4. CIRCUMSTANCES GIVING RISE TO THF APPOINTMENT OF ADMINISTRATIVE RECEIVERS

The business commenced trading over 40 years ago as Neath Tile Centre and was incorporated in 1968 The original directors and shareholders were Mr J A Taylor and Mrs P Taylor. The current group holding company was incorporated in 1994

The business traded as traditional tile wholesalers and retailers and has traded from a number of locations including Swansea, Cardiff, Haverfordwest and Narberth In 2004 the Company was purchased by the current directors, Lesley and Kevin Taylor-Bottomley, who are the daughter and son in law of the founding directors

In recent years the business has diversified with more emphasis on bathroom design because Mrs Lesley Taylor-Bottomley's reputation and expertise as an interior designer Commercial customers, which accounted for approximately two thirds of turnover, included property developers, local authorities and public companies. The main retail outlets were in Swansea and Cardiff, the latter from a new design focused showroom. A subsidiary company, TT Specialist Fixing Ltd provided a tiling service to customers

TAYLOR TILES HOLDINGLIMITED (IN ADMINISTRATIVE RECEIVERSHIP)

Turnover was badly affected by the recession because of the Company's dependence on commercial property development and domestic home improvements. As a result losses were incurred and the Company came under pressure from creditors

The Company had also provided substantial funding to an associated company, Stacks Ltd, which operated discount tiles warehouses. This Company also incurred substantial losses and the loan owed to Taylor Tiles Holdings Ltd increased.

It became clear that, despite additional bank funding for the group, the Company would not be able to trade out of its difficulties and the directors requested that Barclays Bank plc appoint administrative receivers

STATEMENT OF AFFAIRS

A draft estimated statement of affairs as at 20 November 2009, which has not yet been sworn by the directors is attached at Appendix 2. It makes no provision for the costs of the administrative receivership or any subsequent inquidation.

Our comments on the estimated statement of affairs are attached separately

RECEIVERSHIP STRATEGY

Initial strategy

At the date of our appointment the Company was trading from its head office in Swansea, which comprised a tile showroom with a large warehouse and a design showroom with a warehouse in Cardiff

Contracts had been exchanged for the sale of the lease of the Swansea showroom prior to our appointment with completion due on 18 December 2009. The purchaser was unconnected to the Company and required the premises for a different use so the property had to be completely cleared in order to give vacant possession.

The decision was taken to retain 4 members of staff and to hold a closing down sale for three weeks at the Swansea premises in order to maximise realisations for the stock at the premises. At the same time agents were instructed to dispose of the chattel assets and retention of title claims received were processed. This strategy had the additional benefit of reducing the amount of stock which would need to be moved from the property.

Trading ceased on 12 December 2009 so that the premises could be cleared
The sale of the lease was completed on 23 December 2009 and the net sale proceeds forwarded to us

Pre-packaged sale of the Cardiff business and assets

Prior to our appointment Mr & Mrs Taylor-Bottomley, two of the Directors and the shareholders of the Company, had expressed interest in purchasing the business and assets at the 143 Colchester Avenue, Cardiff This showroom, which traded as Taylors etc, specialised in bathroom design with tiles and bathroom suites ordered for future delivery. For this reason it would have been difficult to continue trading this outlet, whilst advertising the business for sale, because operating a closing down sale to reduce the stocks of tiles would have changed the nature of the business and therefore its attraction to potential purchasers. The Directors had already contacted possible purchasers in the industry but there had been no interest.

TAYLOR TILES HOLDINGLIMITED (IN ADMINISTRATIVE RECEIVERSHIP)

Edward Symmons had valued both the lease and the assets at the Cardiff premises. The lease was considered to be of no value because the Company was paying the current market rent. An offer made by the Directors exceeded the forced sale valuation for the chattel assets and included a consideration for goodwill. This was on the basis that the sale would be completed by the administrative receivers immediately following their appointment so that continuity of service to customers could be maintained.

Under the circumstances the offer made by the Directors was accepted and the sale to Taylors Design etc Ltd, a company controlled by Mr & Mrs K Taylor-Bottomley, was completed on 20 November 2009 The consideration was as follows

	£
Goodwill and intellectual property	20,000
Equipment and showroom contents	21,500
Stock	<u>19,000</u>
	60,500

The consideration is payable by 4 instalments as follows

	£
20 November 2009	20,500
1 February 2010	15,000
1 March 2010	15,000
31 March 2010	<u>10,000</u>
	<u>60,500</u>

7. ASSET REALISATIONS

Receipts and Payments

Attached at Appendix 1 is our account of receipts and payments from the commencement of administrative receivership on 20 November 2009 to 31 January 2010, incorporating our projected outcome for unsecured creditors

Freehold and Leasehold Properties

The sale of the long lease at Beaufort Road, Swansea was completed on 23 December 2009 for £490,000

The two freehold properties owned by the Company are being marketed for sale by our agents

Goodwill

The sum of £20,000 has been realised from the sale of the business and assets referred to above

Motor vehicles subject to Finance Agreement

These vehicles were sold by Edwards Symmons and Barclays Asset Finance Ltd has been paid in full

Plant, equipment and showroom contents

The chattel assets at the Swansea showroom were sold by Edward Symmons and to date the sum of £2,000 has been received. I anticipate that there will be further realisations of £3,000.

A further £21,000 is due for the chattel assets at the Cardiff showroom which were included in the sale of business and assets

Cash in hand

The sum of £155 was realised being the floats and petty cash

Stock

Stock from the closing down sale at the Swansea showroom realised £31,215, most of which was paid by debit or credit card. These funds have not yet been transferred to the administrative receivers account

The stock at the Cardiff showroom was sold for £19,000 being 25% of book value on the recommendation of Edward Symmons The consideration for the sale of the business and assets is being paid by instalments

Trade debtors

These have a book value of £18,752 and to date the sum of £2,567 has been realised. At this stage It is difficult to forecast future realisations

8. ESTIMATED OUTCOME FOR CREDITORS

Preferential Creditors

It is anticipated that the preferential claims for arrears of wages to a maximum of £800 per employee plus accrued holiday pay will be paid in full

Secured Creditor

Barclays Bank plc has advanced monies to the Company through loans and an overdraft facility. The Company has also guaranteed the borrowings of its subsidiary TT Specialist Fixing Ltd and the associated company Stacks Ltd. The total due to the Bank at the date of our appointment, on which interest will continue to accrue, is as follows.

	£
Taylor Tiles Holdings Ltd	1,065,346
TT Specialist Fixing Ltd	15,779
Stacks Ltd	120,842
	<u>1,201,967</u>

It is anticipated that the entire guarantee for the liability of Stacks Ltd will be called upon

Unsecured Creditors

Unsecured claims are estimated at £802,841 for the purposes of the estimated statement of affairs. It is anticipated that the Barclays Bank plc will not be paid in full under the floating charge so no funds will be available for distribution to unsecured creditors.

Section 176A Fund for Unsecured Creditors

Section 176A of the Act provides that, where the company has created a floating charge after 15 September 2003, the administrative receivers must make a *prescribed part* of the Company's *net property* available for the unsecured creditors and not distribute it to the floating charge holder except in so far as it exceeds the amount required for the satisfaction of unsecured claims. *Net property* means the amount which would, were it not for this provision, be available to floating charge holders out of floating charge assets (i.e. after accounting for preferential debts and the costs of realising the floating charge assets). The floating charge holder may not participate in the distribution of the prescribed part of the Company's net property. The prescribed part of the Company's net property is calculated by reference to a sliding scale as follows.

TAYLOR TILES HOLDINGLIMITED (IN ADMINISTRATIVE RECEIVERSHIP)

- 50% of the first £10,000 of net property,
- 20% of net property thereafter,
- Up to a maximum amount to be made available of £600,000

An administrative receiver will not be required to set aside the prescribed part of net property if

- the net property is less than £10,000 and he thinks that the cost of distributing the prescribed part would be disproportionate to the benefit, (Section 176A(3)) or
- he applies to the court for an order on the grounds that the cost of distributing the *prescribed part* would be disproportionate to the benefit and the court orders that the provision shall not apply (Section 176A(5))

To the best of the joint administrative receivers' knowledge and belief, there will be no unsatisfied floating charges created or registered on or after 15 September 2003 as Barclays Bank plc is relying on an earlier debenture and, consequently, there is no net property as defined in Section 176A(6) of the Act and, therefore, no prescribed part of net property is available for distribution to the unsecured creditors

9. ADMINISTRATIVE RECEIVERS REMUNERATION AND DISBURSEMENTS

Administrative Receivers' Remuneration

The joint administrative receivers propose that the basis of their remuneration be fixed by reference to the time properly given by them (as administrative receivers) and the various grades of their staff calculated at the prevailing hourly rates of Begbies Traynor (Central) LLP in attending to matters arising in the receivership. The secured creditor of the Company will determine the basis of the joint administrative receivers' remuneration.

Appendix 3 sets out the administrative receivers' firm's hourly charge out rates and the time that they and their staff have spent in attending to matters ansing in the administrative receivership since the date of our appointment

Administrative Receivers' disbursements

The joint administrative receivers propose that disbursements, including disbursements for services provided by their firm (defined as Category 2 disbursements in Statement of Insolvency Practice 9) be charged in accordance with their firms policy, details of which are set out at Appendix 3. These disbursements will be identified by the administrative receivers and subject to the approval of those responsible for determining the basis of the administrative receivers' remuneration.

INTRODUCTION

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance requires that such information should be disclosed to those who are responsible for approving remuneration

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm and also where payments are to be made to outside parties in which the office holder or his firm or any associate has an interest. Best practice guidance² requires that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT **ESTATES**

Best practice guidance classifies expenses into two broad categories

- Category 1 disbursements (approval not required) specific expenditure that is directly related to the case usually referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred
- Category 2 disbursements (approval required) items of incidental expenditure directly incurred on the case which include an element of shared or allocated cost and which are based on a reasonable method of calculation
 - (A) The following items of expenditure are charged to the case (subject to approval)
 - Internal meeting room usage for the purpose of statutory meetings of creditors is charged at the rate of £100 per meeting,
 - Car mileage is charged at the rate of 40 pence per mile

Statement of Insolvency Practice 9 (SIP 9) - Remuneration of insolvency office holders in England & Wales (Effective 1 April 2007) ² lbid 1

- Dewey & Co, a firm in which Peter Richard Dewey has an interest, is supplying payroll services to the Company, which have not yet been invoiced
- (B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a Category 1 disbursement
