## NOTES TO THE ABBREVIATED ACCOUNTS

### 1 ACCOUNTING POLICIES

#### a) Accounting convention

The financial statements are prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities.

#### b) Leased assets

Assets held under leasing arrangements that transfer substantially all the risks and rewards of ownership to the Company are capitalised. The capital element of the related rental obligations is included in creditors. The interest element of the rental obligations is charged to the profit and loss account so as to produce a periodic rate of charge. Rentals in respect of all other leases are charged to the profit and loss account as incurred.

#### c) Depreciation

Depreciation is provided by the Company to write off the cost or valuation of fixed tangible assets over their estimated useful economic lives by equal instalments at the following rates:

Equipment	-	33.3%
Motor vehicles	-	25% - 50%

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets or the periods of the leases where these are shorter.

#### d) Stocks

Stocks are valued at the lower of cost and net realisable value. For work in progress and finished goods, cost is taken at production cost which includes an appropriate proportion of overheads.

#### e) Taxation

The charge for taxation is based on the results for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes. No provision for deferred taxation is made if there is reasonable evidence that such deferred taxation will not be payable in the foreseeable future.
