Hinxton Hall Limited Annual Report and Financial Statements

For the year ended 30 September 2018

Structure, Governance and Management

Members

The Charity has two members, The Wellcome Trust Limited, as Trustee of the Wellcome Trust ('Wellcome'), and Genome Research Limited ('GRL'). The Charity is a wholly-owned subsidiary of the Wellcome Trust for accounting purposes. The liability of each member is limited to £1.

Governance

The Charity is governed in accordance with its memorandum and articles of association.

Board of Trustees

The Board of Trustees (who are also Directors and the key management personnel of the Company) is responsible for ensuring that the charitable objects of the Company are being met. It approves the management structure and operational budgets of the Charity. During the financial year, the Board met on one occasion. The Trustees are appointed by the Members of the Charity, Wellcome and Genome Research Limited. The performance of the Trustees is monitored by the members who will advise and manage any necessary development and training.

None of the Trustees has any beneficial interests in the Charity. The Trustees do not receive any remuneration for acting as Trustees or Directors.

The Chair (page 2) has principal management responsibility for the business activities of the Charity and acts as Chief Operating Officer with responsibility for activities on a day-to-day basis. Responsibility is delegated to senior management for Facilities Management, Construction Services and the Wellcome Genome Campus Conference Centre.

Objects

The objects for which the Charity is established are to advance the education of the public, in particular, advancing scientific and medical education and research (and the publication of the useful results of research) with particular reference to the human genome by the provision of facilities for research, conferences, seminars and training at the Wellcome Genome Campus, which is situated at Hinxton, Cambridgeshire.

Aims

The Trustees confirm that they have had regard to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the Charity's aims and objectives and in planning future activities.

The Charity continues to fulfil its charitable objects by undertaking three key charitable activities:

- Providing facilities management services to organisations based at the Wellcome Genome Campus, the major ones being Genome Research Limited, the European Bioinformatics Institute and the Wellcome Genome Campus Conference Centre. These services include utilities provision, building maintenance, security, cleaning and catering.
- Providing meeting and conference facilities and residential accommodation at the Wellcome Conference Centre.
- Providing design and construction services for the Wellcome Genome Campus.

The provision of these services provides public benefit through supporting organisations on the Wellcome Genome Campus which undertake scientific and medical research and education.

The Charity earns income from facilities management charges, construction services and conference centre sales and is also funded by grants from Wellcome.

Strategic Report

Achievements and Performance

During the year the Charity provided facilities management, construction and conferencing services as required to meet the needs of tenants on the Wellcome Genome Campus, consistent with its ongoing charitable objectives.

Facilities management services to the value of £18.0 million (2017: £14.4 million) were provided to maintain and enhance the infrastructure of the Wellcome Genome Campus and support the organisations on campus undertaking scientific research and education. The Charity also provided design and construction services to Wellcome Genome Campus to the value of £4.2 million (2017: £5.7 million). During the previous year the Charity began construction of a new quadrant for the Genome Campus datacentre, including an uninterrupted power supply, for use by Genome Research Limited. This work continued in the current year and was completed in March 2018.

The value of activities relating to conference facilities amounted to £2.9 million (2017: £2.7 million). During the year the facility was used to host 30 (2017: 23) scientific conferences organised by Genome Research Limited.

Environment

The Charity conducts its business with the highest level of environmental stewardship, recognising that the site location is environmentally sensitive, possessing an area of managed wetland abutting the River Cam. At the same time the parkland setting is used to enrich the working lives of staff and visitors who enjoy ready access to it. Several initiatives were undertaken during the year on the Wellcome Genome Campus to reduce energy consumption and encourage staff to be environmentally responsible, including:

- We have successfully achieved compliance with ISO 14001:2015 environmental management system excellence accreditation, the updated global standard and ISO 50001:2011 for energy management.
- The Campus has expanded provision for electric vehicles by the addition of 6 additional charging points.
- After a successful trial period, we have instituted a shuttle bus service throughout the day from Campus to Whittlesford Parkway rail station to encourage travelling by rail instead of cars.
- Our discharge of sewage with high phosphate content is now being managed. We have new agreed effluent strengths where the phosphate content is half that measured previously.

Health and Safety

The Wellcome Genome Campus managers recognise that proactive, well-managed health and safety is directly linked to its growth and success. The following have been achieved on the campus during the reporting period:

- The WGC Health, Safety and Wellbeing policy was revised in 2018 and signed by the senior directors from both the Sanger Institute and EMBL-EBI. Tenant and embedded contractor organisations are asked to sign a memorandum of understanding in terms of co-operation and communication of health and safety. All organisations have cooperated with this request.
- In 2018 the Campus Health, Safety, Wellbeing and Environment week of activities engaged with the campus community on laboratory and office ergonomics, fire, asbestos and chemical safety, as well as sessions focusing on women's health and the campus environmental strategy regarding waste minimisation and energy management.

Reserves and Expenditure Policy

The Charity does not consider it necessary to hold a minimum level of reserves due to the structure of its funding from Wellcome, directly from grants and indirectly via funding awarded to GRL to cover its facilities costs. Although, due to the timing of construction and facilities work undertaken, reserves will fluctuate from year to year. Wellcome provides sufficient funding to enable the Charity and GRL to finance its general activities and meet any of its obligations as they fall due. This funding structure is reviewed every five years. The year ended 30 September 2018 was the second year of the current quinquennial funding period. In the event of a change in funding approach the reserves policy would be reviewed. The Trustees have taken due regard to the fundraising guidance published by the Charity Commission in managing the Charity's fundraising activities.

Hinxton Hall Limited

For the year ended 30 September 2018

All Building and General Funds represent fixed assets, which are funded by grants received from Wellcome. The funds will be utilised in future periods as depreciation is charged to the funds over the life of the assets.

The Building Fund is a restricted fund and is held for the buildings on the land leased by the Charity from Genome Research Limited. These include Hinxton Hall, a Grade II listed building, the Conference Centre, the Residential Accommodation and the new Shared Services and car park facility. The fund is adjusted each year for building additions and depreciation. The General Fund is an unrestricted fund and represents the net operational assets of the Charity. It is adjusted each year for additions and depreciation.

For planning purposes an annual budget is agreed with Wellcome and tenants on the Wellcome Genome Campus, including Genome Research Ltd and the European Bioinformatics Institute. The Trustees monitor the expenditure of the Charity and provide an oversight of the internal budgetary and financial control mechanisms. The Charity agrees funding of capital projects and recovery of costs from Wellcome and Genome Research Limited and other customers such that all expenditure is covered by income.

Fixed Assets

The tangible fixed assets of the Charity, as set out in note 8 to the Financial Statements, represent the costs, less accumulated depreciation, incurred at the Wellcome Genome Campus. The Trustees do not consider any asset values to be impaired.

Employment

The Charity has no employees (2017: no employees), with services provided being sub-contracted from third parties. The management and administration of the Charity is undertaken by staff seconded from Genome Research Limited. The charge for these services in the current year was £1.1 million (2017: £0.8 million).

Financial Review

The Charity's income from construction services related primarily to the construction of the Genome Campus datacentre and reduced from £5.7 million in 2017 to £4.2 million in 2018 as more of the building work was completed in the previous year. Income from facilities management services increased from £14.4 million in 2017 to £18.0 million in 2018 due to increased consumption and rising price of utilities on the campus. Income from the conference centre increased from £2.7 million to £2.9 million due to improved utilisation of conference facilities.

The Charity reported net expenditure for the year of £1.0 million (2017: net expenditure £1.1 million). The net movement on funds has been recorded in the Restricted Building and Unrestricted General Funds as appropriate. The Charity held net assets at 30 September 2018 of £40.7 million (2017: £41.7 million) represented by restricted building funds of £37.6 million (2017: £38.6 million) and unrestricted funds of £3.1 million (2017: £3.1 million).

Future Plans

During the year ending 30 September 2019, facilities management services are expected to increase in support of the strategy for the Wellcome Genome Campus.

The trustees are satisfied that it is appropriate to adopt the Going Concern basis in preparing the financial statements. Wellcome, the Charity's principal funder (directly through grants and indirectly through funding awarded to GRL to cover its facilities and construction services) has previously committed to provide grant awards of £20.8 million for maintenance and improvement of Campus facilities for the five years to 30 September 2021. This is expected to meet the requirements for facilities in that period. Other services will be undertaken only where funding is committed at the outset.

Risks and uncertainties

Risks to which the Charity is exposed have been identified and reviewed by the trustees. The principal risk relates to health and safety in relation to construction services and operational facilities management. The health and safety management system established on the Wellcome Genome Campus is discussed in the Health and Safety section above.

The Charity contracts with suppliers (sub-contractors) to provide facilities management and other related work. The risks arising from the work undertaken by sub-contractors are mitigated by selection of reputable sub-contractors who adopt industry safety guidelines and by regular monitoring of site health and safety by the Trustees of the Charity.

Hinxton Hall Limited
For the year ended 30 September 2018

Credit risk is minimised by careful management of amounts due from external third parties. Wellcome is committed to the financial support of the Charity in the provision of facilities management and as a conference centre.

The Trustees' Report, which includes the Strategic Report, was approved by the Board of Directors on 10 December 2018 and signed on its behalf by:

A handwritten signature in black ink, appearing to read 'M Dougherty', written in a cursive style.

M Dougherty
(Chair)

Dated 10 December 2018

Statement of Trustees' Responsibilities

The trustees (who are also directors of Hinxton Hall Limited for the purposes of company law) are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland".

Company law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the trustees are aware:

- there is no relevant audit information of which the charitable company's auditor is unaware; and
- the trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

Independent Auditor's Report

To the members of Hinxton Hall Limited

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of Hinxton Hall Limited (the 'charitable company'):

- give a true and fair view of the state of the charitable company's affairs as at 30 September 2018 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements of the charitable company which comprise:

- the statement of financial activities (incorporating income and expenditure account);
- the balance sheet;
- the statement of accounting policies; and
- the related notes 2 to 16.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs(UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We are required by ISAs (UK) to report in respect of the following matters where:

- the trustees' use of the going concern basis of accounting in preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the charitable company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

We have nothing to report in respect of these matters.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in respect of these matters.

Hinxton Hall Limited

For the year ended 30 September 2018

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement, the trustees (who are also the directors of the charitable company for the purpose of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the trustees' report, which includes the strategic report and the directors' report prepared for the purposes of company law for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report included within the trustees' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the strategic report or the directors' report included within the trustees' report.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the Financial Statements

1. ACCOUNTING POLICIES

General information

Hinxton Hall Limited is a company limited by guarantee registered in England and Wales (Company number 3062160). Its registered office is Gibbs Building, 215 Euston Road, London, NW1 2BE. It is also a charity registered in England and Wales with the Charity Commission (Charity registration number 1048066).

a) Basis of Preparation

The financial statements have been prepared on a going concern basis and in compliance with applicable UK accounting standards (UK Generally Accepted Accounting Practice), including Financial Reporting Standard 102, "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS 102"). In particular, they comply with the Charities Act 2011, and the Statement of Recommended Practice 'Accounting and Reporting by Charities' published in 2015 (the "SORP").

The Charity meets the definition of public benefit entity under FRS 102. The Financial Statements have been prepared under the historical cost convention and on a basis consistent with prior years.

The Charity meets the definition of a qualifying entity under FRS 102 and has therefore taken advantage of the disclosure exemptions available to it. Exemptions have been taken in relation to presentation of a cash flow statement. The Charity has also taken advantage of the exemption contained in FRS 102, paragraph 33.1A, which exempts it from disclosing details of related party transactions with Wellcome and its subsidiaries.

b) Income

Income is recognised in the Statement of Financial Activities in the period in which the Charity is entitled to receipt, any conditions are met, where the amount can be quantified and receipt is considered reasonably probable.

Income from facilities management and construction services is recognised when the related expenditure on services is incurred. Income from conference centre sales is recognised when the associated conference event takes place. Grant income is recognised when the related expenditure on revenue or capital items is incurred.

c) Fund Accounting

The Building Fund represents grants received from Wellcome specifically for the construction of buildings on the Genome Campus. It is a restricted fund under the terms of the grants.

The General Fund is an unrestricted fund and represents any funds acquired for the general use of the Charity. Income and costs relating to the provision of site services and conference facilities are reflected in this fund.

d) Tangible Fixed Assets and Depreciation

Fixed assets are stated at historic cost less accumulated depreciation.

Depreciation is charged on assets in use on a straight-line basis as follows:

Major plant and equipment	15 years
Furniture and fittings	5 to 10 years
Standard plant and equipment	5 to 10 years
Motor vehicles	4 years
Office equipment and computers	3 years

All expenditure on the acquisition, creation or enhancement of fixed assets is capitalised on an accruals basis, subject to a de minimis threshold of £5,000. Depreciation is charged on assets in use from the commencement of the month in which they are brought into use. Leasehold Land and Buildings are amortised over the life of the lease which expires on 6 February 2055. Impairment reviews are undertaken when, in the opinion of the Trustees, events or circumstances have arisen which indicate that the carrying value of an asset is impaired (refer to Note 2).

e) Cash at bank and in hand

Cash at bank and in hand is held to meet short-term cash commitments as they fall due rather than for investment purposes and includes all cash equivalents held in the form of short-term highly liquid investments that are readily convertible to known amounts of cash, with a short maturity of three months or less from the date of acquisition.

f) Financial assets and liabilities

Financial assets and financial liabilities are recognised when the Charity becomes a party to the contractual provision of the instrument. Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. All financial assets and liabilities are initially measured at transaction price (including transaction costs).

For financial assets carried at amortised cost, the amount of any impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

g) Expenditure

The costs of charitable expenditure and related support costs are allocated according to the area of the Charity's activities to which the expenditure relates.

The cost of providing conference centre facilities for conferences falling outside the primary purpose of the Charity is charged to Genome Research Trading Limited based on sales activity. Governance costs, consisting of audit fees, are allocated to expenditure for the provision of facilities management, since they principally relate to these activities.

All expenditure is included in the Statement of Financial Activities in accordance with the accruals concept.

h) Taxation

Hinxton Hall Limited is a charity registered under the Charities Act 1993 (as amended by the Charities Act 2011) and is therefore exempt from taxation on their income and gains falling within Part 11 of the Corporation Tax Act 2010 or section 256 of the Taxation of Chargeable Gains Act 1992 to the extent that they are applied to their charitable purposes.

The Charity is able to recover the majority of Value Added Tax ("VAT") incurred on expenditure. Any amounts of VAT that cannot be recovered is included within the underlying cost to which it relates.

i) Going concern

Wellcome, the Charity's principal funder has committed to provide grant awards of £20.8 million for maintenance and improvement of Campus facilities for the five years to 30 September 2021. This is expected to meet the requirements for facilities in that period. Other services will be undertaken only where funding is committed at the outset. Therefore the Trustees are satisfied that it is appropriate to apply the going concern basis in preparing these financial statements.

2. SIGNIFICANT ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In application of the Charity's accounting policies which are described in note 1, the trustees are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from estimates.

The estimates and judgements are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision only affects that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical accounting judgements

Revenue recognition

The Charity recognises grant income to the extent it is entitled to the funds, has fulfilled the conditions set out by the grant funder and where the amount can be quantified with reasonable probability. Judgement is required to determine the point at which these conditions have been met. The Charity assesses each grant on an ongoing basis to evaluate progress against grant conditions.

Impairment of assets

The Charity holds substantial fixed assets, including buildings, related infrastructure and ongoing construction on the Wellcome Genome Campus. Judgement is required to assess whether these assets will continue to derive value for the organisation through use by Genome Research Ltd and other campus tenants in line with its charitable aims. At each reporting date the Charity reviews for any indications that its assets are impaired, and if so, impairment reviews are performed to test the continuing value of the assets. No indications of impairment were identified in the current or previous year.

Hinxton Hall Limited
For the year ended 30 September 2018

Intercompany payables

Amounts payable to Wellcome group entities are considered to be current liabilities, repayable on demand. Therefore no discounting of the liabilities for the timing of cashflows has been applied. However, there is no formal agreement for repayment terms, so this judgement has been reached based on the Charity's best understanding of the arrangements in discussion with the relevant group entities.

Key sources of estimation uncertainty

Credit risk

The Charity is exposed to credit risk from its customer base. Credit risk is minimised by careful management of amounts due from external third parties. The Charity records a provision against debtors where it is considered more likely than not that the cash will not be received from the customer.

Capital versus operating expenditure

The Charity's activities include the construction of new facilities as well as refurbishment and maintenance of existing infrastructure. The Charity evaluates the nature of this spend to assess which relates to new and enhanced assets and therefore capitalised, and which is maintenance of existing assets and therefore expensed. The Charity consults with suppliers and service providers to assist in this assessment.

3. DIRECTORS' EMOLUMENTS AND EXPENSES

The Directors of the Company (who are also Trustees of the Charity and the key management personnel of the Company) received no remuneration or expenses payments from the Company for their services nor were any expenses paid on their behalf. The Directors' are also employees of fellow Group company Genome Research Ltd and are paid by that company. Staff costs disclosed in Note 7 do not include any remuneration in respect of the key management personnel. There were no Directors for whom retirement benefits are accruing under a money purchase or defined benefit scheme. The Company does not issue share options or offer any long-term incentive schemes.

4. INCOME FROM CHARITABLE ACTIVITIES

	Restricted Building Fund £000s	Unrestricted General Fund £000s	2018 Total £000s	Restricted Building Fund £000s	Unrestricted General Fund £000s	2017 Total £000s
