DIRECTORS' REPORT

The Directors present their report and accounts for the year ended 30 November 2006.

RESULTS AND DIVIDENDS

The profit for the year, after tax, was £817,000 (2005: £1,058,000).

During the year, no dividends were paid (2005: £Nil) to the holders of the ordinary shares.

Dividends of £696,150 (2005: £835,380) were paid to the holders of the 7% cumulative preference shares during the year.

PRINCIPAL ACTIVITY AND BUSINESS REVIEW

The principal activity of Quilter Holdings Limited (the "Company") is to act as an intermediate holding company.

The Company's ultimate parent undertaking and controlling entity is Morgan Stanley which, together with the Company and its other subsidiary undertakings, form the Morgan Stanley Group (the "Group").

There have not been any significant changes in the Company's principal activity in the year under review and no significant change in the Company's principal business is expected.

The profit and loss account for the year is set out on page 6. The Company's operating loss has increased by 33% over the prior year and loss has similarly increased from £3,000 to £4,000.

The balance sheet on page 7 of the financial statements shows that the Company's net assets at the end of the year were £22,683,000, an increase of 0% from the prior year.

The performance of the Company is included in the results of the Group which are discussed in the Group's Annual Report. The Group manages its key performance indicators on a global basis. For this reason, the Company's Directors believe that providing performance indicators for the Company itself would not enhance an understanding of the development, performance or position of the business of the Company.

Risk Management

Risk is an inherent part of the Company's business activity and is managed within the context of the broader Group's business activities. The Group seeks to identify, assess, monitor and manage each of the various types of risk involved in its activities, in accordance with defined policies and procedures.

Credit risk

Credit risk refers to the risk of loss arising from borrower or counterparty default when a borrower, counterparty or obligor is unable to meet its financial obligations.

The Group manages credit risk exposure in consideration of each individual legal entity, but on a global basis, by ensuring transparency of material credit risks, ensuring compliance with established limits, approving material extensions of credit, and escalating risk concentrations to appropriate senior management.

DIRECTORS' REPORT (Continued)

Liquidity and cash flow risk

The Group's senior management establishes the overall liquidity and capital policies of the Group. The Group's liquidity and funding risk management policies are designed to mitigate the potential risk that the Group and the Company may be unable to access adequate financing to service its financial obligations when they come due without material, adverse franchise or business impact. The key objectives of the liquidity and funding risk management framework are to support the successful execution of the Group's and the Company's business strategies while ensuring ongoing and sufficient liquidity through the business cycle and during periods of financial distress.

POST BALANCE SHEET EVENTS

On 12 December 2006, the shareholders of Quilter Holdings Limited entered into a definitive agreement for the sale of Quilter Holdings Limited and its subsidiaries to Citibank Investments Limited. The transaction is subject to shareholder and regulatory approval and is expected to be completed in the first quarter of 2007.

They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements.
