Joint Administrators' progress report for the period 25 February 2022 to 24 August 2022

Sutton Bridge Power Systems (London)
Limited - in Administration

21 September 2022

Deemed delivered: 21 September 2021

Notice to creditors

Please note that KPMG LLP sold its Restructuring practice in the UK to Interpath Ltd ('Interpath Advisory') on 4 May 2021. This will not have an impact on your day to day dealings of the administration of the Company and your case contacts remain the same. Please note that the contact details for your primary case contacts may have changed, please check the insolvency portal at www.ia-insolv.com/case+INTERPATH+SK82463345.html for the latest contact details.

This progress report provides an update on the administration of the Company.

We have included (Appendix 2) an account of all amounts received and payments made since the date of our appointment.

We have also explained our future strategy for the administration and how likely it is that we will be able to pay each class of creditor.

You will find other important information in this progress report such as the costs which we have incurred to date.

A glossary of the abbreviations used throughout this document is attached (Appendix 5).

Finally, we have provided answers to frequently asked questions and a glossary of insolvency terms on the following website, www.ia-insolv.com/case+INTERPATH+SK82463345.html.

We hope this is helpful to you.

Please also note that an important legal notice about this progress report is attached (Appendix 6).

1 Executive summary

This progress report covers the period from 25 February 2022 to 24 August 2022.

The Directors appointed us, James Tucker and David Pike, as Joint Administrators of the Company on 25 August 2020. As stated in our previous reports the key asset of the Company is its investment in Sutton Bridge Power Generation ("SBPG"), an operating entity within the Group which was previously in administration. The assets of SBPG were being preserved in a dormant state while the Joint Administrators of SBPG assessed the potential options to maximise returns to its creditors. (Section 2 - Progress to date).

The preferred option of the Administrators of SBPG was a proposal to creditors for a Company Voluntary Arrangement ('CVA') at SBPG to enable SBPG to exit from Administration and return to solvency by way of compromise of the unsecured creditors. The CVAs were approved by the creditors on 24 December 2020 and by the shareholders on 29 December 2020. The Joint Administrators of SBPG exited office and the administration was closed on 26 March 2021, at which point they returned control of the operating company SBPG to the directors. Subsequently, as stated above after a first and final distribution to the Compromised Creditors the CVAs were terminated on 11 February 2022. The Directors of SBPG will progress the strategy for the Operating assets, which could include the sale of the shares which the Company holds in SBPG and will need the support of the Administrators to execute any transaction. As Administrators of the holding company our key role is to continue to preserve optionality for maximising the value of the assets in the subsidiaries for the creditors. The Administrators will work with the Directors and other stakeholders to deliver this transaction along the timeline which is currently being further developed with the key stakeholders. (Section 2 - Progress to date).

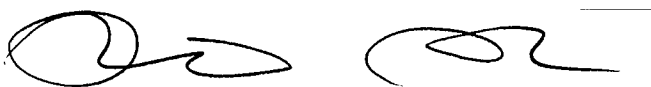

At this time, it is not possible to comment on the likely ultimate outcome to the Secured Lender as this will be dependent on the realisation of the assets and the structure of any acquisition. The outcome from previous M&A processes suggested a significant shortfall to the Secured Lender. (Section 3 - Dividend prospects).

The Company did not have any employees, accordingly we are not aware of any preferential creditors (Section 3 - Dividend prospects).

We are not aware of any unsecured creditor claims against the Company (Section 3 - Dividend prospects).

During the period, an application was made to the Court, and we were granted a 24-month extension to the period of the administration

Please note: you should read this progress report in conjunction with our previous progress reports and proposals issued to the Company's creditors which can be found at www.ia-insolv.com/case+INTERPATH+SK82463345.html. Unless stated otherwise, all amounts in this progress report and appendices are stated net of VAT.

David Pike
Joint Administrator

2 Progress to date

This section updates you on our strategy for the administration and on our progress to date. It follows the information provided in our previous progress report.

2.1 Strategy and progress to date

Strategy

Once it became clear that the Group would not be able to avoid administration, the strategy, at first for the Company and subsequently for us, has been to protect the assets such that future value could be preserved, with the key asset of the Company being its investment in SBPG.

Due to the status of the Company i.e. it is a holding company within the Group, the primary focus of our work since appointment relates to fulfilling statutory duties and ongoing discussions with the directors of SBPG and certain other stakeholders.

Investment in SBPG

The Company holds the majority of the shares in SBPG, an operating entity within the Group which also entered into administration on 24 August 2020. SBPG facilitates the ongoing operations and day to day trading of Sutton Bridge Power Station.

The assets of SBPG are being preserved in a dormant state while the directors of SBPG assess the potential options to maximise returns to its creditors.

In order to streamline the group and rationalise holding costs, the Joint Administrators of the Company are working with the stakeholders, including CLMG and the Secured Lender to agree the form of transaction that will be implemented to realise the underlying assets. This will likely be implemented in the next few months and enable the Company to exit Administration by way of dissolution in due course.

Intercompany loans

Intercompany loan balances are due from various companies that are in insolvency and those would rank as unsecured creditor claims against those estates. Intercompany claims and balances around the various entities will be collected to the extent realisations are available in those entities.

Funding agreement

We, the Company itself and other entities within the Group entered into an Administration funding agreement with CLMG for funding of approximately £9.7m to meet the operating costs and expenses of preserving value in the business and assets in the administrations of the Group from 24 August 2020 (date of commencement of the administration) to cover an initial period to 30 November 2020.

For this Company, it is not expected there will be a prescribed part available to creditors. The terms of the agreement are such that if any funds remain at the end of the preservation period, these funds will be returned to the Secured Lender (as administration funding provider) and will not form an asset of the respective

administration estates. As the CVA's have now been fully implemented the remaining funds for those companies have been returned to the Secured Lender. There remain funds available in this Company to fund the costs of the Administration from the 'Beal Contribution' and the 'Non-CVA company' funding noted in the R&P.

2.2 Asset realisations

Realisations during the period are set out in the attached receipts and payments account (Appendix 2).

There have been no significant realisations during the period.

Investigations

We have continued to review the affairs of the Company to find out if there are any actions which can be taken against third parties to increase recoveries for creditors.

We have complied with the relevant statutory requirements by submitting the online director conduct assessment to the Department for Business, Energy and Industrial Strategy. The contents of our submission are confidential.

2.3 Costs

Payments made in this period are set out in the attached receipts and payments account (Appendix 2).

Summaries of the most significant payments made during the period are provided below.

Legal fees

During the period we have paid legal costs of £13,386 in relation to legal advice received on various administration matters, including in relation to the extension of the administration via the court.

2.4 Schedule of expenses

We have detailed the costs incurred during the period, whether paid or unpaid, in the schedule of expenses attached (Appendix 3).

Administrator's fees

During the period, £19,184 has been incurred but not yet paid which relate to the Administrator's fees.

3 Dividend prospects

3.1 Secured creditors

The Company's primary Secured Lender is Beal Bank USA who holds fixed and floating charges over the Group and its assets.

At the time of appointment, their secured indebtedness, excluding interest, totalled approximately \$430 million (c.£330 million) consisting of a combination of loans, cash collateral and a revolving credit facility, all of which were fully drawn.

There were no balances due to FX or commodity hedge counterparties under the Intercreditor Deed ranking as Senior Creditors on appointment of Administrators at the Company and as such were not included on the directors Statement of Affairs. However, by virtue of claims arising under certain Gas Supply Agreements and the Company being party to the Intercreditor Deed, Macquarie Bank Limited (MBL) are a senior secured creditor of the Company in respect of liabilities falling due since the appointment of Administrators. As at the date of this report, amounts fallen due to MBL across the group are approximately £6 million.

Pinsent Masons LLP, solicitors, have been engaged to complete a validity of security review including an analysis on each respective security. The security review has confirmed the validity of the security granted in favour of the Secured Lender.

The return to the Secured Lender will be dependent on the sale of business process and the structure of any sale of the Company's and the Group's assets. This will, amongst other factors, be further impacted by whether a CVA is implemented. We do not expect there to be sufficient asset realisations to allow the Secured Lender to be paid in full.

3.2 Preferential creditors

We are not aware of any preferential claims against the Company.

3.3 Unsecured creditors

We are not aware of any unsecured claims against the Company.

4 Joint Administrators' remuneration, expenses and pre-administration costs

Joint Administrators' remuneration and expenses

As previously reported, the Secured Lender provided approval that:

our remuneration will be drawn on the basis of time properly given by us and the various grades of our staff in accordance with the fees estimate provided with the proposal and Interpath's usual charge-out rates for work of this nature.

Category 2 expenses (as defined in Statement of Insolvency Practice 9) will be charged and drawn in accordance with Interpath Advisory's policy as set out in Appendix 4.

Time costs

From 25 February 2022 to 24 August 2022, we have incurred time costs of £19,184. These represent 36 hours at an average rate of £531 per hour.

From the date of our appointment to 24 August 2022, we have incurred time costs of £66,527. These represent 142 hours at an average rate of £468 per hour.

Please see detailed analysis of the time spent and a narrative description of the work performed (Appendix 4) and in our previous progress reports.

Remuneration

During the period, we have not drawn any remuneration.

Administrators' Expenses

No expenses have been incurred in the period.

Additional information

We have attached (Appendix 4) an analysis of the time spent, the charge-out rates for each grade of staff and the expenses paid directly by Interpath for the period from 25 February 2022 to 24 August 2022. We have also attached our charging and expenses policy.

4.1 Pre-administration costs

We disclosed the following pre-administration costs, which were unpaid at the date of our appointment, in our proposals. We have approval from the Secured Lender to pay these pre-administration costs as an expense of the administration:

Legal fees	-	19,712.65	-	-	19,712.65
Total	-	19,712.65	-	-	19,712.65

The outstanding pre-administration costs are expected to be settled in the next reporting period.

5 Future strategy

5.1 Future conduct of the administration

We will continue to manage the affairs, the business and the property of the Company in order to achieve the purpose of the administration. This will include but not be limited to:

- Review the structure of any transactions with the key stakeholders;
- Completing administration Corporation tax returns and VAT returns and identify opportunities to utilise any tax losses to reduce the Company and the wider Group's tax liability;
- Paying of the costs of the administration, including the Joint Administrators' remuneration and expenses;
- Completing all statutory and compliance matters; and
- Seek exit of the Company via a dissolution.

5.2 Extension of the administration

During the period the Court granted a 24 month extension to the period of the administration.

The administration is currently due to end on 24 August 2024.

5.3 Future reporting

We will provide a further progress report within one month of 24 February 2023 or earlier if the administration has been completed prior to that time.

Creditors' requests for further information

If you would like to request more information about our remuneration and expenses disclosed in this progress report, you must do so in writing within 21 days of receiving this progress report.

Requests from unsecured creditors must be made with the concurrence of at least 5% in value of unsecured creditors (including, the unsecured creditor making the request) or with the permission of the Court.

Creditors' right to challenge our remuneration and expenses

If you wish to challenge the basis of our remuneration, the remuneration charged, or the expenses incurred during the period covered by this progress report, you must do so by making an application to Court within eight weeks of receiving this progress report.

Applications by unsecured creditors must be made with concurrence of at least 10% in value of unsecured creditors (including the unsecured creditor making the challenge) or with the permission of the Court.

The full text of the relevant rules can be provided on request by writing to Joanne Lawlor at 10 Fleet Place, London, EC4M 7RB.

Appendix 4 Joint Administrators' charging and expenses policy

Joint Administrators' charging policy

The time charged to the administration is by reference to the time properly given by us and our staff in attending to matters arising in the administration. This includes work undertaken in respect of in-house Interpath Advisory tax, VAT and employee specialists.

Our policy is to delegate tasks in the administration to appropriate members of staff considering their level of experience and requisite specialist knowledge, supervised accordingly, so as to maximise the cost effectiveness of the work performed. Matters of particular complexity or significance requiring more exceptional responsibility are dealt with by senior staff or us.

A copy of "A Creditors' Guide to Joint Administrators Fees" from Statement of Insolvency Practice 9 ('SIP 9') produced by the Association of Business Recovery Professionals is available at:

<https://www.r3.org.uk/technical-library/england-wales/technical-guidance/fees/more/29113/page/1/guide-to-administrators-fees/>

If you are unable to access this guide and would like a copy, please contact Joanne Lawlor on 0203 989 2768.

Hourly rates

Set out below are the relevant hourly charge-out rates for the grades of our staff actually or likely to be involved on this administration. Time is charged by reference to actual work carried out on the administration; using a minimum time unit of six minutes.

All staff who have worked on the administration, including cashiers and secretarial staff, have charged time directly to the administration and are included in the analysis of time spent. The cost of staff employed in central administration functions is not charged directly to the administration but is reflected in the general level of charge-out rates.

Managing Director	985	985
Director	910	910
Senior Manager	810	810
Manager	650	650
Senior Associate	475	475
Associate	350	350
Support	475	165

Table of charge-out rates

The charge-out rates used by us might periodically rise (for example to cover annual inflationary cost increases) over the period of the administration. In our next statutory report, we will inform creditors of any material amendments to these rates.

Policy for the recovery of expenses

Where funds permit the officeholders will seek to recover both Category 1 and Category 2 expenses from the estate. For the avoidance of doubt, such expenses are defined within SIP 9 as follows:

Expenses: These are any payments which are neither an office holder's remuneration nor a distribution to a creditor or a member. Expenses also includes disbursements which are payments first met by the office holder, and then reimbursed to the office holder from the estate.

Category 1 expenses: These are payments to persons providing the service to which the expense relates who are not an associate of the office holder. These may include, for example, advertising, room hire, storage, postage, telephone charges, travel expenses, and equivalent costs reimbursed to the officeholder or his or her staff.

Category 2 expenses: These are payments to associates or which have an element of shared costs. They may include shared or allocated costs that can be allocated to the appointment on a proper and reasonable basis, for example, business mileage.

Associates: are defined in the insolvency legislation but also extends to parties where a reasonable and informed third party might consider there would be an association between the third party and the office holder or their firm.

Category 2 expenses charged by Interpath Restructuring include mileage. This is calculated as follows:

Mileage claims fall into three categories:

Use of privately-owned vehicle or car cash alternative – 45p per mile.

Use of company car – 60p per mile.

Use of partner's car – 60p per mile.

For all of the above car types, when carrying Interpath passengers an additional 5p per mile per passenger will also be charged where appropriate.

There were no expenses incurred during the period 25 February 2022 to 24 August 2022.

We have the authority to pay Category 1 expenses without the need for any prior approval from the creditors of the Company.

Narrative of work carried out for the period 25 February 2022 to 24 August 2022
