The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Turnover policy

Turnover represents the invoiced value of goods and services supplied by the company, net of Value Added Tax and trade discounts.

Tangible assets depreciation policy

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Furniture and fittings 25% reducing balance

Office equipment 10% reducing balance

Freehold Investment properties are not depreciated but are shown at market valuation. The directors consider that the market value of the properties is their cost. This treatment is a departure from the Financial Reporting Standard for Small Entities but is considered necessary to give a true and fair view.
