Statement of Directors' responsibilities

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law, the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Notes to the financial statements for the year ended 31 May 2010

1. Accounting policies

Accounting convention

The financial statements are prepared on the going concern basis, under the historical cost convention and in accordance with the Companies Act 2006 and applicable accounting standards in the United Kingdom. The principal accounting policies which have been applied consistently throughout the year are set out below.

Cash flow and related party disclosures

The Company is a wholly owned subsidiary of Misys plc and is included in the consolidated financial statements of that company, which are publicly available. Consequently, the Company has taken advantage of the exemption from preparing a cash flow statement under the terms of FRS 1 (revised 1996) 'Cash Flow Statements'.

The Company has also taken advantage of the exemption under FRS 8 'Related party disclosures' not to disclose transactions with group undertakings since Misys plc is the beneficial owner of the entire share capital of the Company.

Interest receivable and payable

Interest receivable and payable is recognised on an accruals basis.

Taxation

Current tax for the current and prior periods is provided at the amount expected to be paid (or recovered) using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is provided in full on timing differences which result in an obligation at the balance sheet date to pay more tax, or the right to pay less tax, at a future date, at tax rates expected to apply when the timing differences reverse based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in the financial statements.

Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted.

2. Operating loss

Auditor's remuneration for the year is £17,000 (2009: £21,000). Remuneration of the Directors has been borne by a fellow subsidiary as was the case in the prior year. The Directors' services to this Company are of non-executive nature and as such their emoluments are deemed to be wholly attributable to their services to other group companies. There were no employees in the year (2009: nil).

3. Interest receivable and similar income

	2010 £'000	2009 £'000

The Company has no provided/unprovided deferred tax balance at 31 May 2010 (2009 £nil)

A number of changes to the UK corporation tax system were announced in the June 2010 Budget Statement The Finance (no 2) Act 2010 was enacted in July 2010 and reduces the main rate of corporation tax from 28% to 27% from 1 April 2011 Further reductions are proposed to be enacted separately each year with the aim of reducing the rate by 1% per annum to 24% by 1 April 2014 The changes had not been substantively enacted at the balance sheet date and, therefore, are not included in these financial statements We estimate the reduction in the corporation tax rate from 28% to 27% will not have a material impact on the Company's results
