Strategic Report

The directors, in preparing this strategic report, have complied with s414C of the Companies Act 2006.

Review of the business

In the UK, Screwfix Direct Limited grew total sales by 23.5% (+26.5%) to £1,306 million, driven by strong growth from the specialist trade desks exclusive to plumbers and electricians, strong digital and mobile growth (e.g. mobile +124%, click & collect +60%), and the continued roll-out of new outlets. 60 new outlets were opened during the year taking the total to 517. Our overall target is to have around 700 outlets in the UK, up from 600 previously.

In Germany, sales increased from £0.7m to £3.0m with 10 new stores opening during the year, taking the total open at the year end to 19.

Competitive pricing, operating efficiencies and cost control measures are combined to maintain the company's profitability. In addition to the cost improvement agenda, the above-mentioned new counters allowed the company to increase its economic returns from leveraging existing infrastructure.

Key performance indicators

The company's profit before taxation amounted to £118.5m (2015/16: £91.1m) and after taxation £93.0m (2015/16: £72.8m).

Operating profit increased by 31% from £90.0m in 2015/16 to £117.5m this year, with a profit conversion of 9.1% (2015/16: 8.5%).

Screwfix is a subsidiary of Kingfisher plc (the "Group"). Further information on the Group's analysis using financial key performance indicators can be found in the following sections of the Kingfisher plc Annual Report: 'Financial Review' on pages 25 to 30.

Existence of branches outside the UK

The Company has a branch in Germany.

Principal risks and uncertainties

The key business risks and uncertainties affecting the company are the level of product demand and securing property to meet the Trade Counter opening programme. The level of product demand is impacted through possible rises in interest rates, as well as the wider economic situation as discussed below:

Cash flow risk

The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates. The Company uses foreign exchange forward contracts to hedge these exposures.

Interest rate risk

Interest rate risk arises from the foreign currency account balances that bear interest at LIBOR plus a margin. The directors have reviewed the company's exposure and to interest rates and have concluded that the risk is appropriate in relation to the financial results of the company.

Strategic Report continued

Credit risk

The Company's principal financial assets are bank balances and cash and trade debtors.

The Company's credit risk is primarily attributable to its trade debtors. The amounts presented in the balance sheet are net of allowances for doubtful receivables. An allowance for impairment is made where there is an identified loss event which, based on previous experience, is evidence of a reduction in the recoverability of the cash flows. The Company has no significant concentration of credit risk, with exposure spread over a large number of customers.

Liquidity risk

Liquidity risk is the risk that cash may not be available to pay obligations when they fall due. The risk is managed centrally by the Kingfisher group treasury team. The directors are satisfied that the company is not subject to sufficient liquidity risk.

Future developments

The directors remain confident about the future prospects for the business. The business will continue to expand to reach more customers through the Trade Counter opening programme, to further develop the trading potential of the electrician / plumber focused counters and review the potential of new channels to market. The business model continues to evolve, enhancing its multi-channel convenience credentials.

The Brexit decision has caused some uncertainty in the UK market, along with an impact on exchange rates, which will affect the whole market; until the terms of Brexit are defined we will continue to monitor the situation for on-going future developments.

Investment in new country development is on hold whilst Screwfix Germany existing store network develops its core offer.

Approval

Approved by the Board and signed on its behalf by:

R Bell Director Date

5 August 2017

Directors' Report

The directors present their annual report on the affairs of the company, together with the financial statements and auditors report, for the year ended 31 January 2017.

Directors

The directors, who served throughout the year except as noted, were as follows:

S Willett

G Bell

J Mewett

A Livingston (resigned 7 July 2017)

R Bell

E Bell

M Lee (appointed 29 June 2016)

L Haselhurst (resigned 15 February 2016)

J Mackenzie (resigned 14 October 2016)

G Smith (appointed 6 February 2017)

Going concern

The Company's business activities and financial performance, together with the risks and uncertainties affecting it, are described in the Strategic Report above. The Company is profitable and has considerable financial resources. On this basis, the directors have a reasonable expectation that the Company and the Group have adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis in preparing the annual financial statements.

The Company's activities expose it to a number of financial risks including credit risk, cash flow risk and liquidity risk. The use of financial derivatives is governed by the Company's policies approved by the board of directors, which provide written principles on the use of financial derivatives to manage these risks. The principal risks and uncertainties facing the Company are discussed in more detail in the Strategic Report.

Subsequent events after balance sheet date

There are no subsequent events after the balance sheet date.

Dividends

The directors recommend no final dividend to be paid and no dividend was paid during the year (2014/15: £nil).

Directors' indemnities

The Company has made qualifying third party indemnity provisions for the benefit of its directors which were made during the year and remain in force at the date of this report.

Disabled employees

Applications for employment by disabled persons are always fully considered, bearing in mind the abilities of the applicant concerned. In the event of members of staff becoming disabled every effort is made to ensure that their employment with the Company continues and that appropriate training is arranged. It is the policy of the Company that the training, career development and promotion of disabled persons should, as far as possible, be identical to that of other employees.

Directors' Report continued

Employee consultation

The Company places considerable value on the involvement of its employees and has continued to keep them informed on matters affecting them as employees and on the various factors affecting the performance of the Company. This is achieved through engagement surveys, briefing groups, employee forums and internal newsletters. Employee representatives are consulted regularly on a wide range of matters affecting their current and future interests. All employees are entitled to participate in a savings-related share option scheme operated by Kingfisher plc, the ultimate parent undertaking, regardless of number of hours worked, provided they meet certain service conditions.

Auditor

Each of the persons who is a director at the date of approval of this report confirms that:

- so far as the director is aware, there is no relevant audit information (as defined by section 418 of the Companies Act 2006) of which the Company's auditor is unaware; and
- the director has taken all the steps that he/she ought to have taken as a director in order to make himself/herself aware of any relevant audit information and to establish that the company's auditor is aware of that information.

Deloitte LLP have expressed their willingness to continue in office as auditor and appropriate arrangements have been put in place for them to be deemed reappointed as auditor in the absence of an Annual General Meeting.

Directors responsibiltiles

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with FRS 101 "Reduced Disclosure Framework". Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether FRS 101 "Reduced Disclosure Framework" has been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved by the Board and signed on its behalf by:

R Bell Director Date

25 AUGUST 2017

Independent Auditor's Report to the Member of Screwfix Direct Limited

We have audited the financial statements of Screwfix Direct Limited for the year ended 31 January 2017 which comprise the Profit and Loss Account, the Statement of Other Comprehensive Income, the Balance Sheet and the Statement of Changes in Equity and the related notes 1 to 22. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 101 "Reduced Disclosure Framework".

This report is made solely to the company's member, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's member those matters we are required to state to it in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 January 2017 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and the Directors' Report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the Strategic Report and the Directors' Report.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

The financial statements were approved by the Board of Directors and authorised for issue on 25 Ayyust 2017. and signed on its behalf by:

R Bell Director

Company number 03006378

Notes to the financial statements

for the year ended 31 January 2017

1 Principal accounting policies

Basis of preparation

Screwfix Direct Limited (the company) is a company incorporated in the United Kingdom under the Companies Act. The company is pivate company limited by shares and is registered in England and Wales. The address of the company's registered office is shown on page 1.

The financial statements of Screwfix Direct Limited ('the Company') are for the calendar year ended 31 January 2017 ('the year' or '2016/17') and were authorised for issue by the board of directors on 25 August 2017. The comparative financial year is the calendar year ended 31 January 2016 ('the prior year' or '2015/16').

The directors of Screwfix Direct Limited, having made appropriate enquiries, consider that adequate resources exist for the Company to continue in operational existence for the foreseeable future and that, therefore, it is appropriate to adopt the going concern basis of accounting in preparing the financial statements for the year ended 31 January 2017.

The Company meets the definition of a qualifying entity under Financial Reporting Standard 100 and as such these financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework ('FRS 101') and the provisions of the Companies Act 2006. The financial statements have been prepared under the historical cost convention, as modified by the use of valuations for certain financial instruments, share-based payments and post-employment benefits.

The Company has taken advantage of disclosure exemptions under FRS 101 relating to Share-Based Payments, Financial Instruments: Disclosure, Fair Value Measurement, Presentation of Financial Statements, Statement of Cash Flows and Accounting Policies, Changes in Accounting Estimates and Errors, Related Party Disclosures, Impairment of Assets and presentation of comparitives.

These financial statements are separate financial statements. The Company is exempt under section 400 of the Companies Act 2006 from the preparation of consolidated financial statements as it is included in the group financial statements of its ultimate parent, Kingfisher plc.

Where required, equivalent disclosures are given in the consolidated financial statements of Kingfisher plc.

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

a. Revenue recognition

Sales represent the supply of tools, fixings and equipment excluding Value Added Tax and are net of returns, trade and staff discounts. Revenue is recognised on customer collection or dispatch of goods to the customer, when the significant risks and rewards are substantially transferred.

b Rebates

Rebates received from suppliers mainly comprise volume-related rebates on the purchase of inventories. Contractual volume-related rebates are accrued as units are purchased based on the percentage rebate applicable to forecast total purchases over the rebate period, where it is probable the rebates will be received and the amounts can be estimated reliably. Discretionary rebates are not anticipated and only recognised once earned. Rebates relating to inventories purchased but still held at the balance sheet date are deducted from the carrying value so that the cost of inventories is recorded net of applicable rebates. Such rebates are credited to the cost of sales line in the income statement when the goods are sold.

Other rebates received, such as those related to advertising and marketing, are credited to the cost of sales line in the income statement when the relevant conditions have been fulfilled.

Notes to the financial statements

for the year ended 31 January 2017

1 Principal accounting policies continued

c. Foreign currencies

Transactions denominated in foreign currencies are translated into functional currency at the exchange rates prevailing on the date of the transaction, or, for practical reasons, at average monthly rates where exchange rates do not fluctuate significantly.

Monetary assets and liabilities denominated in foreign currencies are translated into Sterling at the rates of exchange at the balance sheet date. Exchange differences on monetary items are taken to the profit and loss account. Exceptions to this are where the monetary items form part of the net investment in a foreign operation or are designated and effective net investment or cash flow hedges. Such exchange differences are initially deferred in equity.

Principal rate of exchange against Sterling

Euro	2016/17	2015/16
Year end rate	1.16	1.31

d. Intangible assets

Intangible fixed assets are carried in the balance sheet at cost less accumulated amortisation and any provisions for impairment. Amortisation is provided to reflect a straight-line reduction from cost to estimated residual value over the estimated useful life of the asset.

Computer software 33% straight-line

e. Property, plant and equipment

Property, plant and equipment held for use in the business are carried at cost less accumulated depreciation and any provisions for impairment.

Depreciation is provided to reflect a straight-line reduction from cost to estimated residual value over the estimated useful life of the asset as follows:

Fixtures, fittings and equipment

10 - 50% straight-line

Assets in the course of construction are not depreciated.

f. Investments in subsidiaries

Investments in subsidiaries are accounted for at cost less, where appropriate, provisions for impairment.

g. Inventories

Inventories are valued at the lower of cost and net realisable value. The value of inventories are determined using a weighted average method and including an attributable proportion of overheads. Provisions are made, where necessary, for slow-moving, obsolete or defective stock.

Notes to the financial statements

for the year ended 31 January 2017

1 Principal accounting policies continued

h. Operating leases

Operating lease rental payments are charged to the profit and loss account in the period to which the payments relate on a straight-line basis.

Incentives received or paid to enter into lease agreements are released to the profit and loss account on a straight line basis over the lease term.

i. Employee benefits

i. Post-employment benefits

The Company participates in the Kingfisher group defined benefit and defined contribution pension schemes for its employees. A defined benefit scheme is a pension scheme which defines an amount of pension benefit which an employee will receive on retirement. A defined contribution scheme is a pension scheme under which the Company usually pays fixed contributions into a separate entity. In all cases a separate fund is being accumulated to meet the accruing liabilities. The assets of each of these funds are held under trusts and are entirely separate from the Company's assets.

The asset or liability recognised in the balance sheet in respect of defined benefit pension schemes is the fair value of scheme assets less the present value of the defined benefit obligation at the balance sheet date. The defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high quality corporate bonds which are denominated in the currency in which the benefits will be paid and which have terms to maturity approximating to the terms of the related pension liability.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are credited or charged to the statement of comprehensive income as they arise.

For defined contribution schemes, the Company has no further payment obligations once the contributions have been paid. The contributions are recognised as an employee benefit expense when they are due.

ii. Share-based compensation

The Company participates in several equity-settled, share-based compensation schemes. The rights for each of the instruments are granted by the ultimate parent company, Kingfisher plc, and settled by shares in Kingfisher plc. These schemes are treated, for accounting purposes, as equity-settled arrangements in the Kingfisher plc financial statements. As a result, an expense is charged to the profit and loss account with the corresponding entry to equity in the Screwfix Direct Limited financial statements. On vesting of the individual arrangements, the employee obligation is settled by Kingfisher plc and the company is recharged the fair value of the award. Further details are available in the Kingfisher plc Annual Report.

The fair value of the employee services received in exchange for the grant of options or deferred shares is recognised as an expense, and is calculated primarily using Black-Scholes and stochastic models. The value of the charge is adjusted to reflect expected and actual levels of options vesting. The total amount to be expensed over the vesting period is determined by reference to the fair value of the options or deferred shares granted, excluding the impact of any non-market vesting conditions. Non-market vesting conditions are included in assumptions about the number of options that are expected to become exercisable.

Notes to the financial statements

for the year ended 31 January 2017

1 Principal accounting policies continued

ii. Share-based compensation (continued)

At each balance sheet date, the company revises its estimates of the number of options that are expected to become exercisable. It recognises the impact of the revision of original estimates, if any, in profit and loss, with a corresponding adjustment to equity over the remaining vesting period.

iii. Employee Share Ownership Plan trust ('ESOP trust')

The ESOP trust is a separately administered discretionary trust. Liabilities of the ESOP trust are guaranteed by Kingfisher plc and the assets of the ESOP trust mainly comprise shares in Kingfisher plc. For further details, refer to the Kingfisher plc Annual Report.

j. Taxation

The tax currently payable or receivable is based on taxable profit or loss for the year.

Taxable profit differs from profit before taxation as reported in the profit and loss account because it excludes items of income or expense which are taxable or deductible in other years or which are never taxable or deductible.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences or unused tax losses can be utilised. Deferred tax assets and liabilities are not generally recognised if the temporary difference arises from the initial recognition of other assets and liabilities in a transaction which affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Current and deferred tax are calculated using tax rates which have been enacted or substantively enacted by the balance sheet date and are expected to apply in the period when the liability is settled or the asset is realised.

Current and deferred tax are charged or credited to the profit and loss account, except when they relate to items charged or credited directly to equity, in which case the current or deferred tax is also recognised directly in equity.

k. Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate which reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

Notes to the financial statements

for the year ended 31 January 2017

1 Principal accounting policies continued

I. Financial instruments

Financial assets and financial liabilities are recognised on the Company's balance sheet when the Company becomes a party to the contractual provisions of the instrument. Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire or the Company has substantially transferred the risks and rewards of ownership. Financial liabilities (or a part of a financial liability) are derecognised when the obligation specified in the contract is discharged or cancelled or expires.

Financial assets and liabilities are offset only when the Group has a currently enforceable legal right to set-off the respective recognised amounts and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

i. Cash and cash equivalents

Cash and cash equivalents include cash in hand and deposits held on call with banks.

ii. Trade receivables

Trade receivables are initially recognised at fair value and are subsequently measured at amortised cost less any provision for bad and doubtful debts.

iii. Trade payables

Trade payables are initially recognised at fair value and are subsequently measured at amortised cost.

iv. Derivatives and hedge accounting

Where hedge accounting is not applied, or to the extent to which it is not effective, changes in the fair value of derivatives are recognised in the profit and loss account as they arise.

Derivatives are initially recorded at fair value on the date a derivative contract is entered into and are subsequently carried at fair value. The accounting treatment of derivatives and other financial instruments classified as hedges depends on their designation, which occurs at the start of the hedge relationship. The Company designates certain derivatives as a hedge of the fair value of an asset or liability ('fair value hedge').

For an effective hedge of an exposure to changes in fair value, the hedged item is adjusted for changes in fair value attributable to the risk being hedged with the corresponding entry being recorded in the profit and loss account. Gains or losses from remeasuring the corresponding hedging instrument are recognised in the same line of the profit and loss account.

In order to qualify for hedge accounting, the Company documents in advance the relationship between the item being hedged and the hedging instrument. The Company also documents and demonstrates an assessment of the relationship between the hedged item and the hedging instrument, which shows that the hedge has been and will be highly effective on an ongoing basis. The effectiveness testing is re-performed at each period-end to ensure that the hedge remains highly effective.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated or exercised, or no longer qualifies for hedge accounting.

2 Critical accounting estimates and judgements

The preparation of the financial statements under FRS 101 requires the Company to make estimates and assumptions that affect the application of policies and reported amounts. Estimates and judgements are continually evaluated and are based on historical experience and other factors including expectations of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The estimates, judgements and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year are discussed below.

a. Impairment of property, plant and equipment

Property, plant and equipment are reviewed for impairment if events or changes in circumstances indicate that the carrying amount may not be recoverable. When a review for impairment is conducted, the recoverable amount of an asset or a cash-generating unit is determined as the higher of fair value less costs to sell and value-in-use, calculated on the basis of management's assumptions and estimates.

Inventories

As inventories are carried at the lower of cost and net realisable value this requires the estimation of the eventual sales price of goods to customers in the future. A high degree of judgement is applied when estimating the impact on the carrying value of inventories of factors such as slow-moving items, shrinkage, damage and obsolescence. The quantity, age and condition of inventories are regularly measured and assessed as part of range reviews and inventory counts undertaken throughout the year. Refer to note 12 for further information.

c. Rebates

Rebate income received from suppliers represents a material element of gross profit. Volume-based rebates represent the significant majority of these rebates. Where the percentage rate of such rebates depends on the volumes purchased, forecasts are required, particularly at interim periods, of full (usually calendar) year purchases. Forecasts are informed by historical trading patterns, current performance and trends. However this judgement is reduced significantly for full year reporting, due to the company's January financial year end.

Judgement is also required over the recoverability of receivables relating to rebates.

d. Post-employment benefits

The present value of the defined benefit liabilities recognised on the balance sheet is dependent on a number of assumptions including interest rates of high quality corporate bonds, inflation and mortality rates. The net interest expense or income is dependent on the interest rates of high quality corporate bonds and the net deficit or surplus position. The assumptions are based on the conditions at the time and changes in these assumptions can lead to significant movements in the estimated obligations. To help the reader understand the impact of changes in the key assumptions, a sensitivity analysis is provided in the Kingfisher plc Annual Report.

3 Segmental analysis

An analysis of the Company's sales by geographical market is set out below.

£'000	2016/17	2015/16
UK and Ireland	1,298,661	1,054,364
Rest of Europe	7,357	3,009
	1,306,018	1.057.373

Turnover is attributable to one class of business and relates to the sale of goods.

Notes to the financial statements

for the year ended 31 January 2017

4 Net finance income

£'000	2016/17	2015/16
Net interest income on defined benefit pension schemes	497	362
Interest receivable from Group undertakings	499	642
Net finance income	996	1,004

5 Profit before taxation

The following items of expense have been charged in arriving at profit before taxation:

£'000	2016/17	2015/16
Operating lease rentals		
- Minimum lease payments – Property	29,345	24,062
- Minimum lease payments – Equipment	2,882	2,409
	32,227	26,471
Amortisation of other intangible assets (1)	5,221	6,405
Depreciation of property, plant and equipment and investment property		
- Owned assets	18,979	16,934
Inventories: write down to net realisable value	7,299	3,179
Net foreign exchange losses/(gains)	3,093	(973)
Cost of stock recognised as an expense	721,576	571,168
Audit fees payable to the company's auditor		
Fees payable for the audit of the Company's financial statements	89	88

⁽¹⁾ Of the amortisation of other intangible assets charge £0.05m (2015/16: £0.073m) and £5.0m (2015/16: £5.8m) are included in selling and distribution expenses and administrative expenses respectively.

7 Income tax expense continued

Factors affecting tax charge for the year

The tax charge for the year differs from the standard rate of corporation tax in the UK of 20% (2015/16: 20%). The differences are explained below:

£'000	2016/17	2015/16
Profit before taxation	118,448	91,053
Profit multiplied by standard rate of corporation tax in the UK of 20% (2015/16: 20.17%)	23,690	18,365
Net expenses not deductible for tax purposes	1,111	164
Adjustments in respect of prior years	625	(301)
Income tax expense	25,426	18,228

The UK corporation tax rate decreased from 21% to 20% with effect from 1 April 2015, and has been legislated to fall to 19% from 1 April 2017 and then again to 17% from 1 April 2010. Accordingly, the company's profits for this accounting period are taxed at a rate of 20% (2016: 20.17%).

8 Dividends

No dividends were paid during the year (2015/16: £nil).

£'000	2016/17	2015/16
Current		
Trade receivables	45,279	31,776
Provision for bad and doubtful debts	(1,579)	(2,285)
Net trade receivables	43,700	29,491
Amounts owed by Group undertakings	292,883	212,823
Prepayments	10,132	8,225
Other receivables	5,894	4,595
Trade and other receivables	352,610	255,134

Amounts owed by Group undertakings are unsecured, interest free, have no fixed date of repayment and are repayable on demand.

14 Trade and other payables

£'000	2016/17	2015/16
Current		
Trade payables	87,157	59,887
Amounts owed to Group undertakings	47,418	31,080
Other taxation and social security	12,683	12,389
Accruals and other payables	156,417	131,902
Trade and other payables	303,675	235,258

Amounts due to Group undertakings are unsecured, interest free, have no fixed date of repayment and are repayable on demand.

15 Derivatives

£'000	2016/17	2015/16
Foreign exchange contracts	10,195	8,947
Derivative assets	10,195	8,947
Foreign exchange contracts	(1,209)	(384)
Derivative liabilities	(1,209)	(384)

The fair values are calculated by discounting future cash flows arising from the instruments and adjusting for credit risk. These fair value measurements are all made using observable market rates of interest, foreign exchange and credit risk.

Forward foreign exchange contracts hedge currency exposures of forecast inventory and fuel purchases. At 31 January 2017 the amount of such contracts is £183.6m (2015/16: £137.1m). The associated fair value gains and losses will be transferred to inventories when the purchases occur during the next 12 months. Gains of £23.7m (2015/16: £6.9m gain) have been transferred to inventories for contracts which matured during the year.

Notes to the financial statements

for the year ended 31 January 2017

16 Deferred tax

£'000	2016/17	2015/16
Deferred tax assets	2,487	2,890
Deferred tax liabilities	(6,344)	(6,410)
	(3,857)	(3,520)

Deferred tax assets and liabilities are offset where the Company has a legally enforecable right to do so.

£'000	Accelerated tax depreciation	Provisions	Post- employment benefits	Other	Total
At 1 February 2016	1,673	1,218	(4,684)	(1,727)	(3,520)
(Charge) to profit and loss	(355)	(15)	-	(94)	(464)
Credit to other comprehensive income	-	· -	137	24	161
(Charge) direct to equity	-	(34)	-	-	-
At 31 January 2017	1,318	1,169	(4,547)	(1,797)	(3,857)
At 1 February 2015	1,321	686	(4,116)	(1,413)	(3,522)
Credit to profit and loss	352	559	-	-	911
(Charge) to other comprehensive income	-	-	(568)	(314)	(882)
(Charge) direct to equity		(27)	-		(27)
As at 31 January 2016	1,673	1,218	(4,684)	(1,727)	(3,520)

At the balance sheet date, the Company has unused tax losses of £nil (2015/16: £nil) available for offset against future profits.

17 Post-employment benefits

The Company participates in both a funded defined benefit scheme and a funded defined contribution scheme.

Defined contribution schemes

Pension costs for the defined contribution scheme, at rates specified in the scheme's rules, are as follows:

£'000	2016/17	2015/16
Charge to operating profit	3,686	3,129

From July 2012 an enhanced defined contribution scheme has been offered to all company employees. Eligible company employees have been automatically enrolled into the defined contribution scheme since 31 March 2013.

Defined benefit schemes

The Company is one of a number of Group companies that participate in the Kingfisher Pension Scheme, and therefore the Company has accounted for its share of the scheme assets and liabilities. The valuation of the scheme has been based on the most recent acturial valuation as at 31 March 2013 and has been updated to 31 January 2017.

The Company's share of the net defined benefit cost is allocated in accordance with its share of the contractually agreed contributions. The estimated amount of contributions expected to be paid to the pension scheme by the company during the next financial year is £1.1m (2015/16: £1.1m). The final salary pension scheme was closed to future benefit accrual with effect from July 2012.

Notes to the financial statements

for the year ended 31 January 2017

17 Post-employment benefits continued

Defined benefit schemes continued

The Trust Deed provides Kingfisher with an unconditional right to a refund of surplus assets assuming the full settlement of plan liabilities in the event of a plan wind-up. Furthermore, in the ordinary course of business the Trustees has no rights to unilaterally wind up, or otherwise augment the benefits due to members of, the scheme. Based on these rights, any net surplus in the UK scheme is recognised in full.

In 2010/11 and 2011/12 the Company entered into two phases of a property partnership arrangement with the scheme Trustee to address an element of the scheme deficit. Further details are given in note 27 of the consolidated financial statements of Kingfisher plc, the Company's ultimate parent. The reported pension position reflects the Company's share of the resulting scheme asset.

Profit and Loss Account

At 1 February 2016 and 31 January 2017

£'000	2016/17	2015/16
Operating cost	181	184
Net interest income	(497)	(361)
Total credited to profit and loss account	(316)	(177)
Balance Sheet

Present value of defined benefit obligation	(90,581)	(71,686)
Fair value of scheme assets	103,574	85,070
Net surplus in scheme	12,993	13,384
18 Called up share capital		
•	Number of ordinary shares	Ordinary share capital

There are 4,083 ordinary 'A' shares of £1 each, 45,917 ordinary 'C' shares of £1 each and 4,591,700 ordinary 'D' shares of £0.0001 each.

£'000

Each A shares, C shares and D shares shall confer on the holder of it the right to one vote per share at any general meeting of the company.

Notes to the financial statements

for the year ended 31 January 2017

19 Share-based payments

The company participates in a number of share incentive plans including the Kingfisher Alignment Share Award, Kingfisher Incentive Share Plan ('KISP'), Long Term Incentive Plan ('LTIP') and UK ShareSave scheme.

The Kingfisher Alignment Share Award is granted based on a three-year service condition. KISP operates as a deferred bonus, with share awards deferred for three years. LTIP was granted annually based on performance over a three-year period. Performance conditions were based on EPS, Operating Profit and Kingfisher Economic Profit ('KEP'). All awards are granted as nil cost options and vesting dates may vary according to individual grants.

Under the ShareSave scheme, eligible employees have been invited to enter into HMRC approved savings contracts for a period of three or five years, whereby shares may be acquired with savings under the contract. The option price is the average market price over three days shortly before the invitation to subscribe, discounted by 20%. Options are exerciseable within a six month period from the conclusion of a three or five year period.

The rules of all schemes include provision for the early exercise of options in certain circumstances.

The rights for each of the instruments is granted by the ultimate parent company, Kingfisher plc, and settled by shares in Kingfisher plc. On vesting of the individual arrangements, the employee obligation is settled by Kingfisher plc and the company is recharged the fair value of the award.

Options have been exercised on a regular basis throughout the year. On that basis, the weighted average share price during the year, rather than at the date of exercise, is £3.53 (2015/16: £3.54). The options outstanding at the end of the year have exercise prices ranging from nil to £3.15 and a weighted average remaining contractual life of 6.1 years (2015/16: 4.1 years).

The company recognised a total expense of £1.2m in the year ended 31 January 2017 (2015/16: £0.6m) relating to equity-settled share-based payment transactions.

20 Commitments

Operating lease commitments

The Company is a lessee of various trade counter stores, offices, warehouses and plant and equipment under lease agreements with varying terms, escalation clauses and renewal rights.

Undiscounted total future minimum rentals payable under non-cancellable operating leases are as follows:

£.000	2016/17	2015/16
Less than one year	32,755	29,736
One to five years	112,059	86,453
More than five years	117,173	66,458
	261,987	182,647

Capital commitments

Capital commitments contracted but not provided for by the Company amount to £4.9m (2015/16: £4.1m).

Notes to the financial statements

for the year ended 31 January 2017

21 Ultimate controlling party

The immediate parent company is Screwfix Investments Limited, a company registered in England and Wales.

The ultimate parent company and controlling party is Kingfisher plc, a company registered in England and Wales. Kingfisher plc is the parent of the largest and smallest group containing the Company for which consolidated financial statements are prepared. The Annual Report and Financial Statements of Kingfisher plc may be obtained from The Company Secretary, Kingfisher plc, 3 Sheldon Square, Paddington, London, W2 6PX.

22 Related party transactions

In accordance with FRS 101 (Financial Reporting Standard 101), the company is exempt from disclosing transactions with entities that are part of the Group, provided all subsidiaries party to the arrangement are whollyowned by the Group.
