the Deutsche Bahn AG ("DB") cash pooling arrangements for access to the cash necessary for the day-to-day operations of the company and to support the going concern assertion. As per the terms of the company's agreement with DB, the company does not have explicit rights for immediate access to these funds on request, which gives rise to a potential liquidity risk that funds may not be available as required to settle liabilities during the period of 12 months from the date of approval of the financial statements. These conditions, along with the other matters explained in note 1.1 to the financial statements, indicate the existence of a material uncertainty which may cast significant doubt about the company's ability to continue as a going concern. The financial statements do not include the adjustments that would result if the company were unable to continue as a going concern.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

### Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

# Independent auditors' report to the members of M40 Trains Limited (continued)

## Reporting on other information (continued)

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic report and Directors' report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on our work undertaken in the course of the audit, the Companies Act 2006 requires us also to report certain opinions and matters as described below.

## Strategic report and Directors' report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic report and Directors' report for the year ended 31 December 2020 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic report and Directors' report.

## Responsibilities for the financial statements and the audit

### Responsibilities of the directors for the financial statements

As explained more fully in the Statement of Directors' responsibilities in respect of the financial statements, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

### Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the company and industry, we identified that the principal risks of non-compliance with laws and regulations related to compliance with the franchise agreement and Emergency Recovery Measures Agreement (ERMA), and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to posting inappropriate journal entries to overstate the company's profit and management bias in significant judgements and accounting estimates. Audit procedures performed by the engagement team included:

# Independent auditors' report to the members of M40 Trains Limited (continued)

## Auditors' responsibilities for the audit of the financial statements

- Review of board minutes;
- Obtaining the company's assessment of the key fraud risks and the controls and procedures that are in operation to detect and prevent fraud;
- Testing management bias in estimates through review of underlying data and assumptions used to calculate these;
- Discussions with management including consideration of known or suspected instances of non-compliance with laws and regulations and fraud;
- Review of legal expenditure in the year to identify potential non-compliance with laws and regulations; and
- Computer Assisted Audit Techniques ("CAATS") analysing journals to identify any unusual, unexpected or significantly material journals for specific follow up and testing. As required by ISA 240, an element of unpredictability was incorporated into our audit testing.

There are inherent limitations in the audit procedures described above. We are less likely to become aware of instances of non-compliance with laws and regulations that are not closely related to events and transactions reflected in the financial statements. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditors' report.

## Use of this report

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

## Other required reporting

### Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not obtained all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- certain disclosures of directors' remuneration specified by law are not made; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

---

**Notes to the financial statements  
For the Year Ended 31 December 2020**

---

**1. ACCOUNTING POLICIES****1.1 BASIS OF PREPARATION OF FINANCIAL STATEMENTS**

The financial statements have been prepared in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework' (FRS 101) and the Companies Act 2006. The principal accounting policies adopted in the preparation of the financial statements are set out below and have been consistently applied to all years, unless otherwise stated. The financial statements have been prepared on the going concern basis under the historic cost convention and in accordance with the Companies Act 2006.

There are no amendments to accounting standards, or IFRS IC interpretations that are effective for the year ended 31 December 2020 that have had a material impact on the company's financial statements.

The company is itself a subsidiary company and is exempt from the requirement to prepare group financial statements by virtue of section 400 of the Companies Act 2006. These financial statements therefore present information about the company as an individual undertaking and not about its group.

**GOING CONCERN**

The company is a wholly owned subsidiary of Deutsche Bahn AG and part of the Arriva group which Deutsche Bahn AG heads. As a public transport operator, the Arriva group has been significantly impacted by the Covid-19 coronavirus pandemic with a resulting impact on passengers, colleagues, and other business stakeholders. The Arriva group has and continues to work closely with both local and national government bodies and transport authorities on support measures to ensure continuation of critical transportation services during the pandemic.

The company is a holding company providing long term infrastructure assets relating to The Chiltern Railway franchise. As a provider of long term infrastructure assets the company has been less directly impacted by the pandemic than other companies in the Arriva group.

The company voluntarily participates in a group cash pooling arrangement operated by its ultimate parent, Deutsche Bahn AG ('DB'). This is a long-standing arrangement operated by DB to manage the liquidity needs of DB group companies, and the company has been party to this arrangement for several years. Under the arrangement all the company's cash balances are swept into the group cash pool at the end of each business day. The company has a positive cash pooling balance at the balance sheet date and the directors expect the company's pooled cash balance to remain positive over the going concern assessment period.

The company is currently dependent on daily access to its funds in the cash pool for the funds required to operate and to support the going concern assertion. As the terms of the company's agreement with DB do not provide explicit rights for immediate access to these funds on request, this gives rise to a potential liquidity risk that funds may not be available as required to settle liabilities during the period of 12 months from the date of approval of the financial statements. However, the directors consider this risk to be highly improbable, as such action would contradict internal group policies and be inconsistent with past practice.

**Notes to the financial statements  
For the Year Ended 31 December 2020**

**1. ACCOUNTING POLICIES (CONTINUED)**

**1.1 BASIS OF PREPARATION OF FINANCIAL STATEMENTS (continued)**

**GOING CONCERN (continued)**

Since inception of the pooling arrangement, the company has never experienced any issue being able to draw upon its cash balances within the group cash pool to settle its liabilities as they fall due. The company also has a unilateral right to terminate its participation in the group cash pooling arrangement by giving one month's notice to DB.

The directors acknowledge that the uncertainty regarding immediate access to funds placed with DB indicates the existence of a material uncertainty which may cast significant doubt about the company's ability to continue as a going concern. The directors have prepared the financial statements on a going concern basis as they have a reasonable expectation that the company will continue to have full and immediate access to its pooled cash balances with DB and will continue to have access to adequate financial and other resources to continue to operate for the foreseeable future. In completing their going concern assessment, the directors have considered the expected impact of the Covid-19 pandemic on the company's financial position, based on severe but plausible downside scenarios, along with associated management actions to mitigate those impacts.

These conditions indicate the existence of material uncertainties which may cast significant doubt about the company's ability to continue as a going concern. The financial statements do not contain the adjustments that would arise if the company were unable to continue as a going concern.

**1.2 TURNOVER**

Turnover comprises rental income from infrastructure assets receivable from its subsidiary company, net of value added tax and trade discounts. Rental income is recognised on a straight line basis over the lease term.

**Notes to the financial statements  
For the Year Ended 31 December 2020**

**1. ACCOUNTING POLICIES (CONTINUED)**

**1.3 LEASES**

Lessor accounting

The company classifies assets leased to its subsidiary as operating or finance leases. Leases are categorised as finance leases if it is determined that the risks and rewards of ownership of the asset has transferred to the lessee. Where leases are categorised as finance leases, the tangible asset is derecognised from the balance sheet and a finance lease receivable is recognised at the net investment value of the lease, with any balance charged to the statement of comprehensive income.

Tangible assets leased to the company's subsidiary under operating leases are not derecognised, with rental income recognised in accordance with the company's turnover policy.

Lessee accounting

For leases within the scope of IFRS 16, a lease liability and corresponding right-of-use asset are recognised at the lease commencement date.

The lease liability is initially measured at the present value of future lease payments, discounted, using the incremental borrowing rate of the company (or rate implicit in the lease, if available). Future lease payments include fixed and variable payments, amounts repayable under a residual value guarantee, and the exercise price of future purchase options the company is reasonably certain to exercise (where applicable). Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The liability is subsequently measured at amortised cost using the effective interest method, with the financing cost recognised within 'Interest payable and similar charges'.

Corresponding right-of-use assets are measured at the initial amount of the lease liability, adjusted for any lease payments prepaid at the commencement date, initial direct costs, lease incentives, and an estimate of costs to dismantle or remove the underlying asset. Subsequently, the right-of-use asset is depreciated on a straight-line basis over lease term. Where an impairment indicator is identified the right-of-use asset is adjusted by any associated impairment losses. The right-of-use asset is also adjusted for any remeasurements of the lease liability.

The company has elected to apply the exemption included within IFRS 16 for short-term leases (lease terms of less than 12 months from the commencement date), and low value leases (asset values less than €5,000). Lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

**Notes to the financial statements  
For the Year Ended 31 December 2020**

---

**1. ACCOUNTING POLICIES (CONTINUED)**

**1.3 LEASES (continued)**

Subleases

Where the company is an intermediate lessor, the head lease and sub-lease are accounted for separately. The treatment on the sub-lease is determined with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset.

For sub-leases determined to be finance leases, the company does not recognise a right-of-use asset (to the extent that it is subject to the sub-lease) and instead recognises a lease receivable. If the head lease is a short-term lease to which the company applies an exemption as described above, then the sub-lease is classed as an operating lease.

**1.4 TANGIBLE ASSETS**

Tangible assets are stated at cost less accumulated depreciation. Cost includes the original purchase price of the asset and the costs attributable to bringing the asset to its working condition for its intended use.

~~Tangible assets include right-of-use assets under lease arrangements. Note 1.3 outlines the accounting policies for such assets.~~

Depreciation is provided at rates calculated to write off the cost of the assets over their expected useful lives. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if it is greater than its estimated recoverable amount.

Depreciation is provided on all tangible assets, excluding investment property land which is not depreciated.

Depreciation is provided on the following basis:

Leasehold properties & investment property	- over the remaining lease term or remaining asset life in line with the Chiltern franchise agreement as appropriate (between 16 and 40 years)
Plant & machinery	- straight line up to 15 years

**1.5 INVESTMENT PROPERTY**

Investment properties are measured at cost, including transaction costs. Investment properties are derecognised when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gains or losses on the retirement or disposal of investment property are recognised in the statement of comprehensive income within the period of derecognition. Investment property land is not depreciated. For all other investment property the depreciation is calculated on a straight-line basis to allocate cost, less residual value of the assets, over their estimated useful lives.

**Notes to the financial statements  
For the Year Ended 31 December 2020**

**1. ACCOUNTING POLICIES (CONTINUED)**

**1.6 INVESTMENTS**

Investments held as fixed assets are shown at cost less impairment. Investments are reviewed annually for potential impairment. Profits or losses arising from disposals of fixed asset investments are treated as part of the result from ordinary activities.

**1.7 DEBTORS**

Trade and other debtors are held with the intention to collect the contractual cash flows and are initially measured at fair value and subsequently at amortised cost less any allowance for impairment (where such allowance is material).

The simplified approach is used to measure expected lifetime credit loss allowances under IFRS 9 for trade and other debtors on a collective basis for any assets that are not considered to be individually impaired. Trade and other debtors are considered to be individually impaired when there is objective evidence that the estimated future cash flows associated with the asset have been affected. Objective evidence for impairment could be observable changes in national or local economic conditions / government policies on transport.

Allowances for expected credit losses on trade and other debtors are recognised only where they are material.

**1.8 CASH AND CASH EQUIVALENTS**

Cash balances comprise cash in hand and all bank balances and are stated in the balance sheet at fair value. The company does not hold any cash equivalents.

Where cash balances are held under cash pooling arrangements operated by the company's ultimate parent, on behalf of the company, such cash balances are disclosed within amounts owed by (or owed to) group undertakings.

**1.9 CREDITORS**

Trade and other creditors are obligations to pay for goods / services that have been acquired in the ordinary course of business and are initially stated at fair value and subsequently at amortised cost.

**1.10 CAPITAL GRANTS**

Capital based government grants are included within accruals and deferred income in the balance sheet and credited to the statement of comprehensive income over the estimate useful economic lives of the assets to which they relate.

**Notes to the financial statements  
For the Year Ended 31 December 2020**

---

**1. ACCOUNTING POLICIES (CONTINUED)**

**1.11 FINANCIAL REPORTING STANDARD 101 - REDUCED DISCLOSURE EXEMPTIONS**

The company has taken advantage of the following disclosure exemptions under FRS 101:

- the requirements of IFRS 7 Financial Instruments: Disclosures
- the requirements of paragraphs 91-99 of IFRS 13 Fair Value Measurement
- the requirements of the second sentence of paragraph 110 and paragraphs 113(a), 114, 115, 118, 119(a) to (c), 120 to 127 and 129 of IFRS 15 Revenue from Contracts with Customers
- the requirements of paragraph 52, the second sentence of paragraph 89, and paragraphs 90, 91 and 93 of IFRS 16 Leases. The requirements of paragraph 58 of IFRS 16, provided that the disclosure of details in indebtedness relating to amounts payable after 5 years required by company law is presented separately for lease liabilities and other liabilities, and in total
- the requirement in paragraph 38 of IAS 1 'Presentation of Financial Statements' to present comparative information in respect of:
  - paragraph 79(a)(iv) of IAS 1;
  - paragraph 73(e) of IAS 16 Property, Plant and Equipment;
  - paragraph 118(e) of IAS 38 Intangible Assets;
  - paragraphs 76 and 79(d) of IAS 40 Investment Property; and
- the requirements of paragraphs 10(d), 10(f), 16, 38A, 38B, 38C, 38D, 40A, 40B, 40C, 40D, 111 and 134-136 of IAS 1 Presentation of Financial Statements
- the requirements of IAS 7 Statement of Cash Flows
- the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors
- the requirements of paragraph 17 and 18A of IAS 24 Related Party Disclosures
- the requirements in IAS 24 Related Party Disclosures to disclose related party transactions entered into between two or more members of a group, provided that any subsidiary which is a party to the transaction is wholly owned by such a member
- the requirements of paragraphs 130(f)(ii), 130(f)(iii), 134(d)-134(f) and 135(c)-135(e) of IAS 36 Impairment of Assets.

The company is a qualifying entity for the purpose of FRS 101 and Note 17 gives details of the company's ultimate parent and from where its consolidated financial statements, prepared in accordance with IFRS, may be obtained.

FRS 101 sets out a reduced disclosure framework for a "qualifying entity" as defined in the standard which permits a qualifying entity to apply the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the EU, but makes amendments where necessary in order to comply with the Companies Act 2006.

The company has notified its shareholders in writing about, and they do not object to, the use of the disclosure exemptions used by the company in these financial statements, the most significant of which are summarised above. The equivalent disclosures are included in the consolidated financial statements of the ultimate parent company, Deutsche Bahn AG, in accordance with the application guidance of FRS 100 "Application of financial reporting requirements".

**Notes to the financial statements  
For the Year Ended 31 December 2020**

**1. ACCOUNTING POLICIES (CONTINUED)**

**1.12 CURRENT AND DEFERRED TAXATION**

The tax charge or credit in the statement of comprehensive income represents the sum of the current tax charge or credit and the deferred tax charge or credit for the year. Tax is recognised within the statement of comprehensive income, except to the extent that it relates to items recognised in other comprehensive income or directly in shareholders' funds.

The current tax charge or credit is based on the taxable profit for the year. Taxable profit can differ from the profit or loss before tax as reported in the statement of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years, or that are never taxable or deductible. The company's liability or asset relating to current tax is calculated using rates prevailing during the year.

Where companies within the UK Group make payments for tax losses where the amount paid exceeds the tax value of the losses, any excess is reported as a movement through equity.

Deferred taxation is recognised on the temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised, using rates that have been enacted or substantively enacted at the balance sheet date. Deferred tax is charged or credited in the statement of comprehensive income, except when it relates to items charged or credited directly to equity, in which case deferred tax is also dealt with in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current taxation assets against current taxation liabilities and when the deferred taxation assets and liabilities relate to taxation levied by the same taxation authority, and the company intends to settle its current taxation assets and liabilities on a net basis.

Deferred tax assets and liabilities are not discounted.

**1.13 SHARES**

Proceeds from the issuance of shares are accounted as equity (forming part of Total shareholders' funds) only to the extent that they include no contractual obligation upon the company to deliver cash or other financial assets to another party (or exchange financial assets or financial liabilities with another party on unfavourable terms). Where this condition is not satisfied, the proceeds of issuance are accounted as financial liabilities, initially measured at fair value and subsequently at amortised cost.

**Notes to the financial statements  
For the Year Ended 31 December 2020**

---

**2. JUDGEMENTS IN APPLYING ACCOUNTING POLICIES AND KEY SOURCES OF ESTIMATION UNCERTAINTY**

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Application of certain company accounting policies required management to make judgements, assumptions and estimates concerning the future as detailed below.

The preparation of financial statements in conformity with FRS 101 requires management to make estimates and judgements in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expense. Estimates and judgements are based on historical experience and management's best knowledge of the amount. Due to the inherent uncertainty in making estimates and judgements, actual results in future periods may be based on amounts which differ from those estimates.

**2.1 Critical judgements in applying accounting policies**

The following are the critical judgements that have been made in the process of applying the company's accounting policies, apart from those involving estimations, that have the most significant effect on the financial statements.

Lease and sub-lease terms and accounting

In determining the lease term at commencement of its lease and sub-lease arrangements with the company's subsidiary management considers the terms of the arrangements and all facts and circumstances of the company's and its subsidiary's operations, including the expected duration of the Chiltern franchise contract, that create an economic incentive to exercise an extension option, or not exercise a termination option (where applicable).

In respect of sub-lease arrangements, management assessed on adoption of IFRS 16 whether the arrangements were operating leases, requiring recognition of a right-of-use tangible asset on transition, or as finance lease receivables, requiring recognition of a receivable due from its subsidiary undertaking, identifying both types of sub-lease arrangements. See Note 1.3 for further details of the accounting policy and Note 10 for the value of right-of-use tangible assets.

**2.2 Critical assumptions and key sources of estimation uncertainty**

The following areas are the critical assumptions concerning the future and the key sources of estimation uncertainty in the reporting period. These areas may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year:

Useful economic lives of tangible assets (including right-of-use assets)

The annual depreciation charge for tangible assets is sensitive to changes in the estimated useful economic lives and residual values of the assets. The useful economic lives and residual values are reassessed annually. They are amended when necessary to reflect current estimates, based on technological advancement, future investments, economic utilization or physical condition of the assets. See Note 10 for the carrying amount of the tangible assets and Note 1.4 for the useful economic lives for each class of assets.

Impairment of investments

The company reviews investments annually for any indicator of impairment, and where an indicator is identified, an estimate is made of the recoverable amount. The reviews identified no impairments or were required to investments during 2020 (2019: £nil). See Note 11 for further details and for the carrying amount of investments.

## M40 TRAINS LIMITED

### Notes to the financial statements For the Year Ended 31 December 2020

#### 3. GENERAL INFORMATION

The company is a private limited company, limited by shares and incorporated and domiciled in England, the United Kingdom. The registered company number is 3005018 and the address of the registered office is 1 Admiral Way, Doxford International Business Park, Sunderland, SR3 3XP.

#### 4. TURNOVER

The whole of the turnover is attributable to the company's principal activity.

All turnover arose within the United Kingdom.

#### 5. OPERATING PROFIT

The operating profit is stated after charging:

	2020 £000	2019 £000
Depreciation of tangible assets	1,196	1,174

The company has no employees other than the directors, who did not receive any remuneration, in respect of their services, to the company (2019 : £NIL).

#### 6. AUDITORS' REMUNERATION

The company paid the following amounts to its auditors in respect of the audit of the financial statements and for other services provided to the company:

	2020 £000	2019 £000
Fees payable for the audit of the company's annual financial statements	6	7
	<u>6</u>	<u>7</u>

#### 7. INTEREST RECEIVABLE AND SIMILAR INCOME

	2020 £000	2019 £000
Group interest receivable	22	213
	<u>22</u>	<u>213</u>

# M40 TRAINS LIMITED

## Notes to the financial statements For the Year Ended 31 December 2020

### 8. INTEREST PAYABLE AND SIMILAR EXPENSES

	2020 £000	2019 £000
Interest on lease liabilities	73	101
	<u>73</u>	<u>101</u>

### 9. TAX ON PROFIT

	2020 £000	2019 £000
<b>CORPORATION TAX</b>		
Current tax on profits for the year	973	927
Adjustment in respect of prior years	34	-
<b>TOTAL CURRENT TAX CHARGE</b>	<u>1,007</u>	<u>927</u>
<b>DEFERRED TAX</b>		
Origination and reversal of timing differences	5	(143)
Adjustment in respect of prior years	(31)	-
<b>TOTAL DEFERRED TAX CREDIT (Note 15)</b>	<u>(26)</u>	<u>(143)</u>
<b>TOTAL TAXATION CHARGE ON PROFIT</b>	<u>981</u>	<u>784</u>

### FACTORS AFFECTING TAX CHARGE FOR THE YEAR

The tax assessed for the year is higher than (2019 - *higher than*) the standard rate of corporation tax in the UK of 19% (2019 - 19%). The differences are explained below:

	2020 £000	2019 £000
Profit before tax	<u>4,100</u>	<u>4,041</u>
Profit multiplied by standard rate of corporation tax in the UK of 19% (2019 - 19%)	779	768
<b>EFFECTS OF:</b>		
Adjustment in respect of prior years	3	-
Impact of rate change on deferred tax	199	16
<b>TOTAL TAX CHARGE FOR THE YEAR</b>	<u>981</u>	<u>784</u>

**M40 TRAINS LIMITED****Notes to the financial statements  
For the Year Ended 31 December 2020****9. TAX ON PROFIT (CONTINUED)****FACTORS THAT MAY AFFECT FUTURE TAX CHARGES**

In the Spring Budget 2021, the Government announced that from 1 April 2023 the corporation tax rate will increase to 25%. Since the proposal to increase the rate to 25% had not been substantively enacted at the balance sheet date, its effects are not included in these financial statements. However, it is likely that the overall effect of the change, had it been substantively enacted by the balance sheet date, would be £535,000 higher than reported.

**10. TANGIBLE ASSETS**

	Investment property £000	Leasehold properties £000	Total £000
<b>COST</b>			
At 1 January 2020	29,994	6,639	36,633
At 31 December 2020	29,994	6,639	36,633
<b>DEPRECIATION</b>			
At 1 January 2020	11,611	4,166	15,777
Charge for the year	770	426	1,196
At 31 December 2020	12,381	4,592	16,973
<b>NET BOOK VALUE</b>			
At 31 December 2020	17,613	2,047	19,660
At 31 December 2019	18,383	2,473	20,856

The directors believe that there is no material differences between the fair value and carrying value of the investment property.

Leasehold properties includes right-of-use assets recognised in accordance with IFRS 16 with a book value as at 31 December 2020 of £1,257,000 (2019 - £1,430,000). Depreciation of £173,000 was charged to these assets in the year. Additions of £NIL were recognised in the year.

	<b>376,311</b>	<b>376,311</b>

**Notes to the financial statements  
For the Year Ended 31 December 2020**

**16. CALLED UP SHARE CAPITAL (CONTINUED)**

**Preference shares**

Under the company's article of association the redeemable preference shares carry an entitlement to a dividend at the rate of 12p per share per annum.

Holders of preference shares have one vote for every share held but only on a resolution for the winding-up of the company or on a resolution affecting the rights attached to the shares. Preference shareholders have the right on a winding-up to receive, in priority to any other class of shares, the sum of £1.25 per share together with any arrears of dividend.

As at 31 of December 2020 there are no allotted called up and fully paid preference shares (31 December 2019: none).

**'B' Ordinary and 'C' Ordinary shares**

'B' Ordinary shares and 'C' Ordinary shares are equity shares. They rank pari passu and carry an entitlement to a dividend in proportion to the total voting rights attached to each share on the date the dividend is declared.

**'D' Ordinary shares**

'D' Ordinary shares are equity shares. Holders of these shares are not entitled to receive any dividends nor otherwise participate in the profits of the company. There are no voting rights attached to 'D' Ordinary shares.

**Notes to the financial statements  
For the Year Ended 31 December 2020**

**17. ULTIMATE PARENT UNDERTAKING AND CONTROLLING PARTY**

The immediate parent company is Arriva Trains Holdings Limited.

The ultimate parent company and ultimate controlling party is Deutsche Bahn AG, a company registered in Germany, which has prepared group financial statements incorporating the results of the company. Copies of these financial statements can be obtained from Potsdamer Platz 2, 10785 Berlin.

Deutsche Bahn AG is the largest and smallest group to consolidate the financial statements of the company.

Transactions and balances with other companies in the Deutsche Bahn group are not specifically disclosed as the company has taken advantage of the exemption available under IAS 24 'Related party disclosures' for wholly-owned subsidiaries.
